

Wood Cottage Nursery. Plant Encyclopedia

Abelia chinensis	A deciduous spreading shrub with funnel-shaped white flowers.
Abelia 'Edward Goucher'	A semi-evergreen arching shrub with delicate lilac-pink flowers in summer.
Abelia x grandiflora 'Goldsport'	A semi-evergreen shrub with yellow foliage. Flowers white with a pink tinge.
Abelia x grandiflora 'Francis Mason'	A semi-evergreen shrub with yellow foliage marked with dark green. Flowers white with a pink tinge.
Abelia x grandiflora	A semi-evergreen shrub with glossy green leaves and fragrant white flowers tinged with pink.
Abeliophyllum distichum Roseum	A deciduous shrub with dark green leaves turning purple in Autumn. With racemes of small fragrant rose pink tinged flowers early spring.
Abutilon megapotamicum 'Variegatum'	A semi-evergreen shrub with arching stems of mottled yellow leaves. Pendent bell-shaped flowers of red and yellow.
Abutilon 'Kentish Belle'	A semi-evergreen shrub with arching stems of dark green leaves. Pendent bell-shaped yellow flowers.
Abutilon megapotamicum	A semi-evergreen shrub with arching stems of bright green leaves. Pendent bell-shaped flowers of red and yellow.
Acacia dealbata	An open evergreen tree with fern-like, glaucous to silvery hairy leaves. Long racemes of round, fragrant yellow flowerheads.
Acaena buchananii	A fast -growing evergreen forming an apple-green mat with greenish burrs.
Acanthus mollis	A clump-forming perennial with dark green leaves. Spikes of white flowers with purple bracts produced in summer. .
Acanthus spinosus Spinosissimus	A clump-forming perennial with prickly deeply cut, greyish green leaves. Spikes of pinkish mauve flowers.
Acanthus hungaricus	A clump-forming perennial with dark green leaves. Spikes of white-pink flowers with purple bracts produced in summer.
Acanthus spinosus	A clump-forming perennial with deeply cut, dark green leaves. Spikes of white flowers with purple bracts produced in summer. .
Acer platanoides 'Crimson King'	A vigorous spreading tree with dark purple-red leaves turning red in autumn. Bears small yellow red tinged flowers.
Acer negundo 'Flamingo'	A medium sized tree, leaves green margined with pink that turns white in summer.
Acer negundo 'Variegatum'	A medium sized tree, leaves green margined white.
Acer palmatum	A small rounded tree with bright green deeply lobed leaves.

Wood Cottage Nursery. Plant Encyclopedia

Acer palmatum f. atropurpureum	A large tree with deeply lobed red-purple leaves turning bright red in autumn.
Acer platanoides	A vigorous spreading tree with dark green leaves turning clear yellow in autumn. Bears small yellow flowers.
Acer pseudoplatanus 'Worley'	A medium tree with soft yellow-green leaves at first, turning green in summer. Attractive red stalks.
Acer campestre	A British native, medium sized tree with green leaves that turns yellow in autumn.
Acer platanoides 'Crimson Sentry'	A narrow upright tree with dark purple-red leaves turning red in autumn.
Acer platanoides 'Drummondii'	An attractive tree, leaves green with a white margin.
Acer pseudoplatanus	A large tree with dark green leaves. Yellow-green pendent flowers followed by red winged fruit.
Acer pseudoplatanus 'Brilliantissimum'	An attractive slow-growing small tree with bright pink leaves that turn yellow, then green in summer.
Acer pseudoplatanus 'Leopoldii'	The leaves are yellow-pink turning green speckled with yellow and pink.
Acer pseudoplatanus 'Simon-Louis Frères'	The leaves are pink turning green speckled with white in summer.
Acer Palmatum	
Achillea ptarmica	A perennial with dark green finely cut leaves. Bears loose off-white flowerheads.
Achillea millefolium 'Cerise Queen'	A perennial with dark green leaves. Bright magenta-pink flowerheads.
Achillea grandifolia	A perennial with grey-green leaves. Stout stems with white flowerheads.
Achillea millefolium	A perennial with green leaves. Flat flowerheads of red, pink or yellow.
Achillea millefolium 'Paprika'	A perennial with dark green leaves. Orange-red flowerheads fade with age.
Achillea 'Moonshine'	Evergreen, clump-forming, with grey-green leaves. Flowerheads are flat light yellow.
Achillea Millifolium Walther Funcke	Bright orange flowers
Achillea tomentosa 'Aurea'	A compact perennial. With woolly, grey-green leaves. Bright yellow flowerheads.
Achillea ptarmica The Pearl Group	A perennial with dark green finely cut leaves. Bears button-like, double white flowerheads.

Wood Cottage Nursery. Plant Encyclopedia

Achillea tomentosa	A mat-forming perennial with woolly, grey-green leaves. Lemon yellow flowerheads.
Achillea Millefolium Lilac Beauty	Pale lilac flower heads
Achillea Summer Pastels	Evergreen, clump-forming with grey-green leaves. Flowerheads of mixed colours.
Achillea filipendulina 'Cloth of Gold'	A perennial with light green aromatic ferny leaves. Clusters of golden yellow flowerheads produced in summer.
Achillea filipendulina 'Gold Plate'	A perennial with light green ferny aromatic leaves. Flat golden yellow flowerheads produced in summer.
Achillea millefolium 'Lilac Beauty'	A perennial with dark green leaves and lilac flowerheads. Free flowering.
Achillea 'Taygetea'	A clump-forming evergreen perennial with greyish green leaves. Bears flat pale, creamy yellow flowerheads.
Achillea ageratum	A spreading perennial with grey-white leaves. Yellowish white loose flowerheads produced in summer.
Achillea Millefolium Terracotta	Unusual brownish-orange flowers that fade through shades of golden yellow
Achillea millefolium Summerwine	Dep wine-red flower clusters. grey-green foliage.
Acidanthera Murielae	White with purple center
Aconitum napellus Blue Valley	
Aconitum carmichaelii	An erect perennial with dark green leaves and panicles of large, blue flowers.
Aconitum x cammarum 'Bicolor'	An upright perennial with dark green leaves. Dense spikes of blue and white flowers on arching stems.
Aconitum carmichaelii Wilsonii Group	An erect with light green leaves, branched panicles of light violet-blue flowers.
Aconitum 'Ivory'	An upright, bushy perennial with dense racemes of ivory-white flowers.
Aconitum napellus ssp. vulgare 'Albidum'	An upright perennial with dark green leaves. Dense spikes of grey-white flowers.
Aconitum napellus	An upright perennial with dark green leaves. Dense spikes of indigo-blue flowers.
Aconitum carmichaelii 'Arendsii'	An erect with dark green leaves, branched panicles of rich blue flowers.
Aconitum Cammarum Leonore	White with blue edge. hgt 100cms

Wood Cottage Nursery. Plant Encyclopedia

Aconitum Napellus Blue Valley	Nice blue flowers hgt.100cms.
Aconitum napellus ssp. vulgare 'Carneum'	An upright perennial with dark green leaves. Dense spikes of dusty pink flowers.
Aconitum 'Bressingham Spire'	An erect perennial with dark green leaves. Spikes of deep violet blue flowers.
Acorus gramineus	A semi-evergreen aquatic with fans of glossy narrow, rich green leaves.
Acorus gramineus 'Ogon'	A semi-evergreen aquatic with fans of glossy, narrow, variegated leaves striped with pale green and cream.
Acorus gramineus 'Variegatus'	A semi-evergreen aquatic with fans of glossy, narrow, variegated leaves striped with yellow and cream.
Acorus calamus	An herbaceous plant with thick creeping rhizomes. Swordlike upright green leaves Flower spike greenish yellow.
Acorus calamus 'Variegatus'	An aquatic plant with thick creeping rhizomes. Swordlike upright green leaves striped white and cream.
Actaea rubra	A clump-forming perennial with pinnate leaves Spherical racemes of white flowers followed by shiny red berries on green stalks.
Actaea alba	A clump-forming perennial with pinnate leaves Spherical racemes of white flowers followed by white berries with a black eye on red stalks.
Actinidia kolomikta	Attractive climber with dark green leaves, variegated with pink and white. Small cup-shaped, white flowers.
Adenophora bulleyana	An erect perennial with narrow green leaves, spikes of nodding funnel-shaped, pale to mid-blue flowers.
Adiantum venustum	A delicate evergreen fern, with triangular mid-green fronds, on black stalks.
Adiantum pedatum 'Japonicum'	A delicate fern, with reddish bronze young fronds maturing to pale green.
Adiantum pedatum	Deciduous fern with stout creeping rhizomes. Mid green fronds with glossy brown stalks.
Aethionema grandiflorum	A short-lived semi-evergreen subshrub with blue-green leaves. Profuse racemes of deep rose pink flowers.
Aethionema oppositifolium	A semi-evergreen cushion with blue-grey leaves. Small racemes of lavender pink flowers.
Aethionema 'Warley Rose'	A short-lived semi-evergreen subshrub with blue-grey leaves. Profuse racemes of rich pink flowers.
Agapanthus White Superior	Good white flowers hgt80cms.
Agapanthus campanulatus var. albidus	A clump-forming perennial with strap-shaped deep green leaves. Rounded clusters of bell-shaped, white flowers.

Wood Cottage Nursery. Plant Encyclopedia

Agapanthus campanulatus	A clump-forming perennial with strap-shaped deep green leaves. Rounded clusters of bell-shaped, light to deep-blue flowers, sometimes white.
Agapanthus 'Bressingham White'	A clump-forming perennial with strap-shaped deep green leaves. Clusters of open trumpet-shaped white flowers.
Agapanthus Blue Globe	Large blue flowers. hgt 100cms.
Agapanthus Royal Blue	
Agastache rugosa	An upright, bushy perennial, with sticky leaves. Spikes of pink or mauve flowers.
Agastache foeniculum 'Alabaster'	Erect aniseed-scented perennial, with downy leaves, whitish green beneath. Dense spikes of white flowers.
Agastache foeniculum	An erect aniseed-scented perennial, with downy leaves, whitish green beneath. Dense spikes of blue flowers.
Agastache 'Firebird'	An upright bushy perennial with aromatic, glaucous leaves. Loose spikes of copper flowers.
Ajuga reptans 'Burgundy Glow'	Creeping semi-evergreen alpine with red, bronze and cream leaves and spike-like light blue flowers.
Ajuga reptans 'Atropurpurea'	Creeping semi-evergreen with purple leaves and spike-like blue flowers.
Ajuga reptans 'Catlin's Giant'	Creeping semi-evergreen alpine with large dark bronze-purple leaves and spike-like blue flowers.
Ajuga reptans 'Multicolor'/ 'Rainbow'/ 'Tricolor'	Creeping semi-evergreen alpine with dark bronze-green leaves marked cream and pink. Spike-like blue flowers.
Ajuga reptans	Creeping semi-evergreen green leaves Spike-like dark-blue flowers.
Akebia quinata	A semi-evergreen climber. Attractive dark green leaves above blue-green beneath, purple tinged in winter.
Alcea rugosa	An upright perennial with deeply lobed green leaves. Flowers yellow or golden yellow.
Alcea rosea 'Nigra'	Vigorous, upright perennial with rounded light green leaves. Flowers deepest purple almost black.
Alcea rosea Chater's Double Group	Vigorous, upright perennial with rounded light green leaves. Bears full double flowers in a range of colours.
Alchemilla mollis	A clump-forming perennial. Shallowly lobed, sharp-toothed, hairy pale-green leaves. Loose tiny yellow-green flowers.
Allium hollandicum 'Purple Sensation'	A bulbous perennial with strap-shaped leaves. Dense umbels of star-shaped, violet-purple flowers.
Allium cristophii	A bulbous perennial with grey-green leaves. Large umbels of star-shaped, pink-purple flowers on stiff stems. Leaves die down before flowers.

Wood Cottage Nursery. Plant Encyclopedia

<i>Allium giganteum</i>	A bulbous perennial with strap-shaped leaves. Dense ball of star-shaped, lilac-pink flowers.
<i>Allium sikkimense</i>	A slender bulbous perennial, mid-green leaves. Bears nodding umbels of bell-shaped bright blue flowers.
<i>Alonosa meridionalis</i> Shell pink	
<i>Alonsoa meridionalis</i> Cinnabar Red	
<i>Alstroemeria ligtu</i> hybrids	Tuberous perennial. Flower colour varies considerably with the inner petals usually marked.
<i>Alstroemeria psittacina</i>	Tuberous perennial with mauve spotted stems. Flowers green overlaid with deep red.
<i>Alyssum montanum</i> 'Berggold' MOUNTAIN GOLD	An evergreen mat-forming with rosettes of grey leaves. Racemes of fragrant golden yellow flowers.
<i>Alyssum Saxtile</i>	Yellow flowers hgt 30cm
<i>Amelanchier lamarckii</i>	Upright-stemmed shrub with mid-green leaves. Racemes of white flowers followed by purple-black fruit.
<i>Amelanchier canadensis</i>	Dense, erect, suckering shrub with mid-green leaves. Racemes of white flowers followed by blue-black fruit.
<i>Anacyclus pyrethrum</i> var. <i>depressus</i>	A mat-forming perennial with grey-green deeply cut rosettes of leaves. Bears many daisy-like white flowers, with red on the reverse. Protect from winter wet.
<i>Anaphalis triplinervis</i>	A clump-forming perennial with spoon-shaped pale grey-green, white-woolly leaves. Domed clusters of yellow flowerheads surrounded by white bracts.
<i>Anaphalis margaritacea</i>	A clump-forming perennial with erect stems of lance-shaped mid-green leaves, white-woolly beneath. Dense clusters of yellow flowerheads surrounded by white bracts.
<i>Anchusa azurea</i> 'Loddon Royalist'	Sturdy, clump-forming perennial with basal lance-shaped, stiffly hairy, green leaves. Branching panicles of bright, deep blue flowers.
<i>Anchusa azurea</i> 'Feltham Pride'	Compact, clump-forming perennial with basal lance-shaped, stiffly hairy, green leaves. Branching panicles of bright blue flowers.
<i>Anemone tomentosa</i> 'Robustissima'	Clump-forming perennial with mid-green deeply cut leaves, veined and white-woolly on the reverse. Branched stems bear clusters of pale pink flowers.
<i>Anemone hupehensis</i> 'Hadspen Abundance'	Erect perennial with suckering shoots, dark green leaves. Flowers dark pink with yellow stamens.
<i>Anemone hupehensis</i> var. <i>japonica</i>	Erect perennial with suckering shoots, dark green leaves. Flowers creamy pink.
<i>Anemone hupehensis</i> var. <i>japonica</i> 'Prinz Heinrich'	Erect perennial with suckering shoots, dark green leaves. Flowers semi-double dark pink.
<i>Anemone hupehensis</i> 'Praecox'	Erect perennial with suckering shoots, dark green leaves. Flowers purple-pink.

Wood Cottage Nursery. Plant Encyclopedia

Anemone hupehensis 'September Charm'	Erect perennial with suckering shoots, dark green leaves. Flowers pale pink.
Anemone hupehensis 'Splendens'	Erect perennial with suckering shoots, dark green leaves. Flowers bright pink.
Anemone x hybrida	Erect perennial with suckering shoots, mid-green leaves. Flowers semi-double, pale pink.
Anemone x hybrida 'Königin Charlotte'/ QUEEN CHARLOTTE	Erect perennial with suckering shoots, mid-green leaves. Large semi-double pink flowers.
Anemone x hybrida 'Richard Ahrens'	Erect perennial with suckering shoots, mid-green leaves. Pale violet-purple flowers.
Anemone x hybrida 'Pamina'	Small neat perennial with suckering shoots, mid-green leaves. Flowers deep pink, upward facing.
Anemone x hybrida 'Whirlwind'/ WIRBELWIND	Erect perennial with suckering shoots, mid-green leaves. Semi-double white flowers.
Anemone sylvestris	Clump-forming perennial with mid-green deeply cut leaves. Solitary, semi-pendent white flowers with golden yellow stamens.
Anemone 'Andrea Atkinson'	Erect perennial with suckering shoots, mid-green leaves. Very large single white flowers, pink-tinged on reverse, with golden yellow stamens.
Angelica gigas	Clump-forming biennial or short-lived perennial with mid-green leaves. Attractive dense, purple bracted umbels of rich, dark purple flowers on dark red stems.
Anigozanthos Flavidus Opal	HALF HARDY. Common name Kangaroo Paws. Yellow flower with red markings at base
Anomatheca laxa var. alba	A pretty alpine with fans of sword-shaped green leaves and large white flowers in summer.
Anomatheca laxa	A pretty alpine with fans of sword-shaped green leaves and large red flowers in summer.
Antennaria dioica	A mat-forming alpine with grey-green leaves, white-hairy beneath. Clusters of white or pale pink flowers from late spring to early summer.
Antennaria parvifolia	A mat-forming alpine with white-woolly, green leaves. Clusters of white to pink flowers, yellowish when dry from late spring to early summer.
Antennaria microphylla	A mat-forming alpine with grey-green leaves, white-hairy beneath. Clusters of reddish pink flowers from late spring to early summer.
Anthemis tinctoria 'Kelwayi'	Clump-forming, free flowering perennial, leaves mid-green above and grey beneath. Branching stems of golden orange flowerheads.
Anthemis sancti-johannis	Clump-forming short-lived perennial with dense grey-hairy leaves and bright orange flowers.
Anthemis tinctoria	Clump-forming free-flowering perennial, leaves mid-green above and grey beneath. Solitary, golden yellow to cream flowerheads.
Anthemis tinctoria 'Alba'	Clump-forming free flowering perennial, leaves mid-green above and grey beneath. Branching stems of solitary, creamy white flowerheads.

Wood Cottage Nursery. Plant Encyclopedia

<i>Anthemis tinctoria</i> 'E C Buxton'	Clump-forming, free flowering perennial, leaves mid-green above and grey beneath. Branching stems of attractive lemon-yellow flowers.
<i>Anthemis tinctoria</i> 'Sauce Hollandaise'	Clump-forming, free flowering perennial, leaves mid-green above and grey beneath. Branching stems of pale cream, almost white flowerheads.
<i>Anthemis tinctoria</i> 'Wargrave'	Clump-forming, free flowering perennial, leaves mid-green above and grey beneath. Branching stems of pale yellow flowerheads.
<i>Anthemis Nobilis</i> white	light green foliage white flowers july-aug. hgt 30cms
<i>Anthriscus sylvestris</i> 'Ravenswing'	Clump-forming perennial with attractive purple leaves, umbels of white flowers. Self-seeds.
<i>Aquilegia flabellata</i> var. <i>pumila</i>	Upright perennial, bluish green leaves, divided into leaflets. Graceful, soft blue-purple flowers tipped white.
<i>Aquilegia Vulgaris</i> Black Barlow	fully double violet-black flowers
<i>Aquilegia</i> Crimson star	Crimson flowers with white corolla. hgt60cms.
<i>Aquilegia</i> White Star	Creamy-white flowers on long stems
<i>Aquilegia alpina</i>	Upright perennial, bluish-green leaves, divided into leaflets. Nodding, soft blue flowers with curving spurs.
<i>Aquilegia chrysantha</i> Wiloporm	Upright perennial, mid-green leaves, divided into leaflets. Nodding pale and golden yellow flowers.
<i>Aquilegia</i> 'Dragonfly'	Upright perennial, green leaves, divided into leaflets. Nodding colourful flowers.
<i>Aquilegia flabellata</i>	Upright perennial, bluish green leaves, divided into leaflets. Nodding, soft blue-purple flowers tipped white.
<i>Aquilegia vulgaris</i> Ruby Port	Nodding double ruby-red flowers on red stems
<i>Aquilegia flabellata</i> 'Ministar'	Upright perennial, bluish green leaves, divided into leaflets. Nodding, blue flowers with white centres.
<i>Aquilegia flabellata</i> var. <i>pumila</i> f. <i>alba</i>	Compact upright perennial, bluish green leaves, divided into leaflets. Nodding, white flowers.
<i>Aquilegia skinneri</i>	Perennial with deeply divided bluish green leaves, Bright orange-red flowers.
<i>Aquilegia vulgaris</i>	Perennial with deeply divided mid-green leaves, Pendent flowers with short, hooked spurs. Mixed colours.
<i>Aquilegia vulgaris</i> 'Nora Barlow'	Perennial with deeply divided grey-green leaves, Pendent double pompon flowers in pale green and red.
<i>Aquilegia vulgaris</i> 'William Guinness'/Magpie	Perennial with deeply divided grey-green leaves Attractive dark purple flowers with white centres.

Wood Cottage Nursery. Plant Encyclopedia

<i>Aquilegia flabellata</i> f. <i>alba</i>	Upright perennial, bluish green leaves, divided into leaflets. Nodding, white flowers.
<i>Aquilegia</i> McKana Hybrids	Upright perennial, bluish-green leaves, divided into leaflets. Flowers a variety of mixed colours.
<i>Arabis ferdinandi-coburgi</i> 'Old Gold'	Mat-forming evergreen with flat rosettes of golden green leaves, with white flowers.
<i>Arabis</i> Spring Charm	
<i>Arabis alpina</i> Rosea	Delicate pink flowers
<i>Arabis alpina</i> ssp. <i>caucasica</i> 'Variegata'	Mat-forming evergreen with loose rosettes of toothed green leaves, margined pale yellow with white flowers.
<i>Arbutus unedo</i>	A shrubby evergreen tree with interesting red shedding bark. Small white pink tinged flowers with red strawberry like fruits in autumn.
<i>Arenaria montana</i>	Low-growing evergreen, greyish green leaves, cup-shaped white flowers.
<i>Armeria alliacea</i> Formosa Hybrids	Cushion-forming with linear leaves, bears rounded pink flowerheads on wiry stems.
<i>Armeria juniperifolia</i> 'Alba'	Cushion-forming with linear, hairy, grey-green leaves, bears pure white flowerheads.
<i>Armeria Caespitosa</i> Sea Pink	short needle like foliage soft pink flower head
<i>Armeria maritima</i> 'Alba'	Cushion-forming with linear dark green leaves, white flowerheads.
<i>Armeria maritima</i> 'Splendens'	Cushion-forming with linear dark green leaves, bright carmine pink flowerheads.
<i>Armoracia rusticana</i> 'Variegata'	Clump-forming perennial with long, puckered, dark green leaves, splashed and streaked cream. Rising from the fleshy roots, panicles of white flowers.
<i>Aronia arbutifolia</i>	Erect shrub with ovate dark green leaves, turning orange, red and yellow in autumn. White flowers followed by red berries.
<i>Arrhenatherum elatius</i> ssp. <i>bulbosum</i> 'Variegatum'	Perennial with chains of small bulbs, leaves narrow, green with bold, white-striped margins. Panicles green oat-like spikelets.
<i>Artemisia</i> Hybrid Oriental Limelight	Tall with finely cut variegated foliage in yellow and green. plumes of tiny yellow-white flowers
<i>Artemisia abrotanum</i>	Erect perennial with aromatic, grey-green thread-like leaves. Dense panicles of yellowish grey flowers.
<i>Artemisia absinthium</i> 'Lambrook Silver'	Woody-based perennial with silky-hairy, silver-grey, deeply divided leaves. Loose panicles of greyish yellow flowerheads.
<i>Artemisia lactiflora</i>	Clump-forming perennial with dark green leaves. Panicles of creamy white flowerheads.

Wood Cottage Nursery. Plant Encyclopedia

<i>Artemisia lactiflora</i> Guizhou Group	Clump-forming perennial with purple-flushed green leaves and stems. Panicles of creamy white flowerheads.
<i>Artemisia absinthium</i>	Woody-based perennial with silky-hairy, silver-grey leaves. Loose panicles of greyish yellow flowerheads.
<i>Artemisia ludoviciana</i>	Clump-forming perennial with , silvery white leaves. Densely white-woolly panicles of yellow flowerheads.
<i>Artemisia ludoviciana</i> 'Silver Queen'	Clump-forming perennial with , silvery white large leaves. Densely white-woolly panicles of yellow flowerheads.
<i>Artemisia ludoviciana</i> 'Valerie Finnis'	Clump-forming perennial with , silvery grey leaves with sharply cut margins. Densely white-woolly panicles of yellow flowerheads.
<i>Artemisia pontica</i>	Vigorous erect perennial with greyish green ferny leaves. panicles of greyish yellow flowerheads.
<i>Artemisia</i> 'Powis Castle'	Woody-based perennial with feathery, silver-grey leaves. Panicles of silver yellow-tinged flowerheads.
<i>Artemisia vulgaris</i> 'Variegata'	Low evergreen perennial with jagged green foliage edged silver, panicles of creamy white flowerheads.
<i>Aruncus dioicus</i> 'Kneiffii'	Perennial with very finely divided, fern-like leaves. Nodding creamy white flowers on arching stems.
<i>Aruncus Sylvester</i>	large upright creamy-white flowers s. thrives in moist partially shaded areas
<i>Aruncus aethusifolius</i>	Perennial with deeply cut mid-green leaves. Attractive loose panicles of creamy white flowers.
<i>Aruncus dioicus</i>	Perennial with fern-like mid-green leaves. Attractive loose, pyramidal, panicles of creamy white flowers.
<i>Aruncus dioicus</i> 'Glasnevin'	Perennial with fern-like mid-green leaves. Attractive erect panicles of creamy white flowers.
<i>Aruncus Diocus</i> Kneiffii	Creamy-white flowers with finely cut foliage hgt 100cms.
<i>Aruncus Aethusifolius</i>	Creamy-white flowers a good short form hgt 40cms.
<i>Arundo donax</i> var. <i>versicolor</i>	Stout stems of arching, green white-striped bamboo-like foliage. Panicles of green to purple spikelets.
<i>Arundo donax</i>	Stout stems of arching, green bamboo-like foliage. Panicles of green to purple spikelets.
<i>Asarina procumbens</i>	Trailing evergreen with hairy, grey-green leaves Attractive pale yellow "snapdragon" flowers with deep yellow throats and purple veining.
<i>Asclepias tuberosa</i>	Tuberous perennial with stout stems of spirally arranged, lance-shaped mid-green leaves. Clusters of orange-red flowers, followed by fruit.
<i>Asclepias incarnata</i>	Thick-stemmed perennial with dense branches of mid-green leaves. Clustered umbels of pinkish purple flowers.

Wood Cottage Nursery. Plant Encyclopedia

Asclepias Incarnata Soul Mate	White flowers set in red bracts
Asphodeline lutea	Clump-forming with narrowly triangular, blue-green leaves. Attractive flower spikes of yellow, striped green.
Asplenium trichomanes	Native maidenhair spleenwort with black stems which carry lots of small glossy light green leaves in pairs along its entire length.
Asplenium scolopendrium	Evergreen shuttlecock-like crowns of bright, glossy green, often waved, fronds, heart-shaped at the base.
Asplenium scolopendrium Cristatum Group	Evergreen strap-like, bright green fronds that are crested at the tips.
Aster Happy end pink	Rose coloured flowers. hgt 25cms
Aster Dandy	Dwarf variety hgt. 30cms. Purple-red flowers
Aster Chatterbox	Pink daisy-like flowers hgt40cms.
Aster Benarys composition	Mixture for cut flowers hgt140cms
Aster novi-belgii 'Lady in Blue'	Clump forming bushy perennial with green leaves. Stems of mauve-blue flowerheads.
Aster sedifolius	Clump forming bushy perennial with green leaves. Sprays of lilac flowers with yellow centres.
Aster novi-belgii 'Snowsprite'	Clump forming perennial with green leaves. Flowers pink budded opening to white.
Aster tradescantii	Clump forming tall perennial with narrow dark green leaves and clouds of tiny white flowers with a yellow centre.
Aster x frikartii	Upright, perennial with dark green leaves. Bears light to dark violet-blue flowerheads.
Aster divaricatus	Clump forming perennial with wiry blackish stems, green leaves. Open white flowerheads with brownish yellow centres.
Aster novi-belgii 'Jenny'	Clump forming perennial with green leaves. Stems of double red-purple flowerheads.
Aster novi-belgii 'Audrey'	Clump forming perennial with green leaves. Stems of lavender-blue flowerheads.
Aster lateriflorus 'Horizontalis'	Clump forming bushy perennial with green leaves. Spreading branches of white, sometimes pink-tinged flowers with pink-brown centres.
Aster x frikartii 'Wunder von Stäfa'	Upright, perennial with dark green leaves. Bears long lasting blue flowerheads on stout stems.
Aster amellus 'Rudolph Goethe'	Clump forming perennial with green leaves. Deep lavender-blue flowerheads.

Wood Cottage Nursery. Plant Encyclopedia

Aster alpinus	Clump forming perennial with green leaves. Flowerheads violet with a yellow centre.
Aster Normans Julile	Purple daisy like flowers. hgt40cms.
Aster x frikartii 'Mönch'	Upright, perennial with dark green leaves. Bears long lasting clear lavender-blue flowerheads on stout stems.
Aster novi-belgii 'Little Pink Beauty'	Clump forming perennial with green leaves. Stems of semi-double, soft pink flowerheads.
Astilbe japonica 'Deutschland'	Vigorous perennial with handsome foliage. Plumes of pure white flowers.
Astilbe x arendsii 'Snowdrift'	Clump-forming perennial with handsome dark green foliage. Feathery spikes of white flowers.
Astilbe davidii 'Jo Ophorst'	Clump-forming perennial with handsome green foliage. Elegant plumes of deep rosy lilac flowers.
Astilbe x arendsii 'Granat'	Clump-forming perennial with handsome dark-green foliage. Plumes of deep red flowers.
Astilbe x arendsii 'Amethyst'	Clump-forming perennial with handsome green foliage. Open plumes of lilac-pink flowers.
Astilbe simplicifolia 'Sprite'	Clump-forming perennial with handsome dark green foliage. Feathery spikes of shell pink flowers.
Astilbe chinensis 'Finale'	Clump-forming perennial with handsome dark green foliage. Feathery spikes of bright pink flowers.
Astilbe x arendsii 'Fanal'	Clump-forming perennial with handsome dark green foliage. Plumes of dark crimson flowers.
Astilbe japonica 'Etna'	Clump-forming perennial with handsome dark green foliage. Feathery plumes of red flowers.
Astilbe chinensis var. pumila	Vigorous perennial with handsome red- green leaves. Conical plumes of reddish pink flowers.
Astrantia major 'Ruby Wedding'	Clump-forming perennial with lobed green leaves. Attractive dark crimson flowers.
Astrantia major rubra	Clump-forming perennial with lobed green leaves. Attractive deep rose-red flowers.
Astrantia Major Primadonna	Whitish pink veined flower heads, hgt60cms
Astrantia major rosea	Clump-forming perennial with lobed green leaves. Attractive deep rose-red bracts surround the flowers.
Astrantia major 'Lars'	Clump-forming perennial with lobed green leaves. Attractive ruby pink flowers.
Astrantia major alba	Clump-forming perennial with lobed green leaves. Attractive white bracts surround the flowers.

Wood Cottage Nursery. Plant Encyclopedia

Astrantia major	Clump-forming perennial with lobed green leaves. Attractive green-veined white bracts surround the small flowers.
Astrantis Major Ruby Cloud	Raspberry red flowers, light shiny foliage.hgt 35cms
Athyrium niponicum var. pictum	Beautiful fern with wine-red leaf stalks and metallic grey-blue finely cut fronds.
Athyrium otophorum var. okanum	Handsome broad arching fronds are silvered with red-flushed frond midribs.
Athyrium felix-femina 'Frizelliae'	Distinctive fern with delicate small rounded fronds with fingered edges are arranged on long thin stalks.
Athyrium felix-femina Cristatum Group	Handsome fern with upright delicate, finely cut, shuttlecock-like fronds, often crested in light green.
Athyrium felix-femina	Handsome fern with upright shuttlecock-like fronds in light green.
Aubrieta 'Aureovariegata'	Mat-forming evergreen alpine with gold margined mid-green leaves and single mauve-pink flowers.
Aubrieta 'Doctor Mules'	Mat-forming evergreen alpine with single violet-purple flowers.
Aucuba japonica 'Crotonifolia'	A rounded shrub with glossy, yellow-speckled leaves. Small purple-red flowers followed by bright red berries.
Aucuba japonica 'Rozannie'	A compact rounded shrub with glossy, dark green leaves. Small purple-red flowers followed by bright red berries.
Aucuba japonica 'Variegata'	A rounded shrub with glossy leaves, splashed and speckled yellow. Small purple-red flowers followed by bright red berries.
Azalea nakaharae Wintergreen	
Azara dentata	Arching evergreen shrub or small tree with toothed, glossy, dark green leaves. Clusters of fragrant dark yellow flowers.
Azara serrata	Rounded evergreen shrub or small tree with toothed, glossy, dark green leaves. Clusters of fragrant dark yellow flowers.
Bellis Perennis Rose	Deep pink shades. hgt 8cms.
Bellis Perennis Alba	White pom-pom flower heads hgt8cms
Berberis thunbergii	Dense, rounded shrub with green leaves turning orange and red in autumn. Red-tinged pale yellow flowers are followed by glossy red fruit.
Berberis thunbergii 'Red Pillar'	Narrow erect shrub with purple-red leaves turning bright red in autumn. Red-tinged pale yellow flowers are followed by glossy red fruit.
Berberis x stenophylla 'Claret Cascade'	Vigorous shrub, stems red when young. Spine-tipped leaves, bronze-green when young. Clusters of deep yellow flowers followed by blue-glaucous, black fruits.

Wood Cottage Nursery. Plant Encyclopedia

Berberis thunbergii 'Harlequin'	Attractive shrub, purple-red leaves are flecked white. Red-tinged pale yellow flowers are followed by glossy red fruit.
Berberis thunbergii 'Red Chief'	Spreading shrub with purple leaves and crimson-red young, arching, stems with thorns. Pale yellow flowers are followed by glossy red fruit. Excellent autumn colour.
Berberis thunbergii 'Golden Ring'	Attractive shrub, purple leaves with a gold edge. Red-tinged pale yellow flowers are followed by glossy red fruit. Excellent autumn colour.
Berberis thunbergii 'Aurea'	Rounded shrub with bright yellow leaves when young. Red-tinged pale yellow flowers are followed by glossy red fruit.
Berberis thunbergii f. atropurpurea	Tall shrub with dark purple-red leaves. Pale yellow red-tinged flowers are followed by glossy red fruit. Excellent autumn colour.
Berberis thunbergii 'Rose Glow'	Attractive shrub, purple-red leaves are splashed white and silver-pink. Red-tinged pale yellow flowers are followed by glossy red fruit.
Berberis x stenophylla	Vigorous shrub with, spine-tipped dark green leaves. Clusters of deep yellow flowers followed by blue-glaucous, black fruits.
Berberis x ottawensis 'Superba'	Rounded shrub with red-purple leaves, turning crimson-red in autumn. Clusters of yellow flowers followed by red berries.
Berberis x media 'Red Jewel'	Compact shrub with very glossy, toothed, dark bronze-red when young, mid-to dark green leaves when mature. Small clusters of yellow flowers.
Berberis julianae	Dense evergreen shrub, leaves green, with needle-like spines. Clusters of yellow flowers are followed by white-glaucous black fruit.
Berberis darwinii	Upright evergreen shrub with glossy, spine-tipped, dark green leaves. Pendent racemes of dark orange flowers followed by blue-glaucous, black fruit.
Berberis candidula	Dense evergreen shrub with leathery, spine-tipped, glossy, dark green leaves. Flowers bright yellow followed by white-glaucous, purple fruit.
Berberis thunbergii 'Atropurpurea Nana'	Dwarf, rounded shrub with purple-red leaves. Red-tinged pale yellow flowers are followed by glossy red fruit.
Bergenia Cordifolia Rotblum	Evergreen plant red flowers on glossy green leaves
Bergenia cordifolia 'Purpurea'	Clump-forming perennial with rounded mid-to dark green leaves, tinted red in winter. Flowers magenta-purple.
Bergenia cordifolia	Clump-forming perennial with rounded mid-to dark green leaves, tinted purple in winter. Flowers pale rose-red to dark pink on red flower stems.
Bergenia 'Bressingham White'	Clump-forming perennial with broad deep green leaves. Pure white pink flowers.
Bergenia 'Baby Doll'	Clump-forming perennial with mid-green leaves. Soft pink flowers darken with age giving a two-tone effect.
Betula pendula 'Tristis'	Conical tree with pendulous branches and peeling white bark. Dark green leaves turn yellow in autumn. Yellow-brown catkins in spring.
Betula utilis var. jacquemontii	Conical tree with peeling, white bark. Dark green leaves turn yellow in autumn. Yellow-brown catkins in spring.

Wood Cottage Nursery. Plant Encyclopedia

Betula pendula	Conical tree with peeling white bark, which becomes marked with dark rugged cracks at the base. Dark green leaves turn yellow in autumn.
Betula utilis	Conical tree with peeling, copper-brown or pinkish bark. Dark green leaves turn yellow in autumn. Yellow-brown catkins in spring.
Betula papyrifera	Conical tree with white bark, peeling in thin layers and orange-brown when newly exposed. Dark green leaves turn yellow to orange in autumn. Yellow catkins in spring.
Betula pendula 'Youngii'	Dome-shaped tree with pendulous branches and peeling white bark. Dark green leaves turn yellow in autumn. Yellow-brown catkins in spring.
Billardiera longiflora	Climber with deep green leaves. Pendent bell-shaped, pale green flowers followed by usually deep purple-blue, sometimes red, pink, or white berries.
Bletilla striata	A pretty orchid with strap-like green leaves and magenta-pink flowers. Mulch in winter or lift and store dry and frost-free.
Bletilla Striata alba	A pretty orchid with strap-like green leaves and white flowers. Mulch in winter or lift and store dry and frost-free.
Briza media	Perennial grass with blue-green leaves. Flowerheads are a mass of tiny nodding lockets, purple tinted at first later becoming straw coloured.
Brunnera macrophylla	Perennial with heart-shaped green leaves. Airy sprays of forget-me-not-like bright blue flowers.
Buddleia Davidii Pixie Blue	
Buddleia Davidii Pixie Red	
Buddleja 'Lochinch'	Fast-growing shrub with arching, grey-hairy stems of green leaves. Conical panicles of violet-blue flowers with orange eyes.
Buddleja globosa	Rounded shrub with stems of handsome veined dark green leaves Rounded ball-like, fragrant, dark orange and yellow flowers.
Buddleja davidii 'White Profusion'	Fast-growing shrub with arching stems of green leaves Panicles white flowers with yellow eyes.
Buddleja davidii 'Royal Red'	Fast-growing shrub with arching stems of green leaves Panicles of dark purple-red flowers.
Buddleja davidii 'Nanho Blue'	Fast-growing shrub with arching stems of slender green leaves Narrow panicles of pale lilac-blue flowers.
Buddleja davidii 'Harlequin'	Fast-growing shrub with arching stems of yellow-margined when young, cream when mature, green leaves Panicles of dark purple-red flowers.
Buddleja alternifolia	Fast-growing shrub with arching stems of narrow green leaves alternately arranged up the stems. Intensely fragrant clusters of lilac flowers wreath the branches.
Buddleja 'Pink Delight'	Fast-growing shrub with arching stems of green leaves. Large conical panicles of bright pink flowers with orange eyes.
Buddleja davidii 'Black Knight'	Fast-growing shrub with arching stems of green leaves. Long conical panicles of dark purple-blue flowers.

Wood Cottage Nursery. Plant Encyclopedia

Buddleja x weyeriana	Spreading shrub with arching stems of mid-green leaves Rounded clusters fragrant, yellow to violet flowers.
Buphthalmum salicifolium	Clump-forming perennial with willow-like dark green leaves Slender stems of daisy-like yellow flowers.
Buxus microphylla	Dense rounded shrub with small dark green leaves, turning bronze in winter.
Buxus sempervirens	Bushy, rounded shrub or small tree with glossy, dark green leaves, which are notched at the tips.
Buxus sempervirens 'Aureovariegata'	Bushy, rounded shrub with glossy, yellow margined, dark green leaves , which are notched at the tips.
Buxus sempervirens 'Elegantissima'	Dense, rounded shrub with glossy, white margined, dark green narrow leaves , which are notched at the tips.
Calamagrostis x acutiflora 'Karl Foerster'	Clump-forming perennial grass with arching, mid-green leaves. Erect stems of pink-bronze flowers that fade to pale brown.
Calamagrostis x acutiflora 'Overdam'	Clump-forming perennial grass with arching green leaves with pale yellow margins and stripes, which fade to pinkish white.
Calamagrostis Brachytricha	
Calamintha nepeta ssp. nepeta 'Blue Cloud'	A clump-forming perennial with aromatic dull green leaves. Blue flowers.
Calamintha nepeta	Erect low-growing perennial with aromatic dark green hairy leaves. Bears mauve sometimes pink tubular flowers.
Calamintha nepeta ssp. nepeta	A clump-forming perennial with aromatic dull green leaves. Lilac-white flowers.
Calandrinia Umbrellata	Cup shaped vivid cerise-red flowers.hgt15cms
Callicarpa bodinieri var. giraldii	Deciduous shrub with dark green leaves. Clusters of pink flowers are followed by violet fruits in autumn.
Callicarpa bodinieri var. giraldii 'Profusion'	Deciduous shrub with bronze young foliage, clusters of pale pink flowers are followed by dark violet fruits in autumn.
Callistemon citrinus	Attractive shrub with arching stems of dark green leaves, lemon-scented when crushed. Brilliant crimson-red bottlebrush-like flowers.
Callistemon citrinus 'Splendens'	Attractive shrub, arching pink-red young stems, with dark green leaves, lemon-scented when crushed. Brilliant crimson bottlebrush-like flowers.
Calmintha Elfin Purple	Bright rose flowers om dark green foliage hgt50cms
Calycanthus floridus	Bushy spreading shrub with dark green leaves, sometimes turning yellow in autumn. Pretty flowers with strap-like dark red petals fading to brown at the tips.
Calystegia hederacea 'Flore Pleno'	Twining climber with arrow-shaped green leaves and attractive large flesh coloured double flowers with densely set, ruffled petals.

Wood Cottage Nursery. Plant Encyclopedia

Camassia cusickii	Bulbous perennial with wavy-margined narrow leaves. Shallowly cup-shaped deep steel blue flower spikes.
Campanula latifolia white	Upright perennial with flat rosettes of glossy green leaves. Tall stems carry spikes of broad, tubular, bell-shaped, white flowers, on leafy stems.
Campanula latiloba	Clump-forming perennial with basal rosettes of mid-green leaves. Flower stems carry stalkless, shallowly cup-shaped, rich lavender-blue flowers.
Campanula cochleariifolia Blue Baby	Dark blue bell flowers hgt10cms
Campanula poscharskyana	Vigorous spreading perennial with rounded, mid-green leaves. Masses of starry, pale lavender flowers with white centres.
Campanula persicifolia	Upright perennial with basal rosettes of bright-green, glossy, leaves. Cup-shaped, lilac-blue flowers are produced on slender stems.
Campanula persicifolia alba	Upright perennial with basal rosettes of bright-green, glossy, leaves. Cup-shaped, white flowers are produced on slender stems.
Campanula Punctata Cherry Bells	Long cherry red bells, neatly edged in white.hgt60cms
Campanula persicifolia 'Chettle Charm'	Upright perennial with basal rosettes of bright-green, glossy, leaves. Cup-shaped, creamy white flowers delicately tinged with blue.
Campanula persicifolia 'Telham Beauty'	Upright perennial with basal rosettes of bright-green, glossy, leaves. Cup-shaped large blue flowers are produced on slender stems.
Campanula Lactiflora Blue Lady	Very nice light blue flowers.hgt 50cms
Campanula latifolia var. macrantha alba	Upright perennial with flat rosettes of glossy green leaves. Tall stems carry spikes of broad, tubular, bell-shaped, white flowers, on leafy stems.
Campanula poscharskyana 'E H Frost'	Vigorous spreading, upright perennial with rounded, mid-green leaves. Arching sprays of small, starry, nearly white flowers.
Campanula primulifolia	An upright perennial with hairy foliage. Starry blue flowers with a violet eye.
Campanula punctata f. albiflora	spreading, perennial with rosettes of dark-green leaves. Pendent tubular bells of white flowers.
Campanula punctata 'Rubriflora'	spreading, perennial with rosettes of dark-green leaves. Pendent tubular bells of reddish cream flowers speckled with red spots within.
Campanula pyramidalis	Short-lived, perennial best grown as a biennial with rosettes of light-green leaves.
Campanula Elizabeth	Tubular burgundy bells Hgt40 cms.
Campanula rotundifolia	A much loved British native forming rosettes of toothed, round, green leaves. Thimble-shaped, blue to lavender-blue, nodding flowers.
Campanula latifolia var. macrantha	Upright perennial with flat rosettes of glossy green leaves. Tall stems carry spikes of broad, tubular, bell-shaped, dark blue flowers, on leafy stems.

Wood Cottage Nursery. Plant Encyclopedia

Campanula trachelium	Upright, perennial with sharply toothed, nettle-like leaves. Tall stems of tubular, mid-blue to lilac or white flowers.
Campanula punctata	spreading, perennial with rosettes of dark-green leaves. Pendent tubular bells of creamy white to dusky pink flowers.
Campanula trachelium var. alba	Upright, perennial with sharply toothed, nettle-like leaves. Tall stems of attractive, tubular, white flowers.
Campanula trachelium 'Bernice'	Upright, perennial with sharply toothed, nettle-like leaves. Tall stems of pretty, tubular, double, lilac-blue flowers.
Campanula persicifolia La Belle	Double sky-blue flowers hgt.60cms
Campanula persicifolia Beau Belle	Double blue-white flowers hgt 60 cms.
Campanula takesimana	spreading, perennial with attractive heart-shaped, glossy leaves and arching branched sprays of bell-shaped, pink-flushed, white flowers with maroon spots inside.
Campanula 'Birch Hybrid'	Vigorous perennial with heart-shaped, toothed, bright green leaves. Attractive open bell-shaped, mauve-blue flowers.
Campanula glomerata var. alba	Spreading perennial with dark green leaves. Dense clusters of tubular-bell-shaped pure white flowers, on tall stems.
Campanula glomerata	Spreading perennial with dark green leaves. Dense clusters of tubular-bell-shaped flowers. Colours vary from violet to lavender-blue.
Campanula garganica 'Dickson's Gold'	Spreading perennial with heart-shaped, toothed, yellow leaves. Attractive star-shaped, blue flowers.
Campanula garganica	Spreading perennial with heart-shaped, toothed, mid-green leaves. Attractive star-shaped, blue to lilac flowers.
Campanula 'Kent Belle'	Clump-forming perennial with toothed, mid-green leaves. Very large, pendent, tubular-bell-shaped deepest blue flowers.
Campanula lactiflora	Upright perennial with, narrow, toothed, mid-green leaves. Large panicles of open bell-shaped flowers in shades of blue to violet on leafy stems.
Campanula lactiflora 'Loddon Anna'	Upright perennial with, narrow, toothed, mid-green leaves. Large panicles of open bell-shaped soft lilac-pink flowers, on leafy stems.
Campanula 'Elizabeth'	Clump-forming perennial, rosettes of heart-shaped, toothed, mid-green leaves.
Campanula collina	Handsome perennial forming tufts of long-stalked, heart-shaped dark green leaves, toothed at the edges.
Campanula carpatica 'Weisse Clips' WHITE CLIPS	Clump-forming perennial with heart-shaped, toothed, mid-green leaves. Attractive, upturned open bell-shaped, pure white flowers.
Campanula glomerata 'Superba'	Spreading perennial with dark green leaves. Dense clusters of tubular-bell-shaped violet-purple flowers.
Campanula carpatica	Clump-forming perennial with heart-shaped, toothed, mid-green leaves. Attractive, upturned open bell-shaped, blue, violet-purple, or white flowers.

Wood Cottage Nursery. Plant Encyclopedia

Campanula Glomerata Caroline	Flowers pink with red-pink edge hgt.60cms
Campanula lactiflora 'Pouffe'	Perennial forming a tight mound, with narrow, toothed, mid-green leaves. Large panicles of open bell-shaped pale lavender-blue flowers, on leafy stems.
Campanula latifolia 'Brantwood'	Upright perennial with flat rosettes of glossy green leaves. Tall stems carry spikes of broad, tubular, bell-shaped, deep violet flowers, on leafy stems.
Campanula alliariifolia	Vigorous clump-forming perennial with heart-shaped, toothed, grey-hairy leaves. Leafy stems bear one-sided tubular-bell-shaped, white flowers.
Campanula lactiflora 'Prichard's Variety'	Upright perennial with, narrow, toothed, mid-green leaves. Large panicles of open bell-shaped, dark violet blue flowers, on leafy stems.
Campanula lactiflora white	Upright perennial with, narrow, toothed, mid-green leaves. Large panicles of open bell-shaped white flowers, on leafy stems.
Campanula lactiflora 'White Pouffe'	Perennial forming a tight mound, with narrow, toothed, mid-green leaves. Large panicles of open bell-shaped white flowers, on leafy stems.
Campanula latifolia	Upright perennial with flat rosettes of glossy green leaves. Tall stems carry spikes of broad, tubular, bell-shaped, pale to deep violet flowers, on leafy stems.
Campanula carpatica 'Blaue Clips' BLUE CLIPS	Clump-forming perennial with heart-shaped, toothed, mid-green leaves. Attractive, upturned open bell-shaped, pure light blue flowers.
Campsis radicans	Vigorous climber with dark green leaves and attractive, pendant, tubular-funnel-shaped, dark orange to red flowers.
Campsis radicans 'Flamenco'	Vigorous climber with dark green leaves and attractive, pendant, tubular-funnel-shaped, dark orange to red flowers.
Campsis radicans f. flava	Vigorous climber with dark green leaves and attractive, pendant, tubular-funnel-shaped, yellow flowers.
Campsis x tagliabuana 'Madame Galen'	Vigorous climber with dark green leaves and attractive clusters of trumpet-shaped, orange-red flowers.
Canna Delibab	Dwarf plant with pink-buff flowers and bronze leaves.ideal for containers. Not Hardy
Canna Pretoria	Large orange flowers with cream, yellow and green striped foliage Hgt130cms. Not Hardy
Canna Australia	Deep burgundy-black leaves with large bright red flowers. Not Hardy
Canna Semaphore	Narrow purple-bronze foliage and delicate saffron-yellow flowers. Not Hardy
Canna Tirol	Bronze Leaves with pink flowers. Not Hardy
Canna Tirol	Brown leaf form with clear pink flowers.Not Hardy
Canna Sunburst Pink	Hot pink flowers with bronze, yellow and green foliage.Hgt 100cms. Not Hardy

Wood Cottage Nursery. Plant Encyclopedia

Canna Chinese Coral	Dwarf form 50cms.Green leaves with soft pink flowers
Canna indica	Perennial with bold dark green foliage. Iris-like, bright red or orange flowers.
Canna Golden Lucifer	Not Hardy. Dwarf form hgt.40cms.Green leaves with Yellow spotted flowers
CANNA	
Canna Saladin	Dwarf form hgt. 50cms.Pink-Red flowers with dark red leaves. Not Hardy
Canna Perkeo	Green Leaves flowers dark-pink with yellow center dwarf plant ideal for containers. Not Hardy
Canna En Avant	Hgt. 70cms. Green leaves flowers yellow with red spots. Not Hardy
Canna Striped Beauty	Hgt 70cms. Yellow flowers with striped leaves. Not Hardy
Canna Inferno	Translucent foliage striped in shades of red, pink, yellow and green. fiery red flowers. Not Hardy
CANNA	
CANNA	
Canna Lucifer	Dwarf form hgt. 40cms. Green leavesflowers red with yellow edge. Not Hardy
Cardamine pratensis	British native of our own meadows, forming rosettes of pinnate, grey-green leaves. Loose clusters of purple, lilac, or white flowers.
Carex flagellifera	Dense, evergreen clumps of arching pinkish brown leaves with orange tints. Small light brown flower spikes.
Carex pendula	Evergreen clumps of yellow-green deeply pleated leaves, with long arching stems and pendulous red-brown flowers.
Carex muskingumensis	Narrow upright stems with the leaves arranged in three distinct ranks and mostly gathered at the top of the stems. Orange tints in autumn. Golden brown flower spikes.
Carex morrowii 'Variegata'	Lustrous narrow green leaves beautifully margined with white, forming stiff clumps. Green and brown flower spikes.
Carex testacea	Elegant arching, fine leaves, olive-green at the end, bright green at the base, turning almost orange in sun and almost green in shade. Brown flower spikes.
Carex hachijoensis 'Evergold'	Clumps of slender long-arching leaves, with a glowing gold band between green margins. Brown flowers spikes.
Carex 'Frosted Curls'	Densely tufted evergreen grass with arching narrow, pale silvery green leaves curling at the tips. Inconspicuous green flower spikes.

Wood Cottage Nursery. Plant Encyclopedia

Carex siderosticha 'Variegata'	Spreading tufts of overlapping leaves, which are pink flushed in spring, turning pale green margined and striped white. Pale brown flower spikes.
Carex comans bronze	Dense, evergreen clumps of narrow hair-like, brownish leaves. Inconspicuous brown flower spikes.
Carex buchananii	Upright clumps of narrow pinkish brown leaves which curl at their tips. Has orange tints in winter. Brown flower spikes.
Carex elata 'Aurea'	Elegant clumps of richly golden yellow leaves with green margins. and jet-black flower spikes. Green and brown flower spikes.
Carex comans	Dense evergreen clumps of narrow hair-like, light whitish green leaves. Inconspicuous whitish green flower spikes.
Carex Lurida	
Carpinus betulus 'Fastigiata'	Tree of erect, pyramidal habit. Quite narrow as a young tree but broadening with age.
Caryopteris x clandonensis 'Ferndown'	Dense mound-forming shrub with aromatic dull dark-green leaves silvery beneath. Dark purplish blue flowers produced in clusters.
Caryopteris x clandonensis 'Kew Blue'	Dense mound-forming shrub with aromatic grey-green leaves, dull dark-green above, silvery grey beneath. Dark blue flowers produced in clusters.
Caryopteris x clandonensis 'Heavenly Blue'	Dense mound-forming shrub with aromatic dull dark-green leaves silvery beneath. Intense dark blue flowers produced in clusters.
Caryopteris x clandonensis	Dense mound-forming shrub with aromatic grey-green leaves. Bright blue or purple-blue flowers produced in clusters.
Caryopteris x clandonensis 'Worcester Gold'	Dense mound-forming shrub with aromatic golden yellow leaves. Lavender-blue flowers produced in clusters.
Caryopteris incana	Dense mound-forming shrub with aromatic grey-green leaves. Bright violet-blue flowers produced in clusters.
Caryopteris x clandonensis 'Arthur Simmonds'	Dense mound-forming shrub with aromatic dull dark-green leaves silvery beneath. Bright purplish blue flowers produced in clusters.
Castanea sativa 'Albomarginata'	Vigorous large tree with spirally furrowed bark when old. Toothed, glossy dark green leaves, margined creamy white. Laden with yellowish green catkins in summer.
Catalpa x erubescens 'Purpurea'	Spreading tree with large broad leaves blackish purple when young, maturing green.
Catalpa bignonioides	Spreading tree with broad heart-shaped large green leaves. Flowers are white, marked yellow and purple-brown on upright panicles followed by slender seed pods.
Catananche caerulea	A short-lived perennial with clumps of grass-like, hairy green leaves. Single lilac-blue flowers with dark centres.
Catananche caerulea 'Bicolor'	A short-lived perennial with clumps of grass-like, hairy green leaves. Pretty white flowers with purple centres.
Catananche caerulea 'Alba'	A short-lived perennial with clumps of grass-like, hairy green leaves. Single white flowers.

Wood Cottage Nursery. Plant Encyclopedia

Ceanothus 'A T Johnson'	Bushy evergreen shrub with toothed, light green leaves. Rich blue flowers in spring and again in late summer.
Ceanothus arboreus 'Trewithen Blue'	Wide-spreading, evergreen shrub with toothed, dark green leaves. Masses of fragrant mid-blue flowers.
Ceanothus 'Autumnal Blue'	Upright evergreen shrub with finely toothed, glossy, bright green leaves. Rich sky-blue flowers in large panicles.
Ceanothus 'Blue Mound'	Mound-forming, evergreen shrub with finely toothed, glossy, dark green leaves. Covered in dark blue flowers.
Ceanothus 'Concha'	Dense, evergreen shrub with arching branches and finely toothed, dark green leaves. In late spring, reddish purple buds open to dark blue flowers.
Ceanothus x delileanus 'Gloire de Versailles'	Bushy shrub with finely toothed, dark green leaves. Abundant pale blue flowers.
Ceanothus Zanzibar	
Ceanothus 'Blue Cushion'	Mound-forming, evergreen shrub with finely toothed, glossy, dark green leaves. Covered in blue flowers.
Ceanothus x delileanus 'Topaze'	Bushy shrub with dark green leaves. Abundant dark indigo-blue flowers in large panicles.
Ceanothus 'Southmead'	Compact bushy evergreen shrub with finely toothed, dark green leaves. Rich dark blue flowers.
Ceanothus x pallidus 'Marie Simon'	Upright bushy shrub with dark green leaves on red stems. Abundant pale pink flowers in large panicles.
Ceanothus 'Italian Skies'	Bushy evergreen shrub with finely toothed, glossy, mid-green leaves. Bright blue flowers in dense panicles.
Ceanothus 'Edinburgh'	Dense upright, evergreen shrub with toothed, olive-green leaves. Rich blue flowers.
Ceanothus Concha	Deep Blue Flowers
Celsia Roripifolia	related to verbascum. 100cms. white with pink flower heads
Centaurea scabiosa	Clump-forming perennial with narrow leaves. Purple flowers surrounded by blackish brown bracts from mid-summer.
Centaurea montana 'Parham'	Mat-forming robust perennial with narrow mid-green leaves woolly beneath. Woolly stems carry dark lavender-blue flowerheads.
Centaurea macrocephala	Clump-forming robust perennial with mid-green leaves and stout leafy stems carrying a bright yellow thistle-like flower.
Centaurea montana	Mat-forming robust perennial with narrow mid-green leaves woolly beneath. Woolly stems carry blue flowerheads with reddish violet petals.
Centaurea hypoleuca 'John Coutts'	Slowly spreading perennial with wavy-margined leaves, light green above and grey-green beneath. Deep rose-pink flowerheads.

Wood Cottage Nursery. Plant Encyclopedia

Centaurea dealbata 'Steenbergii'	Clump-forming perennial with leaves light green above and grey-green beneath. Dark carmine-pink flowers with white tinged centres.
Centaurea dealbata	Clump-forming perennial with leaves light green above and grey-green beneath. Pink flowers with white centres.
Centaurea Uniflora Nervosa	Green to silver leaves and purple-pink flowers hgt50cms
Centranthus ruber	An old cottage garden plant often seen growing on walls and dry, stony banks. Attractive fragrant red flowers above bright green leaves.
Centranthus ruber albus	An old cottage garden plant often seen growing on walls and dry, stony banks. Attractive fragrant white flowers above bright light green leaves.
Centranthus ruber coccineus	An old cottage garden plant often seen growing on walls and dry, stony banks. Attractive fragrant scarlet-red flowers above bright green leaves.
Cephalaria gigantea	Large clumps of dark green divided leaves topped with wiry branched stems with large pale primrose yellow flowers.
Cephalaria alpina	Clump-forming perennial with basal leaves. Long stalked, pale yellow flowerheads.
Cerastium tomentosum	Rampant spreading low alpine with silvery foliage and masses of star-shaped white flowers.
Ceratostigma griffithii	Rounded shrub with attractive red stems and bristly, purple-margined, green leaves turning a red in autumn. Bright blue flowers.
Ceratostigma plumbaginoides	Spreading perennial with slender red stems and bright, green leaves, with wavy margins, tinted red in autumn. Brilliant blue flowers.
Ceratostigma willmottianum	Spreading, open branched shrub with bristly green stems and dark green, purple-margined leaves, red in autumn. Pale to mid-blue flowers.
Ceratostigma Desert Skies	
Cerinthe Major Purpurescens	Purple-blue nodding flowers on deep blue-green stems with fleshy green leaves.hgt60cms half hardy
Chaenomeles x superba 'Fire Dance'	A spreading thorny shrub with mid-green glossy leaves. Clusters of cup-shaped, bright red flowers are borne in spring, followed by green edible fruits ripening to yellow.
Chaenomeles x superba 'Pink Lady'	A spreading thorny shrub with mid-green glossy leaves. Clusters of cup-shaped, dark pink flowers in spring, followed by green edible fruits ripening to yellow.
Chaenomeles x superba 'Nicoline'	A spreading thorny shrub with mid-green glossy leaves. Clusters of cup-shaped, large, scarlet flowers in spring, followed by green edible fruits ripening to yellow.
Chaenomeles x superba 'Knap Hill Scarlet'	A spreading thorny shrub with mid-green glossy leaves. Clusters of cup-shaped, large, bright red flowers in spring, followed by green edible fruits ripening to yellow.
Chaenomeles x superba 'Jet Trail'	A spreading thorny shrub with mid-green glossy leaves. Clusters of cup-shaped, pure white flowers in spring, followed by green edible fruits ripening to yellow.
Chaenomeles x superba 'Crimson and Gold'	A spreading thorny shrub with mid-green glossy leaves.

Wood Cottage Nursery. Plant Encyclopedia

Chaenomeles speciosa 'Geisha Girl'	A spreading deciduous thorny shrub with rounded dark-green glossy leaves. Peach flowers in small clusters are borne in spring, followed by green yellow edible fruits.
Chaenomeles japonica	A spreading deciduous thorny shrub with rounded mid-green glossy leaves.
Chaenomeles speciosa 'Nivalis'	A spreading deciduous thorny shrub with rounded dark green glossy leaves. Clusters of pure white flowers are borne in spring, followed by green yellow edible fruits.
Chaenomeles speciosa 'Moerloosei'	A spreading deciduous thorny shrub with rounded dark green glossy leaves.
Chaenorrhinum organifolium 'Blue Dream'	A erect perennial with many stems of blue flowers in summer.
Chamaemelum nobile	Pleasant aromatic feathery foliage of bright green leaves, and daisy-like, white flowers with yellow centres.
Chelone glabra	An erect perennial with square leafy stems topped with white or pink-tinged white flowers, with a white beard.
Chelone obliqua	An erect perennial with leafy stems topped with dark pink or purple flowers, with sparse yellow beards.
Chelone obliqua alba	
Chelonopsis Yagiharana	Sun part shade. moist soil. hgt.60cms. tubular lipped purple-pink flowers aug. to frost.
Chiastophyllum oppositifolium 'Jim's Pride'	A fleshy perennial with attractive rounded pale green variegated leaves, with wavy edges. Arching stems of bell-shaped, deep yellow flowers.
Chiastophyllum oppositifolium	A fleshy perennial with attractive rounded pale green leaves, with wavy edges, Arching stems of bell-shaped, deep yellow flowers.
Chimonanthus praecox	A vigorous shrub with pendant, very fragrant flowers on the bare branches in winter, followed by glossy mid-green leaves.
Choisya ternata 'Sundance'	Compact shrub with bright golden yellow foliage and fragrant white flowers in late spring and summer.
Choisya ternata	Compact shrub with dark green leaves and masses of sweetly scented white flowers borne in spring and again in late summer.
Choisya 'Aztec Pearl'	Compact shrub with narrow dark green leaves and masses of pink-tinged white flowers borne in spring and again in late summer.
Choisya Ternata Goldfingers	
Chrysanthemum Nicole	Double creamy-white yellow center
Chrysanthemum Korean	Mixed colours single and semi double hgt75cms
Chrysanthemum Bravo	Deep red small flower heads

Wood Cottage Nursery. Plant Encyclopedia

Chrysanthemum Barbara	Dark pink double flowers
Chrysanthemum Debonair	Lavender purple flowers
Cimicifuga simplex Atropurpurea Group	Clump-forming perennial with large, fern-like, purple-tinted leaves. Arching stems of ivory white bottlebrush-like flowers.
Cimicifuga racemosa Cordifolia	
Cimicifuga simplex 'White Pearl'	Clump-forming perennial with pale green, long-stalked, leaves. Arching stems of green buds opening to white flowers, like narrow bottlebrushes.
Cimicifuga simplex	Clump-forming perennial with light green, long-stalked leaves. Pure white flowers on slender arching stems like bottlebrushes.
Cimicifuga racemosa	Clump-forming perennial with dark green, long-stalked leaves. Pure white flowers on slender branched stems like bottlebrushes, unpleasantly scented.
Cimicifuga japonica	Clump-forming perennial with dark green, long-stalked leaves. Pure white flowers on slender stems like bottlebrushes.
Cimicifuga Ramosa	
Cimicifuga Acerina	Clear white flowers, latest flowering form. hgt90cms
Cistus x pulverulentus Silver Pink	A compact spreading shrub with wavy-margined, grey-green leaves. -pink flowers with a yellow centre.
Cistus x purpureus 'Alan Fradd'	A rounded upright shrub with wavy-margined, grey leaves. White flowers with red marks at the base of each petal.
Cistus x purpureus	A rounded upright shrub with wavy-margined, dark green leaves. Dark pink flowers with maroon marks at the base of each petal.
Cistus x pulverulentus 'Sunset'	A compact spreading shrub with wavy-margined, grey-green leaves. Rose-pink flowers with a yellow centre.
Cistus x laxus 'Snow White'	An erect shrub with sticky, grey-green leaves. White flowers with a basal yellow spot.
Cistus 'Peggy Sammons'	A bushy upright shrub with grey-green leaves and pretty saucer-shaped, pale purplish pink flowers.
Cistus ladanifer	A dense bushy shrub with dark green leaves and pretty saucer-shaped white flowers with crimson marks in mid-summer.
Cistus incanus ssp. creticus	A dense bushy shrub with, wavy edged, deeply veined, mid-green leaves, and pretty saucer-shaped, purple-pink flowers, with yellow stamens.
Cistus 'Grayswood Pink'	A dwarf bushy shrub with soft grey-green leaves and showy, saucer-shaped clear pink flowers.
Cistus 'Silver Pink'	A mound-forming shrub with dull green leaves, grey-green beneath, and saucer-shaped, silvery pink flowers, with gold stamens.

Wood Cottage Nursery. Plant Encyclopedia

Cistus x aguilarii 'Maculatus'	A rounded shrub with wavy edged bright green leaves. White flowers with dark red blotches at base of each petal.	
Cistus x dansereau 'Decumbens'	A low spreading shrub with dark green, sticky leaves. Flowers white with a faint yellow and crimson blotch at the base.	
Cistus x pulverulentus	A dense bushy shrub with sage-green leaves and pretty saucer-shaped vivid pink flowers.	
Cistus Corbariensis		
Cistus x cyprius	A bushy shrub with narrow sticky, dark green leaves, slightly wavy on the edges. Flowers white with a basal spot of yellow and crimson, with stamens yellow.	
Cistus chelsea bonnet	A small shrub narrow dark green leaves. Pure white, lightly scented flowers with yellow centre	
Clematis montana 'Tetrarose'	An early flowering, deciduous climber, with purple flushed foliage. Bears a profusion of single, rose-pink, scented flowers.	
Clematis montana var. rubens	An early flowering, deciduous climber, with bronze-purple stems and leaves. Bears a profusion of single, pale, mauve-pink flowers.	£ 3.00
Clematis cirrhosa 'Freckles'	A vigorous evergreen climber with bronze tinted foliage and, open cup-shaped, creamy pink flowers, heavily speckled red inside, followed by attractive seedheads.	
Clematis 'Mrs P B Truax'	An early, large-flowered climber with green leaves, single periwinkle-blue flowers with cream anthers.	
Clematis 'Elsa Späth'	An early, large-flowered climber, with single overlapping mauve-blue flowers with overlapping petals. Red anthers.	
Clematis 'Duchess of Albany'	A late small flowered climber with tulip shaped deep pink flowers with slightly darker bands inside.	
Clematis 'Dorothy Walton'	A climber with mottled mauve- pink flowers.	
Clematis 'Doctor Ruppel'	An early, large-flowered climber, with single deep rose pink petals with a cerise bar. Anthers light chocolate.	
Clematis 'Daniel Deronda'	A semi double large-flowered climber, with violet-blue flowers and creamy stamens. Later flowers are single.	
Clematis 'Corona'	An early, large-flowered climber, with single light purplish-pink flowers and red anthers.	
Clematis 'Duchess of Edinburgh'	A large-flowered climber, with double white rosette-shaped flowers.	
Clematis cirrhosa 'Wisley Cream'	A vigorous evergreen climber with bronze tinted foliage and, open cup-shaped, cream flowers, followed by attractive seedheads.	
Clematis 'Fireworks'	A climber with single violet flowers striped red with long slender twisted petals.	
Clematis cirrhosa var. balearica		

Wood Cottage Nursery. Plant Encyclopedia

- Clematis cirrhosa** A vigorous evergreen climber with bronze tinted foliage and, open cup-shaped, cream flowers, sometimes flecked red, followed by attractive seedheads.
- Clematis 'Carnaby'** An early, large-flowered climber, with single raspberry pink flowers with a dark pink bar, anthers red. Will fade in full sun.
- Clematis montana 'Broguhton Star'** An early flowering, deciduous climber, with green divided leaves. Bears a profusion of semi-double cherry pink flowers.
- Clematis 'Mrs George Jackman'** An early, large-flowered climber with green leaves, semi-double creamy white flowers with light brown anthers.
- Clematis 'Will Goodwin'** A large flowered climber with single, soft blue flowers, with yellow anthers.
- Clematis 'Blue Bird'**
- Clematis 'Bill MacKenzie'** A vigorous late small flowered climber with abundant open bell shaped, single yellow flowers with red anthers, followed by large fluffy seed heads.
- Clematis 'Belle of Woking'** An early, large-flowered climber, with double bluish-white flowers and cream anthers.
- Clematis 'Bees' Jubilee'** An early, large-flowered climber, with single pink flowers with a dark pink bar, light brown anthers.
- Clematis 'Beauty of Worcester'** An early, large-flowered climber, with double purple-blue flowers and creamy white anthers.
- Clematis 'Wada's Primrose'** A large flowered climber with single, creamy white flowers, with yellow anthers.
- Clematis 'Countesse de Bouchaud'** A late large flowered climber with single bright mauve-pink flowers and pale yellow anthers. Strong growing variety.
- Clematis 'Hagley Hybrid'** A late large flowered climber with single boat shaped satin pink flowers, red anthers. Fades in full sun.
- Clematis 'Lasurstern'** An early, large-flowered climber with green leaves, single flowers with lavender blue petals wavy edged. Cream anthers. May flower again in early autumn.
- Clematis 'Lady Betty Balfour'** A late large flowered climber with single rich purple-blue flowers, anthers yellow.
- Clematis 'Ken Donson'** A large flowered climber with single deep blue flowers.
- Clematis 'Kathleen Dunford'** An early, large-flowered climber with green leaves, semi-double flowers powdery mauve. Red anthers. May flower again in early autumn.
- Clematis x jouiniana 'Praecox'** A shrubby climber, with coarsely toothed leaves, In autumn a profusion of small, white-blue flowers.
- Clematis x jouiniana** A shrubby climber, with coarsely toothed leaves, In autumn a profusion of small, white, lilac tinged flowers.
- Clematis 'Jan Pawel II' JOHN PAUL II** A late large flowered climber with single creamy white flowers with red anthers.

Wood Cottage Nursery. Plant Encyclopedia

Clematis 'Jackmanii Superba'	A late large flowered climber with single velvety dark purple flowers with light greenish brown anthers.
Clematis 'Jackmanii Alba'	An early, large-flowered climber with green leaves, semi-double white tinged blue flowers. light chocolate coloured anthers.
Clematis 'Jackmanii'	A late large flowered climber with single velvety bluish purple flowers with light greenish brown anthers.
Clematis integrifolia 'Rosea'	A clump-forming perennial with erect stems and nodding heads of bell-shaped clear pink flowers, followed by silvery brown seedheads.
Clematis 'Mrs N Thompson'	An early, large-flowered climber with green leaves, single blue flowers with a vivid scarlet bar, anthers red. May flower again in late summer.
Clematis 'Henryi'	A vigorous mid season climber with white flowers and dark chocolate anthers.
Clematis viticella 'Etoile Violette'	A late small flowered climber with single deep purple saucer shaped flowers and contrasting yellow anthers.
Clematis 'H F Young'	An early, large-flowered climber, with single warm blue flowers and cream anthers.
Clematis 'Guernsey Cream'	An early, large-flowered climber, with single creamy yellow flowers and anthers Fades in full sun.
Clematis Texensis 'Gravetye Beauty'	A late large flowered climber with single tulip shaped rich crimson red flowers and paler bands outside.
Clematis 'Gipsy Queen'	A late large flowered climber with single deep velvety purple flowers and red anthers. Petals often overlapping.
Clematis 'Gillian Blades'	An early, large-flowered climber, with single white flowers with overlapping wavy edged petals Pale yellow anthers.
Clematis 'General Sikorski'	A vigorous mid season climber with single mauve-blue overlapping petals, creamy anthers.
Clematis florida 'Sieboldii'	A large flowered, semi-evergreen or deciduous climber, attractive, creamy white flowers, with a central boss of rich purple stamens, glossy green foliage.
Clematis florida 'Flore Pleno'	A large flowered, semi-evergreen or deciduous climber with, fully double, greenish white flowers, and glossy green foliage.
Clematis 'Mrs Cholmondeley'	An early, large-flowered climber with green leaves, single light lavender blue flowers. Light chocolate anthers.
Clematis montana 'Vera'	An early flowering, deciduous climber, with divided, green leaves. Bears a profusion of single, deep pink flowers.
Clematis flammula	A semi-evergreen climber with star-shaped, sweetly scented, white flowers, and cream anthers.
Clematis 'Asao'	An early, large-flowered climber, with single reddish-pink flowers with yellow anthers.
Clematis integrifolia	A clump-forming perennial with erect stems and nodding heads of bell-shaped mid-blue flowers, followed by silvery brown seedheads.

Wood Cottage Nursery. Plant Encyclopedia

Clematis montana 'Pink Perfection'	An early flowering, deciduous climber, with divided green leaves. Bears a profusion of single, deep rose-mauve, scented flowers.
Clematis viticella 'Polish Spirit'	A late, large-flowered climber with dark green leaves, saucer shaped single, rich purple-blue flowers, with red anthers.
Clematis 'Proteus'	An early, large-flowered climber with light green leaves, double pink flowers paler to the centre, with cream anthers. Flowers again in late summer.
Clematis recta 'Purpurea'	A clump-forming, perennial with purple young foliage and panicles of star-shaped, heavily scented white flowers with cream anthers.
Clematis rehderiana	A late flowering, deciduous climber, with divided, green leaves. Bears panicles of tubular, cowslip-scented, single yellow flowers with creamy yellow anthers.
Clematis 'Rouge Cardinal'	A late, large-flowered climber with light green leaves, single velvet crimson flowers, with reddish brown anthers. Flowers again in late summer.
Clematis 'Royal Velours'	A late large flowered climber with deep velvety purple flowers.
Clematis 'Royalty'	An early, large-flowered climber with light green leaves, semi-double purple-mauve flowers, with yellow anthers.
Clematis 'Sealand Gem'	A large-flowered climber, lavender flowers with a dark pink bar.
Clematis 'Snow Queen'	An early, large-flowered climber with light green leaves, single white flowers, with a hint of mauve, and red anthers. Flowers again in late summer.
Clematis 'Souvenir du Capitaine Thuilleaux' (P)	
Clematis 'Star of India'	A late, large-flowered climber with light green leaves, single purple flowers, with a red bar, and light brown anthers.
Clematis 'Vyvyan Pennell'	An early large flowered climber with light green leaves, and pretty double lavender-blue flowers.
Clematis 'Sylvia Denny'	An early, large-flowered climber with light green leaves, semi-double white flowers, with white anthers. Flowers again in late summer with single flowers.
Clematis 'Madame Grangé'	A late large flowered climber with dusky velvet purple flowers, with silver undersides. Anthers dark brown.
Clematis montana 'Mayleen'	An early flowering, deciduous climber, with divided, green leaves. Bears a profusion of single, mid-pink, flowers.
Clematis montana 'Marjorie'	An early flowering, deciduous climber, with divided, green leaves. Bears a profusion of single, cream-pink, flowers.
Clematis 'Victoria'	A late, large flowered climber with light green leaves, single, rosy purple flowers, with light greenish brown anthers.
Clematis x durandii	A semi-climbing perennial with saucer-shaped, single, indigo-blue flowers, with distinctive golden yellow anthers.
Clematis montana f. grandiflora	An early flowering, deciduous climber, with divided, green leaves. Bears a profusion of single, pure white flowers. Good for a north wall.

Wood Cottage Nursery. Plant Encyclopedia

Clematis tangutica	A deciduous climber, with divided sea-green leaves. Rich yellow, lantern-like flowers, followed by attractive silky seedheads.
Clematis montana 'Freda'	An early flowering, deciduous climber, with divided green leaves. Bears a profusion of single, deep cherry pink, flowers.
Clematis montana 'Elizabeth'	An early flowering, deciduous climber, with purple flushed mid-green leaves. Bears a profusion of single, pale pink, scented flowers.
Clematis montana	An early flowering, deciduous climber, with pretty divided leaves. Bears a profusion of single white flowers.
Clematis 'Miss Bateman'	An early, large-flowered climber with green leaves, rounded single white flowers with a pale green bar. Red anthers.
Clematis 'Marie Boisselot'	A mid season large flowered single pure white flowered climber, with cream anthers. Sepals overlapping.
Clematis 'The President'	An early, large-flowered climber with light green leaves, single, rich purple flowers, with red anthers.
Clematis 'Sunset'	A late, large-flowered climber with light green leaves, single red flowers, with yellow anthers.
Clematis 'Multi Blue'	A climber with fully double violet-blue flowers, may flower again in autumn.
Clematis 'Barbara Dibley'	An early, large-flowered climber, with single blue-mauve petals and a dark bar. Anthers red.
Clematis viticella 'Madame Julia Correvon'	A late large flowered climber with open bell shaped, single bright wine red flowers and yellow anthers.
Clematis armandii 'Snowdrift'	A vigorous evergreen climber with saucer-shaped, scented white, large flowers, with cream anthers.
Clematis armandii 'Apple Blossom'	A vigorous evergreen climber with saucer-shaped, scented, very pale, pink flowers, with cream anthers.
Clematis armandii	A vigorous evergreen climber with saucer-shaped, scented white flowers, with cream anthers.
Clematis 'Lawsoniana'	A large-flowered climber with lavender blue flowers and rosy a tint. Stamens pale brown.
Clematis 'Lincoln Star'	An early, large-flowered climber with green leaves, single flowers with light pink petals with a pink bar. Red anthers. May flower again in early autumn. Can fade in full sun.
Clematis 'Arabella'	A small flowered climber with open light blue flowers with a red flush.
Clematis alpina 'Pink Flamingo'	A climber with light green leaves and bell-shaped, semi-double, pink flowers, with pink veining, cream anthers.
Clematis alpina 'Pamela Jackman'	A climber with light green leaves and bell-shaped, deep purple-blue flowers, with cream and blue anthers.
Clematis alpina 'Frankie'	A climber with light green leaves and bell-shaped, mid-blue flowers, with white centres.

Wood Cottage Nursery. Plant Encyclopedia

Clematis 'Lord Nevill'	An early, large-flowered climber with green leaves, single rich deep blue flowers. Purple-red anthers. May flower again in early autumn.	
Clematis 'Perle d'Azur'	A late, small flowered vigorous climber, open saucer shaped single azure-blue flowers, with creamy green anthers.	
Clematis viticella 'Purpurea Plena Elegans'	A small-flowered climber, with open bell-shaped, double rose-purple flowers, with pale yellow anthers.	
Clematis 'William Kennett'	A large flowered climber with single, rich blue flowers.	
Clematis 'Nelly Moser'	An early, large-flowered climber with green leaves, single mauve flowers with a red bar with red anthers. May also flower again in late summer. Good plant for a north wall.	
Clematis 'Niobe'	An early, large-flowered climber with green leaves, single deep ruby red flowers with yellow anthers.	£ 3.00
Clematis alpina 'Frances Ravis'	A climber with light green leaves and bell-shaped, deep blue flowers, with white centres.	
Clematis alpina 'Constance'	A climber with light green leaves and semi-double, bright deep purplish pink flowers.	
Clematis alpina	A climber with light green leaves and bell-shaped, blue flowers, with white centres, followed by fluffy seed heads.	
Clematis Viticella 'Alba Luxurians'	A climber with grey-green foliage and small, open bell-shaped, white flowers with green tips, and black anthers.	
Clematis 'Abundance'	A small flowered climber with light green leaves and open bell-shaped, wine-red flowers, with cream anthers.	
Clematis 'Ville de Lyon'	A late, large flowered climber with light green leaves, and pretty, carmine-red flowers, and yellow anthers.	
Clematis macropetala	An early flowering, deciduous climber, with attractively divided leaves. Pretty semi-double light blue flowers, followed by fluffy seedheads.	
Clematis macropetala 'Markham's Pink'	An early flowering, deciduous climber, with attractively divided leaves. Pretty semi-double soft pink flowers, followed by fluffy seedheads.	
Clematis 'Madame Baron Veillard'	A late large flowered climber with single satin-like bright lilac-pink flowers, anthers light brown.	
Clematis 'Barbara Jackman'	An early, large-flowered climber, with purple-blue flowers and a pink bar, anthers creamy-yellow. Fades in full sun.	
Clematis 'Volveau'	A large-flowered climber with light green leaves with single red flowers.	
Clematis Vino		
Clematis Montana Chrysocoma Spooneri	Single white flowers late spring onwards. needs good drainage 25 feet	
Clematis Lunar Lass	Tender non-clinging trailing evergreen plant. Pale Green flowers late spring. Ideal for rock garden.	

Wood Cottage Nursery. Plant Encyclopedia

Clematis montana Alba	
Clematis Integrifolia Floris V	Clump forming Hgt.50cms. with violet flowers
Clematis Integrifolia Blue Boy	
Clematis Durandii	indigo blue flowers of medium size yellow central boss of stamens Does not cling Height 2m
Clematis alpina Cragside	Ruby mauve nodding flowers on short stalks in spring.2.5mx2.5m
Clematis 'Ernest Markham'	A late small to large flowered climber with single rich deep red flowers, light chocolate anthers.
Clematis Orange Peel	
clematis Perrins Pride	
Clematis Majojo	Tender evergreen.Ideal for rock garden.
Clematis Montana Bicolor	
Codonopsis ovata	A herbaceous perennial with, hairy, mid-green leaves, mostly basal. Charming, tubular bell-shaped, greenish blue flowers with dark blue markings inside.
Codonopsis clematidea	A twining herbaceous perennial climber with branching stems of grey-green leaves. Charming, nodding, bell-shaped, pale blue flowers with markings inside.
Commelina tuberosa	A mat-forming perennial with narrow green leaves and green flowers, streaked dark purple-blue.
Commelina tuberosa 'Alba'	A mat-forming tuberous perennial with narrow green leaves and pure white flowers.
Commelina tuberosa Coelestis Group	A vigorous, clump-forming, tuberous perennial with green leaves and freely produced vivid blue flowers.
Commelina dianthifolia	A small perennial with narrow green leaves and deep blue flowers.
Convallaria majalis var. rosea	A tough, creeping perennial with dark green foliage and stems of strongly scented, waxy mauve-pink, bell-shaped flowers.
Convallaria majalis	A tough, creeping perennial with dark green foliage and stems of strongly scented, waxy white bell-shaped flowers.
Convolvulus cneorum	A low narrow, silvery green, silky leaves. Wide funnel-shaped, white flowers with yellow centres.
Coprosma 'Beatson's Gold'	A rounded, female shrub with spreading branches and handsome, bright, green leaves, slashed yellow in the centre. Bright red berries in autumn.

Wood Cottage Nursery. Plant Encyclopedia

Cordyline australis	Erect, palm-like tree with arching narrow, light green to yellow-green leaves. Mature trees bear tiny, creamy white flowers, followed by white or blue-tinted berries.
Cordyline australis Purpurea Group	Erect, palm-like tree with arching narrow, green leaves flushed light purple. Mature trees bear tiny, creamy white flowers, followed by white or blue-tinted berries.
Cordyline australis 'Sundance'	Erect, palm-like tree with arching narrow leaves with bold green and red stripes. Mature trees bear tiny, creamy white flowers, followed by white or blue-tinted berries.
Cordyline australis 'Red Star'	Erect, palm-like tree with arching narrow red leaves. Mature trees bear tiny, creamy white flowers, followed by white or blue-tinted berries.
Cordyline australis Dark Star	
Cordyline australis Purple Heart	
Cordyline coffee cream	
Cordyline Indivisia	
Coreopsis verticillata 'Moonbeam'	A bushy perennial with narrow, finely dissected leaves, and lemon-yellow, daisy-like, flowerheads.
Coreopsis verticillata 'Grandiflora'	A bushy perennial with narrow, finely dissected leaves, and dark yellow, daisy-like, flowerheads.
Coreopsis lanceolata 'Sonnenkind' BABY SUN, SUN CHILD	A clump-forming perennial with narrow mid-green leaves and golden yellow, daisy-like, flowerheads.
Coreopsis rosea 'American Dream'	A clump-forming perennial with narrow, dissected, leaves and rose-pink, daisy-like, flowerheads.
Coreopsis verticillata 'Zagreb'	A bushy perennial with narrow, finely dissected leaves, and golden yellow, daisy-like, flowerheads. Drought resistant.
Coreopsis grandiflora 'Mayfield Giant'	A clump-forming perennial, usually grown as an annual, with narrow mid-green leaves and large orange-yellow flowerheads.
Coreopsis verticillata	A bushy perennial with narrow, finely dissected leaves, and yellow, daisy-like, flowerheads.
Coreopsis grandiflora 'Early Sunrise'	
Coreopsis lanceolata Sterntaler	single flower in bright yellow brown centers hgt40cms
Coreopsis 'Sunray'	A clump-forming perennial, usually grown as an annual, with narrow mid-green leaves and double deep yellow, daisy-like, flowerheads.
Cornus sanguinea 'Midwinter Fire'	A vigorous shrub with branches yellow at the base deepening to fiery orange at the tips in winter. Soft green leaves turn orange and yellow in autumn.
Cornus stolonifera 'Flaviramea'	A vigorous suckering shrub with bright yellow-green winter shoots. Dark green leaves turn red or orange in autumn. White flowers followed by white fruit often tinged blue.

Wood Cottage Nursery. Plant Encyclopedia

Cornus mas	A spreading shrub or small tree with dark green leaves, which turn red- purple in autumn.
Cornus alba 'Sibirica Variegata'	A vigorous shrub with red winter shoots. Grey-green leaves, margined white, turn red in autumn, white flowers are followed by white berries, often tinged blue.
Cornus alba 'Sibirica'	A vigorous shrub with bright red winter shoots. Dark green leaves, turn red in autumn. White flowers are followed by white berries, often tinged blue.
Cornus alba 'Elegantissima'	A vigorous shrub with red winter shoots. Grey-green leaves, margined white, turn red in autumn, white flowers are followed by white berries, often tinged blue.
Cornus alba 'Aurea'	A vigorous shrub with red winter shoots. Yellow leaves turn red in autumn, white flowers are followed by white berries, often tinged blue.
Cornus alba	A vigorous shrub with red winter shoots. Dark green leaves turn red in autumn, white flowers are followed by white berries, often tinged blue.
Cortaderia selloana 'Pumila'	Densely tufted, clump-forming perennial grass with arching mid-green leaves, and tall stems of silky, silvery yellow plumes.
Cortaderia selloana 'White Feather'	Densely tufted, clump-forming perennial grass with arching mid-green leaves. Tall stems of silky white plumes.
Cortaderia selloana	Densely tufted, clump-forming perennial grass with arching mid-green leaves, and tall stems of silky, silvery plumes.
Corydalis flexuosa 'China Blue'	An erect perennial with bronze tinted filigree green leaves and dense racemes of bright, slender tubed, wedgewood blue flowers. Prefers a cool moist position.
Corydalis flexuosa 'Père David'	An erect perennial with light green divided leaves and dense racemes of slender tubed, electric blue flowers. Prefers a cool moist position. Summer dormant.
Corydalis flexuosa	An erect perennial with light green divided leaves and dense racemes of bright, slender tubed, blue flowers. Prefers a cool moist position. Summer dormant.
Corydalis flexuosa 'Purple Leaf'	An erect perennial with purplish green divided leaves and dense racemes of bright, slender tubed, blue flowers. Prefers a cool moist position. Summer dormant.
Corylus avellana 'Contorta'	A shrub with heart-shaped green leaves and strongly twisted stems, that are particularly effective in winter. Bears yellow catkins late winter early spring.
Corylus avellana (cobnut)	An upright tree-like shrub with heart-shaped green leaves. Bears yellow catkins late winter early spring. Produces edible hazelnuts.
Corylus maxima 'Kentish Cob'	An upright tree-like shrub with heart-shaped mid-green leaves. Bears yellow catkins late winter early spring.
Cosmos atrosanguineus	A erect then spreading perennial with dark green leaves and cup-shaped, chocolate-scented maroon flowerheads with slightly darker centres.
Cotinus coggygia	A bushy tree or shrub with oval, mid-green leaves, turning yellow in autumn. Fawn coloured, plume-like inflorescences, turn smoky grey by late summer.
Cotinus coggygia 'Royal Purple'	A bushy tree or shrub with oval, deep purple leaves, turning red in autumn. Pink coloured, plume-like inflorescences, give a smoke like effect.
Cotinus 'Grace'	A bushy tree or shrub with large rounded, soft purple leaves, turning red in autumn. Pink coloured, plume-like inflorescences, give a smoke like effect.

Wood Cottage Nursery. Plant Encyclopedia

Cotoneaster horizontalis	A spreading shrub with branches forming a herringbone pattern. Glossy, dark green leaves, turn red in autumn.
Cotoneaster Horizontalis Variegatus	
Cotoneaster dammeri	A prostrate shrub with mid to dark green leaves. White flowers are followed by dark red, round fruit.
Cotula hispida	
Crambe maritima	A spreading mound-forming perennial with large, blue-green leaves. Thick stems carry dense racemes of white flowers. Thrives in a coastal position.
Crambe cordifolia	A clump-forming perennial with large, kidney-shaped, bristly, dark green leaves. Strong stems carry many branched panicles of white flowers.
Crassula sarcocaulis	A bushy fleshy stemmed succulent with small red tinted, mid-green leaves and star-shaped white or pink flowers.
Crataegus laevigata 'Rosea Flore Pleno'	A rounded thorny tree with glossy mid-green leaves. Clusters of double pink flowers, followed by red or orange-red fruit.
Crataegus persimilis 'Prunifolia'	A rounded tree with large thorns and glossy deep green leaves, turning orange and red in autumn. Clusters of white flowers, followed by bright red fruit.
Crataegus monogyna	A rounded thorny tree with glossy dark green leaves. Clusters of fragrant white flowers, followed by glossy red fruit.
Crataegus laevigata 'Plena'	A rounded thorny tree with glossy mid-green leaves. Clusters of double white flowers, ageing to pink, followed by red or orange-red fruit.
Crataegus laevigata 'Paul's Scarlet'	A rounded thorny tree with glossy mid-green leaves. Clusters of double scarlet flowers, followed by red or orange-red fruit.
Crinodendron hookerianum	A stiffly branched evergreen shrub with toothed narrow dark green leaves. Attractive lantern-shaped scarlet to deep carmine-pink flowers. Grow against a sheltered wall.
Crinum x powellii	A bulbous perennial with arching strap-like light to mid-green leaves. Tall stems carry up to ten large funnel-shaped, fragrant pale to mid-pink flowers.
Crinum x powellii 'Album'	A bulbous perennial with arching strap-like light to mid-green leaves. Tall stems carry up to ten large funnel-shaped, fragrant pure white flowers.
Crococsmia Columbus	
Crococsmia x crocosmiiflora 'Emily McKenzie'	A perennial with sword-like mid-green leaves. Branched spikes of usually downward-facing, bright orange flowers.
Crococsmia x crocosmiiflora 'Solfaterre'	A perennial with sword-like bronze leaves. Arching branched spikes of apricot-yellow flowers.
Crococsmia x crocosmiiflora 'George Davison'	A perennial with sword-like mid-green leaves. Arching, branched spikes of lemon-yellow flowers.
Crococsmia 'Emberglow'	A perennial with sword-like dark green leaves. Arching, branched spikes of funnel-shaped, dark red flowers.

Wood Cottage Nursery. Plant Encyclopedia

Crocoshia masoniorum	A perennial with pleated, sword-like mid-green leaves. Arching, spikes of upward-facing, funnel-shaped, orange-red flowers.
Crocoshia 'Lucifer'	A bold perennial with pleated, sword-like mid-green leaves. Arching, branched spikes of upward-facing, funnel-shaped, bright red flowers.
Crocoshia 'Jupiter'	
Crocoshia x crocosmiiflora 'Canary Bird'	A perennial with sword-like mid-green leaves. Branched spikes of yellow flowers.
Crocoshia Babylon	Red flowers with darker center. hgt 80cms
Crocoshia x crocosmiiflora 'Norwich Canary'	A perennial with sword-like light green leaves. Erect branched spikes of yellow flowers.
Cuphea hyssopifolia	A bushy sub-shrub with downy stems and narrow dark green leaves. Short racemes of pink-purple, pink or white flowers with spreading petals.
Cyclamen hederifolium f. album	A tuberous perennial with variable green or patterned leaves. Delicate pure white flowers produced before the leaves. Self-seeds freely.
Cyclamen hederifolium	A tuberous perennial with variable green or patterned leaves. Delicate pink flowers with deep maroon at the base of each petal, produced before the leaves.
Cyclamen coum	A tuberous perennial with shiny, heart-shaped, mid-green leaves with silver marking or entirely green.
Cyclamen cyprium	A tuberous perennial with, heart-shaped, toothed leaves patterned light grey-green. Delicate, white, very fragrant, flowers with dark carmine-red at the base of each petal.
Cyclamen coum ssp. coum album	A tuberous perennial with shiny, heart-shaped, mid-green leaves with silver marking or entirely green. Delicate, white flowers with dark carmine-red at the base of each petal.
Cymbalaria muralis	A creeping alpine with small kidney-shaped green leaves and light violet flowers with light yellow speckles. Good plant for growing on a wall.
Cynara cardunculus	A handsome clump-forming perennial with deeply cut, silvery grey leaves. Large thistle-like, purple flowerheads, produced on grey woolly stems.
Cynoglossum nervosum	A clump-forming perennial with erect, bristly, bright green narrow leaves. Masses of azure-blue flowerheads, resembling forget-me-nots.
Cytisus Scoparius Golden sunlight	
Cytisus 'Lena'	An upright, bushy shrub with slender stems and small green leaves. Attractive deep red flowers with yellow margined wings.
Cytisus Boskoop Ruby	
Cytisus 'Zeelandia'	A rounded, bushy shrub with slender stems and small green leaves. Attractive lilac and cream flowers with pinkish wings.
Cytisus 'Windlesham Ruby'	An upright, bushy shrub with slender stems and small green leaves. Attractive rich mahogany-crimson flowers.

Wood Cottage Nursery. Plant Encyclopedia

Cytisus x praecox 'Albus'	A compact shrub with arching stems and small green leaves. Abundant white flowers borne in clusters.
Cytisus 'Cottage'	An upright, bushy shrub with slender stems and small green leaves. Attractive pale creamy yellow flowers.
Cytisus 'Burkwoodii'	A rounded, bushy shrub with slender stems and small green leaves. Attractive dark pink flowers with yellow margined crimson wings borne in clusters.
Cytisus x praecox 'Allgold'	A compact shrub with arching stems and small green leaves. Abundant dark yellow flowers borne in clusters.
Daphne odora 'Aureomarginata'	A rounded evergreen shrub with leathery deep green leaves, with narrow yellow margins. Clusters of fragrant purple-red flowers, followed by red fruit.
Darmera peltata	A slowly spreading perennial with bold long stalked rounded, veined dark green leaves, turning red in autumn.
Delosperma Cooperi	Purple-carmine red flowers with white centres. leaves soft and fleshy. hgt10cms
Delphinium Magic Fountain Lavender	
Delphinium Magic Fountain Sky Blue	
Delphinium Magic Fountain White	
Delphinium Magic Fountain Dark Blue	Hgt 80cms
Delphinium Cameliard	A pacific hybrid perennial with tall spikes of deep purple flowers, with creamy white eyes.
Delphinium Galahad	A pacific hybrid perennial with tall spikes of pure white flowers.
Delphinium Astolat	A pacific hybrid perennial with tall spikes of lilac and pink flowers.
Delphinium Belladonna Group 'Cliveden Beauty'	An upright, branching perennial with lobbed leaves. Wiry stems of single, sky-blue flowers.
Delphinium Black Knight	A pacific hybrid perennial with tall spikes of deep purple flowers, with a black eye.
Delphinium Blue Bird	A pacific hybrid perennial with tall spikes of blue flowers, with white eye.
Delphinium Summer Skies	A pacific hybrid perennial with tall spikes of light sky-blue flowers.
Delphinium Blue Fountains	A dwarf hybrid perennial with spikes of blue flowers.
Delphinium King Arthur	A pacific hybrid perennial with tall spikes of plum purple flowers with white eyes.

Wood Cottage Nursery. Plant Encyclopedia

Delphinium 'Blue Jay'	A pacific hybrid perennial with tall spikes of deep blue flowers.
Delphinium Guinevere	A pacific hybrid perennial with tall spikes of pale purple flowers, tinged pink with white eyes.
Delphinium grandiflorum 'Blue Butterfly'	An upright, perennial usually grown as an annual, with lobbed, divided leaves. Open panicles of single, bright blue flowers.
Deschampsia flexuosa 'Tatra Gold'	A tufted evergreen grass with thread-like, smooth, arching yellow-green leaves. Arching panicles of bronze-tinted purple spikelets.
Deschampsia cespitosa 'Goldtau' GOLDEN DEW	A dense tufted evergreen grass with narrow, rough, dark green leaves.
Deutzia Pink Pom Pom	
Deutzia scabra 'Pride of Rochester'	A pretty, upright shrub with dark-green leaves. Masses of star-shaped, double white flowers tinged with pink.
Deutzia x elegantissima 'Rosealind'	A pretty, rounded shrub with dull mid-green leaves. Masses of star-shaped, pink flushed white flowers.
Deutzia gracilis	A pretty, bushy erect shrub with bright green leaves. Masses of fragrant star-shaped, white flowers.
Deutzia 'Mont Rose'	A pretty upright, shrub with dark green leaves. Masses of star-shaped purple-pink flowers with wavy petals, yellow anthers.
Dianthus Cheryl	Ruby red flowers
Dianthus 'Mrs Sinkins'	An old-fashioned pink forming a compact mound. Double, strongly scented, fringed white flowers.
Dianthus 'Houndspool Ruby'	A modern pink forming a compact mound. Double rose-pink flowers with red centres.
Dianthus 'Warden Hybrid'	An alpine pink forming a compact mound. Scented magenta-pink flowers.
Dianthus 'Whatfield Gem'	An alpine pink forming a compact mound. Double red and white flowers.
Dianthus 'Whatfield Joy'	An alpine pink forming a compact mound. Lilac-pink flowers with a dark eye.
Dianthus 'Pike's Pink'	An alpine pink forming a compact mound. Clove-scented, double, pale pink flowers, with darker centres.
Dianthus 'Valda Wyatt'	A modern pink forming a compact mound. Double, clove-scented, pale lavender-pink flowers with slightly darker centres.
Dianthus deltoides	A mat-forming perennial with narrow dark green leaves. Single, white, red or deep pink flowers, with bearded petals. Some with darker eyes.
Dianthus 'Doris'	A modern pink forming a compact mound. Scented double pale pink flowers with dark pink centres.

Wood Cottage Nursery. Plant Encyclopedia

Dianthus 'Fusilier'	An alpine pink forming a compact mound. Scented bright red flowers.
Dianthus 'Gran's Favourite'	A laced modern pink forming a compact mound. Double white, clove-scented flowers with mauve centres and margins.
Dianthus 'Haytor White'	A modern pink forming a compact mound. Double pure white, clove-scented flowers.
Dianthus 'Hidcote'	An alpine pink forming a compact mound. Clusters of double deep red flowers.
Dianthus deltoides 'Albus'	A mat-forming perennial with narrow dark green leaves. Single, white flowers with bearded petals.
Dianthus arenarius	A tufted perennial with bright green leaves. Single, deeply fringed white flowers, often purple at the base of each petal.
Dianthus deltoides 'Leuchtfunk' FLASHING LIGHT	A mat-forming perennial with narrow dark green leaves. Single, brilliant cerise flowers with bearded petals.
Dianthus alpinus	A short lived, cushion-forming, perennial with glossy dark green leaves. Single, pale-spotted pink to crimson flowers, with bearded toothed petals.
Dianthus 'Diane'	A modern pink forming a compact mound. Double salmon-red flowers.
Diascia 'Jacqueline's Joy'	A charming, mat-forming perennial with shallowly toothed green leaves. Long racemes of deep rose-pink flowers freely produced.
Diascia Red Start	Bright red flowers hgt30cms
Diascia barberae 'Blackthorn Apricot'	A charming, mat-forming perennial with heart-shaped leaves. Loose racemes of apricot flowers freely produced.
Diascia 'Lilac Belle'	A charming, mat-forming perennial with shallowly toothed green leaves. Long racemes of soft lilac flowers freely produced.
Diascia barberae 'Ruby Field'	A charming, perennial with racemes of deep salmon pink flowers freely produced, above deep green foliage.
Diascia 'Salmon Supreme'	A charming, mat-forming perennial with heart-shaped, green leaves. Dense racemes of pale salmon pink flowers freely produced.
Diascia 'Twinkle'	A charming, mat-forming perennial with shallowly toothed green leaves. Long racemes of magenta-pink flowers freely produced.
Dicentra 'Spring Morning'	A clump-forming perennial with finely cut dark green leaves. Nodding racemes of light pink flowers.
Dicentra 'Bacchanal'	An attractive perennial with finely lobed, grey-green leaves. Racemes of dusky crimson flowers.
Dicentra formosa	A spreading perennial with lobed, mid-green leaves. Racemes of pink flowers held high above the foliage. Self-seeds.
Dicentra formosa alba	A spreading perennial with lobed, mid-green leaves. Racemes of white flowers held high above the foliage. Self-seeds.

Wood Cottage Nursery. Plant Encyclopedia

Dicentra spectabilis 'Alba'	A clump-forming perennial with lobed, pale green leaves. Arching fleshy stems produce racemes pure white, heart-shaped flowers.
Dicentra spectabilis	A clump-forming perennial with lobed, pale green leaves. Arching fleshy stems produce racemes of pink and white heart-shaped flowers.
Dicentra 'Pearl Drops'	A spreading perennial with glaucous, blue-green leaves. Racemes of pink tinted white flowers.
Dicentra 'Luxuriant'	A spreading perennial with lobed, deep green leaves. Racemes of red flowers.
Dicentra 'Stuart Boothman'	A spreading perennial with divided, pretty blue-grey leaves. Short racemes of deep pink flowers.
Dictamnus albus	A perennial with aromatic, lemon-scented leaves. Pretty white or pinkish white flowers with long projecting stamens, on tall spikes.
Dictamnus albus var. purpureus	A perennial with aromatic, lemon-scented leaves. Pretty purple-mauve flowers with long projecting stamens, on tall spikes.
Dierama pulcherrimum	A clump-forming perennial with grass-like leaves. Graceful arching stems of delicate, bell-shaped deep pink, occasionally purple-red or white flowers.
Dierama pendulum	A tufted, clump-forming perennial with grass-like leaves and arching stems of delicate, open, bell-shaped purple-pink flowers.
Digitalis parviflora	A short-lived perennial with softly hairy, dark green leaves. Dense spikes of orange-brown flowers each with a purple-brown lip.
Digitalis Milk Chocolate	Spikes are covered in small chocolate coloured flowers hgt 90cms
Digitalis thapsi	A perennial with narrow leaves. Purple tubular flowers paler inside with red spots.
Digitalis purpurea 'Sutton's Apricot'	A short-lived perennial with hairy, dark green leaves. One sided spikes of soft apricot flowers.
Digitalis Giant Spotted	Various colour shades all with dark blotches in the throat 140cms
Digitalis purpurea Excelsior hybrids	A short-lived perennial with hairy, dark green leaves. One sided spikes in pastel shaded of purple, pink, white, or yellow flowers, some spotted maroon or purple inside.
Digitalis Foxy	Mixed colours dwarf habit 80cms
Digitalis purpurea	A short-lived perennial with hairy, dark green leaves. One sided spikes of purple, pink or white flowers, spotted maroon or purple inside.
Digitalis obscura	A choice, short-lived perennial with grey-green leaves. Spikes of rust-brown to yellow or orange-yellow tubular flowers with red veins and spotting inside.
Digitalis x mertonensis	A short-lived perennial with veined, glossy, dark green leaves. Dense spikes of strawberry pink flowers. Self-seeds.
Digitalis lutea	A short-lived perennial with glossy dark green leaves. Narrow tubular pale yellow flowers.

Wood Cottage Nursery. Plant Encyclopedia

Digitalis lanata	A short-lived perennial with mid-green leaves. Leafy spikes of tubular cream or fawn flowers each with a lighter cream lip and violet-brown veins inside.
Digitalis laevigata	A short-lived perennial with mid-green leaves. Tubular brown-yellow flowers each with a white lower lip and reddish brown veins inside.
Digitalis grandiflora 'Carillon'	
Digitalis grandiflora	A short-lived perennial with veined, dark green leaves. Well-spaced tubular pale yellow flowers with brown veins inside.
Digitalis ferruginea	A short-lived perennial with dark green leaves. Tubular golden brown flowers with red-brown veins inside.
Digitalis Ambigua Grandiflora	Wax like leaves and large yellow flowers 80cms
Digitalis purpurea f. albiflora	A short-lived perennial with hairy, dark green leaves. One sided spikes of pure white flowers.
Dipsacus fullonum	The native teasel, prickly basal leaves followed by prickly stems of cone-shaped purple or white flowers in the second year. Can be dried.
Dodecatheon jeffreyi	A charming perennial with large clumps of dark green, fleshy leaves. Sturdy stems of purple-red flowers and purple stamens.
Dodecatheon Hybrid Aphrodite	Hgt 50cms..Deep pink-red flowers
Dodecatheon Meadia Red Wings	
Dodecatheon meadia	A charming perennial with clumps of pale green leaves. Sturdy stems of magenta-pink flowers with swept-back petals.
Dodecatheon meadia f. album	A charming perennial with clumps of pale green leaves. Sturdy stems of creamy white flowers with swept-back petals and dark centres.
Doronicum orientale 'Magnificum'	A slowly spreading perennial with heart-shaped green leaves. Large yellow daisy-like flowerheads.
Dorycnium Hirsutum	
Draba aizoides	A cushion of dark green rosettes with dense clusters of bright yellow flowers.
Drimys lanceolata	Dense, upright shrub with deep red stems and leathery, glossy, dark green leaves. Clusters of white flowers.
Dryopteris erythrosora	A handsome fern, slowly creeping, forming triangular fronds which are copper-red when young slowly turning dark green with green midribs.
Dryopteris wallichiana	A magnificent fern. The young unfolding fronds are yellow-green, contrasting well with the black hairy midrib and stems.
Dryopteris felix-mas	The native male fern forming tall mid-green feathery fronds with green midribs.

Wood Cottage Nursery. Plant Encyclopedia

Dryopteris dilatata	A handsome fern forming a shuttlecock of dark green fronds with midribs and stalks covered in dark brown scales.
Dryopteris affinis 'Cristata The King'	A handsome fern with crested, arched fronds twisted at the tips.
Dryopteris affinis 'Cristata Angustata'	A dwarf fern with wide crisped and congested fronds twisted at the tips.
Dryopteris affinis 'Crispa Congesta'	A dwarf fern, as the name suggests it has crisped and congested fronds.
Dryopteris affinis	A graceful fern forming a shuttlecock of arching fronds. New fronds unfurl pale green maturing to dark green.
Dryopteris felix-mas 'Crispa Cristata'	The native cristata male fern forming well crisped fronds ruffled at the edges with green midribs.
Echinacea purpurea 'White Swan'	An erect perennial with stout stems of large daisy-like flowerheads with a cone-shaped orange-brown disc surrounded by white petals.
Echinacea purpurea	An erect perennial with stout stems of large daisy-like flowerheads with a cone-shaped golden brown disc surrounded by purplish red petals partly reflexed.
Echinacea Angustifolia	Large daisy like flowers with narrow, pinky-red petals hgt 75cms.
Echinacea Hybrid Kims Mophead	dwarf plant 45cms. with white petalled flowers with a golden-green cone
Echinacea pallida	
Echinacea purpurea 'Magnus'	An erect perennial with stout stems of large daisy-like flowerheads with a cone-shaped dark orange disc surrounded by deep purple horizontal petals.
Echinops bannaticus 'Blue Globe'	A clump-forming perennial with grey-woolly stems and grey-green leaves. Produces attractive, globe-shaped dark blue flowerheads.
Echinops 'Nivalis'	
Echinops ritro	A clump-forming perennial with dark green leaves above white-downy beneath. Produces attractive, globe-shaped blue flowerheads.
Echinops ritro 'Veitch's Blue'	A clump-forming perennial with dark green leaves above white-downy beneath. Produces attractive, globe-shaped dark blue flowerheads.
Echinops sphaerocephalus	A clump-forming perennial with grey-green leaves, hairy beneath. Produces attractive, globe-shaped silvery grey flowerheads on stout stems.
Echnops sphaerocephalus Artic Glow	
Elaeagnus x ebbingei 'Gilt Edge'	A vigorous shrub with glossy, dark green leaves with golden yellow margins, silvery beneath. Creamy white flowers followed by orange speckled silver fruit.
Elaeagnus pungens 'Variegata'	A dense evergreen shrub with dark green leaves narrowly margined creamy yellow, silvery white flowers followed by brown ripening to red fruit.

Wood Cottage Nursery. Plant Encyclopedia

Elaeagnus pungens 'Maculata'	A dense evergreen shrub with dark green leaves boldly marked dark yellow in the centres, silvery white flowers followed by brown ripening to red fruit.
Elaeagnus x ebbingei 'Limelight'	A vigorous shrub with silvery young leaves, which become marked with yellow and pale green in the centres, silvery beneath.
Elaeagnus x ebbingei	A vigorous shrub with glossy, dark green leaves, silvery beneath. Fragrant creamy white flowers followed by orange speckled silver fruit.
Elaeagnus pungens 'Frederici'	A dense evergreen shrub. Small narrow leaves creamy yellow with glossy, dark green margins, silvery white flowers followed by brown ripening to red fruit.
Elymus magellanicus	A densely tufted, perennial grass with narrow, blue leaves. Flower spikes borne throughout summer.
Enkianthus campanulatus	An attractive tree-like shrub with dull green toothed leaves, turning orange-yellow to red in autumn.
Epimedium x youngianum 'Niveum'	A clump-forming perennial with bright green leaves on red tinted stems. Charming pure white flowers contrasting well with the foliage.
Epimedium x youngianum 'Roseum'	A clump-forming perennial with bright green leaves on red tinted stems. Charming dusky pink to purple flowers.
Epimedium x versicolor 'Sulphureum'	A clump-forming perennial with heart-shaped, green leaves, copper-red and brown when young. Charming pink and yellow flowers with red tinted spurs.
Epimedium x rubrum	A clump-forming perennial with, green leaves, flushed red when young, turning red in autumn. Charming crimson and pale yellow flowers with short spurs.
Epimedium grandiflorum	A clump-forming perennial with heart-shaped, green leaves, bronze when young. Charming pendent pink, white, purple, or yellow flowers with spurs.
Eremurus x isabellinus Ruiters Hybrids	A tufted perennial with narrow bluish green leaves, producing a tall flower spike of brightly coloured orange or yellow flowers.
Eremurus stenophyllus ssp. stenophyllus	A tufted perennial with narrow greyish green leaves, producing a tall flower spike of bright yellow flowers, with long stamens fading to light brown.
Eremurus Isabellinus Cleopatra	Orange-rose flowers up to 180cms
Erigeron Compositus Rocky	White flowers with yellow eye hgt 15cms ideal rockery
Erigeron Pink Jewel	Lilac pink compact flowers. hgt 70cms
Erigeron Aurantiacus	Hgt 25cms spreading habit large single orange-copper flowers
Erigeron 'Azurfee' AZURE FAIRY	A clump-forming perennial with basal leaves, Pretty semi-double lavender-blue daisy-like flowerheads.
Erigeron 'Rosa Juwel' PINK JEWEL	A clump-forming perennial with basal leaves, Pretty semi-double bright but pale pink, yellow-centred, daisy flowerheads.
Eriophyllum lanatum	A perennial with erect or trailing stems and silvery grey, white-woolly leaves. Long flowering with attractive bright yellow flowers.

Wood Cottage Nursery. Plant Encyclopedia

Erodium x variabile 'Flore Pleno'	A pretty mat-forming alpine of green foliage. Double rose-pink flowers.
Erodium x variabile 'Bishop's Form'	A pretty mat-forming alpine of green foliage. Umbels of saucer-shaped dark pink flowers.
Erodium reichardii	A pretty mound-forming alpine with saucer-shaped white, red veined flowers on very short stems.
Erodium chrysanthum	A pretty mound of silvery grey filigree foliage setting off the pale yellow, cup-shaped flowers.
Erodium x variabile 'Roseum'	A pretty mat-forming alpine of green foliage. Umbels of saucer-shaped pink flowers.
Erodium guttatum	A pretty alpine with tufts of green foliage. Sprays of white flowers, with the upper two petals having a dark spot at the base.
Eryngium maritimum	A perennial with rosettes of waxy blue-grey leaves. Blue stems carry blue flowers surrounded by spiny blue bracts.
Eryngium x tripartitum	A perennial with spiny, dark green, basal leaves. Branched stems of cone-shaped, blue flowers surrounded by spiny dark blue bracts.
Eryngium variifolium	A perennial with spiny, mid-green leaves, marbled with white veins. Branched stems of cone-shaped, grey-blue flowers surrounded by spiny silvery white bracts.
Eryngium planum 'Seven Seas'	A perennial with rosettes of sharply toothed, glossy mid-green leaves. Branched stems of cone-shaped dark blue flowers surrounded by spiny bracts.
Eryngium planum 'Flüela'	A perennial with rosettes of sharply toothed, glossy mid-green leaves. Branched stems of cone-shaped violet flowers surrounded by violet spiny bracts.
Eryngium planum	A perennial with spiny, mid-green leaves. Branched stems of cone-shaped, light blue flowers surrounded by spiny blue-green bracts.
Eryngium bourgatii	A perennial with spiny, silver veined dark green leaves. Branched stems of cone-shaped blue flowers surrounded by spiny blue-tinged silver bracts.
Eryngium agavifolium	An evergreen perennial with rosettes of sharply toothed, glossy deep green leaves. Stems of cone-shaped greenish white flowers surrounded by spiny bracts.
Eryngium alpinum	A perennial with rosettes of sharply toothed, glossy mid-green leaves. Branched stems of cone-shaped steel-blue or white flowers surrounded by spiny bracts.
Erysimum linifolium 'Variegatum'	A bushy woody based, perennial with narrow green leaves, variegated white. Small clusters mauve flowers.
Erysimum 'Bowles' Mauve'	A bushy perennial with grey green narrow leaves. Clusters of rich mauve flowers.
Erysimum Linifolium	Lilac flower heads april-may. hgt15cms
Erysimum alpine golden gem	dwarf wallflower with small yellow flowers hgt15cms
Escallonia 'Iveyi'	An upright evergreen shrub with glossy, dark green leaves. Pretty pure white fragrant flowers, contrasting well with the dark leaves.

Wood Cottage Nursery. Plant Encyclopedia

Escallonia 'Red Elf'	A compact evergreen shrub with glossy, dark green leaves. Pretty, tubular, dark crimson flowers.
Escallonia rubra 'Crimson Spire'	An evergreen shrub with peeling brown bark and glossy, dark green leaves. Pretty, tubular, deep crimson flowers in abundance.
Escallonia 'Peach Blossom'	A bushy evergreen, arching shrub with glossy, dark green leaves. Pretty peach-pink flowers with white centres.
Escallonia 'Donard Radiance'	A compact evergreen shrub with glossy, dark green leaves. Pretty, rich pink flowers.
Escallonia 'Apple Blossom'	A bushy evergreen shrub with glossy, dark green leaves. Pretty apple-blossom-pink flowers with white centres.
Escallonia 'C F Ball'	An erect evergreen shrub with glossy, dark green leaves. Pretty tubular, bright rich red flowers.
Escallonia 'Donard Seedling'	An evergreen, arching shrub with glossy, dark green leaves. Pretty pink-tinted white flowers opening from pink buds.
Eucalyptus pauciflora	A tree with whitish grey bark shed annually in late summer, leaves grey-green when young followed by blue-green, adult leaves. Umbels of white to cream flowers.
Eucalyptus Glaucescens	
Eucalyptus coccifera	A tree with white or grey-white peeling bark, leaves round when young followed by peppermint-scented narrow grey-green, adult leaves.
Eucalyptus gunnii	A tree with whitish green bark shed annually in late summer, leaves round when young followed by grey-green, adult leaves. Umbels of white to cream flowers.
Eucomis bicolor	A bulbous perennial with strap-shaped leaves. A striking plant when in flower, has stems of pale green flowers, purple margined topped with a rosette of leaves.
Eucomis comosa	A bulbous perennial with strap-shaped, spotted leaves. A striking plant when in flower with stems of white flowers, purple margined topped with a rosette of leaves.
Euonymus fortunei 'Sunspot'	Forms an open shrub, dark green leaves with a central golden blotch.
Euonymus alatus	A dense shrub with dark green leaves turning brilliant red in autumn. Stems have corky wings. Almost round reddish purple fruit opening to orange seeds.
Euonymus japonicus 'Microphyllus Albovariegatus'	A small evergreen shrub with dark green leaves, each with a narrow white margin.
Euonymus japonicus 'Ovatus Aureus'	A compact evergreen shrub with large dark green leaves with broad, golden margins.
Euonymus japonicus 'Aureus'	A large evergreen shrub with glossy, dark green leaves, each with a central gold mark.
Euonymus fortunei 'Variegatus'	Forms a trailing or climbing plant greyish-green leaves, margined white, often tinged pink.
Euonymus fortunei 'Silver Queen'	Forms an upright shrub, dark green leaves with white margins later tinted pink. If supported will climb.

Wood Cottage Nursery. Plant Encyclopedia

Euonymus fortunei 'Minimus'	Forms dense mat of rounded dark green leaves with pale green veins on slender stems.
Euonymus fortunei 'Harlequin'	A dwarf prostrate shrub, the new growth unfolds as pure white, gradually developing to a green and white speckling on the leaves, slight pink tints in winter.
Euonymus fortunei Blondy	Forms a compact shrub, dark green leaves with a striking central cream blotch which turns gold with age.
Euonymus europaeus	A familiar native hedgerow shrub with green stems producing an abundance of scarlet capsules in the autumn.
Euonymus fortunei Emerald n gold	An outstanding shrub, bright green leaves with a broad golden margin, tinted pink in winter.
Euonymus fortunei EMERALD GAIETY	Forms a compact and bushy shrub, bright green leaves with white margins tinged pink in winter.
Euonymus fortunei Canadale Gold	
Euonymus japonicus Bravo	
Euonymus japonicus microphyllus Aureovariegata	
Euonymus fortunei Sunspot	Compact shrub with deep green leaves with central golden blotch, stems are yellowish.
Eupatorium purpureum	A perennial with erect, purple-tinted stems and finely toothed mid-green leaves. Bears domed clusters of pale pink, purple, or white flowers on stout stems.
Eupatorium Rugosum Chocolate	White flowers above shiny purple foliage. hgt 120cms.
Eupatorium rugosum	A perennial with bright green leaves. Bears pretty clusters of pure white flowers.
Eupatorium cannabinum	A vigorous perennial with erect, red-tinted stems and coarsely toothed green leaves. Bears, pink, purple, or white flat-topped flowers on stout stems. Self seeds.
Euphorbia amygdaloides var. robbiae	A spreading evergreen perennial with shiny dark green leaves and flowers with light green bracts.
Euphorbia x martinii	An erect subshrub with narrow mid-green leaves which are often purple-tinted when young, flowers with yellow-green bracts with a purple eye.
Euphorbia griffithii 'Fireglow'	An erect perennial with narrow, rich green leaves, each with a red midrib, turning red and yellow in autumn flowers with orange-red bracts.
Euphorbia griffithii 'Dixter'	An erect perennial with narrow, rich copper-green leaves, turning red and yellow in autumn flowers with dusky orange bracts.
Euphorbia dulcis 'Chameleon'	An erect perennial with narrow, rich purple leaves, turning red, gold, and orange in autumn flowers with purple-tinted greenish yellow bracts.
Euphorbia dulcis	An erect perennial with narrow, bronze-green leaves, turning red, gold, and orange in autumn flowers with greenish yellow bracts.

Wood Cottage Nursery. Plant Encyclopedia

- Euphorbia cyparissias 'Fens Ruby'** A spreading perennial with densely whorled, needle-like, bluish green leaves, flushed purple if in full sun and flowers with yellow bracts,.
- Euphorbia cyparissias** A spreading perennial with needle-like, bluish green leaves and flowers with yellow-green bracts, often turning orange in poor soil.
- Euphorbia cornigera** A perennial with thick stems and narrow leaves with pale veins. Flowerheads with bright golden yellow bracts.
- Euphorbia corallioides** A bushy evergreen perennial with grey-green leaves and flowers with bright golden green bracts.
- Euphorbia ssp. characius Burrow Silver** Attractive foliage variegated with yellow margins. Creamy-yellow flowers with golden centers hgt60cms. slow growing.
- Euphorbia characias** A bushy evergreen perennial with grey-green leaves and flowers with yellow-green bracts.
- Euphorbia Martinii**
- Euphorbia amygdaloides 'Purpurea'** A bushy evergreen perennial with dark reddish purple leaves and flowers with yellow bracts.
- Euphorbia Martinii**
- Euphorbia cyparissias Clarice Howard**
- Euphorbia characias ssp. wulfenii** A bushy evergreen perennial with grey-green leaves and flowers with yellow-green bracts.
- Euphorbia Polychroma Variegata**
- Euphorbia Polychroma Purpurea** Purple stems and leaves with chartreuse-yellow flower bracts. hgt. 40cms
- Euphorbia Martinii**
- Euphorbia characias Humpty Dumpty**
- Euphorbia characias Blue Wonder**
- Euphorbia characias ssp. wulfenii 'Lambrook Gold'** A bushy evergreen perennial with grey-green leaves and flowers with bright golden green bracts.
- Euphorbia myrsinites** A semi-prostrate perennial with close-set leaves, spiralling from base to tip. Leaves are fleshy bright blue-green. Flowers with vivid yellow bracts.
- Euphorbia palustris** An erect perennial with narrow, bright green leaves that turn yellow and orange in autumn, on pale green stems, Long lasting flowers with deep yellow bracts.
- Euphorbia polychroma** A robust perennial with, bright green leaves that turn yellow in autumn. Long lasting flowers with yellow bracts.

Wood Cottage Nursery. Plant Encyclopedia

Euphorbia schillingii	An erect, perennial with dark green leaves, with pale green or white central vein, long lasting flowers with greenish yellow bracts.
Euphorbia sikkimensis	
Euphorbia wallichii	An erect perennial with narrow dark green leaves, with white veins and purple-tinted margins, flowers with greenish yellow bracts.
Euphorbia mellifera	A rounded shrub with stout stems of narrow, dark green leaves, honey-scented flowers with yellow-brown bracts, followed by warty, pea-like fruit.
Euphorbia amygdaloides 'Variegata'	A bushy evergreen perennial with pale green leaves, margined cream and flowers with variegated bracts. Stems and leaves tinged pink in winter.
Exochorda giraldii var. wilsonii	An upright arching shrub with pinkish green young leaves, later pale green. Clusters of pure white flowers.
Exochorda x macrantha 'The Bride'	A compact arching shrub with light to mid-green leaves. Clusters of pure white pretty flowers.
Fagus sylvatica 'Dawyck Gold'	A compact and narrow tree with wavy margined leaves, bright yellow at first, turning green, then yellow to orange-brown in autumn.
Fagus sylvatica Atropurpurea	A large tree with light red leaves in spring turning dark purple.
Fagus sylvatica	A British native tree with wavy margined leaves, pale at first, turning glossy dark green, then yellow to orange-brown in autumn.
Fallopia baldschuanica	A very vigorous, twining climber with heart-shaped green leaves. Clusters of white, pink-tinged, flowers in autumn, followed by small fruit.
Farfugium japonicum 'Aureomaculatum'	A loose clump-forming evergreen perennial with kidney-shaped green, with irregular yellow marking on its leaves. Yellow flowers.
Fargesia nitida	A dense clump-forming bamboo with dark purple-green canes with small narrow green leaves.
Fargesia murieliae	A clump-forming bamboo with canes yellow-green at first becoming yellow, eventually arching under the weight of bright green narrow leaves.
Fargesia murieliae 'Simba'	A clump-forming bamboo with many canes, yellow-green at first becoming yellow, eventually arching under the weight of bright green narrow leaves.
Fatsia japonica	A spreading evergreen shrub with deeply lobed, dark green leaves. Round creamy white flowers on long stalks, followed by black fruit. Can be grown as a house plant.
Festuca glauca 'Golden Toupee'	
Festuca glauca	A densely tufted evergreen grass with narrow inrolled blue-green, arching leaves, panicles of violet-flushed, blue-green flowers.
Festuca glauca 'Blaufuchs' blue fox	A densely tufted evergreen grass with narrow inrolled bright blue, arching leaves, panicles of violet-flushed, blue-green flowers.
Festuca glauca 'Elijah Blue'	A densely tufted evergreen grass with narrow inrolled silvery blue, arching leaves, panicles of silvery blue flowers, fading to brown as they seed.

Wood Cottage Nursery. Plant Encyclopedia

Ficus carica 'Brown Turkey'	A deciduous shrub with handsome foliage of large deeply lobed deep green leaves.
Filipendula 'Kahome'	A clump-forming perennial with fern-like bronze-purple leaves. Feathery heads of light pink flowers.
Filipendula rubra 'Venusta'	A spreading perennial forming large clumps in moist soil. with fresh green leaves, plumes of deep rose-pink flowers become paler as they age.
Filipendula ulmaria	A clump-forming perennial with green, strongly veined, leaves, white-downy beneath, dense plumes of creamy white flowers.
Filipendula ulmaria 'Aurea'	A clump-forming perennial with warm yellow, then creamy yellow in spring, later becoming pale green, plumes of creamy white flowers.
Filipendula Hexpetala	White flowers may-june.hgt45cms
Filipendula ulmaria 'Flore Pleno'	A clump-forming perennial with green, strongly veined, leaves, white-downy beneath, dense plumes of creamy double white flowers.
Foeniculum vulgare 'Purpureum'	A fine foliage plant with bronze-purple filigree, aniseed flavoured leaves, flat umbels of yellow flowers followed by aromatic seeds.
Foeniculum vulgare	A fine foliage plant with mid-green filigree, aniseed flavoured leaves, flat umbels of yellow flowers followed by aromatic seeds.
Forsythia 'Beatrix Farrand'	A vigorous, bushy shrub with arching stems, deep yellow flowers are borne before the sharply toothed green leaves.
Forsythia 'Golden Times'	
Forsythia 'Golden Nugget'	A bushy shrub with golden yellow flowers are borne before the sharply toothed green leaves.
Forsythia x intermedia 'Spectabilis'	A bushy shrub with clusters deep yellow flowers are borne before the sharply toothed green leaves.
Forsythia 'Fiesta'	
Forsythia x intermedia 'Lynwood'	A bushy shrub with clusters rich yellow flowers are borne before the sharply toothed green leaves.
Francoa sonchifolia	A rosette-forming perennial with deeply lobed green leaves and spikes of pretty pink flowers with dark pink markings.
Frankenia thymifolia	An alpine with creeping stems clothed in grey-haired green leaves and masses of tiny stemless rose-pink flowers.
Fraxinus excelsior	A spreading deciduous tree with conspicuous black buds in winter, dark green leaves turning yellow in autumn. Winged fruit in autumn.
Fraxinus excelsior 'Pendula'	A deciduous tree with elegant branches that weep down to the ground with conspicuous black buds in winter, dark green leaves turning yellow in autumn.
Gaillardia x grandiflora 'Burgunder'	A bushy often short-lived perennial with mid-green leaves. Free-flowering with Wine-red flowers.

Wood Cottage Nursery. Plant Encyclopedia

Gaillardia x grandiflora 'Kobold' Goblin	A bushy often short-lived perennial with mid-green leaves. Free-flowering with rich red flowers with yellow petal tips and red centres.
Gaillardia Maxima Aurea	Single yellow daisy like flowers.hgt 75cms
Gaillardia x grandiflora 'Dazzler'	A bushy often short-lived perennial with mid-green leaves. Free-flowering with bright orange-red flowers with yellow tipped petals.
Gaillardia Arista Tokajer	Bright orange flowers hgt70cms
Garrya elliptica 'James Roof'	An upright male shrub with dark, sea-green evergreen leaves. Attractive long dense clusters of silver-grey catkins in mid-winter.
Garrya elliptica	An upright shrub with glossy, evergreen green leaves. Attractive grey-green catkins in mid-winter.
Gaura Lindheimeri Siskiyou Pink	
Gaura lindheimeri	A bushy clump-forming perennial with slender stems. Produces star-shaped white flowers fading to pink.
Gaura Lindheimeri Whirling Butterflies	White flowers
Gaura lindheimeri 'Corrie's Gold'	A bushy clump-forming perennial with slender stems and gold margined leaves. Produces star-shaped white flowers fading to pink.
Genista lydia	A dwarf mound-forming shrub with slender, arching grey-green stems smothered in golden yellow flowers, in late spring and early summer.
Geranium riversleaianum Russell Pritchard	
Geranium cinereum var. subcaulescens 'Splendens'	A very attractive plant with tufts of green leaves and delicate cup-shaped, bright pink flowers with a dark centre.
Geranium 'Ann Folkard'	A sprawling perennial with deeply divided yellowish green leaves. Flowers magenta-pink with a dark centres.
Geranium 'Brookside'	A magnificent perennial with finely divided green leaves. Bowl-shaped violet-blue flowers with a pale centre.
Geranium Macrorrhizum Variegatum	Yellow-variegated leaves with lilac flower hgt.30cms. New Variety
Geranium x oxonianum 'Wargrave Pink'	A vigorous geranium with divided green leaves and warm salmon-pink flowers.
Geranium Hybrid Jolly Bee	Massive cupped blue flowers with large white centers and dark maroon veins. hgt.60cms
Geranium pratense 'Mrs Kendall Clark'	A geranium with deeply divided leaves and pretty grey-blue saucer-shaped flowers with delicate white veins.
Geranium Sanguineum New Hampshir Purple	Deep reddish purple flowers, long flowering season

Wood Cottage Nursery. Plant Encyclopedia

Geranium pratense	A native in southern England with deeply divided leaves and violet-blue saucer-shaped flowers with delicate pinkish veins.
Geranium phaeum 'Samobor'	An tall upright spreading geranium with attractive leaves heavily zoned with chocolate brown, flowers red-brown.
Geranium phaeum 'Album'	An tall upright spreading geranium with soft green leaves, pure white rounded flowers.
Geranium psilostemon	A splendid geranium with large deeply cut leaves, turning red in autumn. Bowl-shaped magenta-pink flowers with a black centre and black veins.
Geranium 'Patricia'	A tall plant with very large handsome leaves and large reddish purple flowers with a dark, star-shaped eye.
Geranium renardii	A good foliage plant with velvety, sage green, wrinkled leaves. White flowers with prominent purple veins.
Geranium x oxonianum 'Thurstonianum'	A geranium with divided dark green leaves and flowers with narrow petals of deep reddish purple.
Geranium x oxonianum 'Southcombe Star'	A geranium with divided green leaves and star-shaped flowers with narrow petals of deep pink.
Geranium cinereum 'Lawrence Flatman'	A very attractive plant with tufts of grey-green leaves and delicate cup-shaped, purplish-pink flowers darkly veined from a dark central zone.
Geranium x oxonianum 'Rose Clair'	A sprawling geranium with divided green leaves and trumpet-shaped rosy pink flowers.
Geranium x cantabrigiense	An evergreen geranium with aromatic shiny leaves and bright pink flowers held well above the leaves.
Geranium Hybrid Victor Reiter	Bronze tinged foliage and blue flowers hgt. 40cms
Geranium phaeum	An tall upright spreading geranium with green marked leaves, flowers dark purple.
Geranium sanguineum 'Max Frei'	A low mat-forming geranium with finely cut foliage with large, deep magenta-pink, saucer-shaped flowers Good autumn colour.
Geranium yesoense	A bushy geranium with deeply cut green leaves and saucer-shaped pink flowers with dark veins.
Geranium wlassovianum	A dense mound of velvety green leaves emerging pinkish bronze in spring. Dark purple flowers with a small white eye and dark veining.
Geranium wallichianum 'Buxton's Variety'	A sprawling geranium with marbled leaves and large violet-blue flowers with a white centre enhanced by the black stamens.
Geranium versicolor	A bushy geranium, leaves light green with chocolate-brown blotches and white trumpet-shaped flowers with beautiful veining.
Geranium sylvaticum 'Mayflower'	An erect geranium with deeply cut leaves. Saucer-shaped rich violet-blue flowers.
Geranium sylvaticum 'Amy Doncaster'	An erect geranium with deeply cut leaves. Saucer-shaped violet-blue flowers with a white eye.

Wood Cottage Nursery. Plant Encyclopedia

Geranium pratense 'Striatum' SPLISH SPLASH	An attractive geranium with deeply divided leaves and pretty white flowers irregularly splashed or streaked with clear violet-blue.
Geranium sylvaticum	An erect geranium with deeply cut leaves. Saucer-shaped bluish purple flowers with a small white eye.
Geranium x oxonianum 'Claridge Druce'	A vigorous geranium with greyish green, glossy, leaves and large trumpet-shaped deep rosy pink flowers with darker veins.
Geranium sanguineum 'Glenluce'	A low mat-forming geranium with finely cut foliage with large, rose-pink, saucer-shaped flowers.
Geranium sanguineum 'Album'	A low mat-forming geranium with finely cut foliage with pure white, saucer-shaped flowers.
Geranium sanguineum	A low mat-forming geranium with finely cut foliage with purple-magenta, saucer-shaped flowers with a small white eye.
Geranium x riversleaianum 'Russell Prichard'	A low spreading geranium with grey-green leaves and many rounded magenta-pink flowers produced on trailing stems.
Geranium x riversleaianum 'Mavis Simpson'	A low spreading geranium with silky pale green leaves and many rounded shell pink flowers with a silvery sheen and darker veins produced on trailing stems.
Geranium 'Phillippe Vapelle'	An elegant perennial with blue-grey softly hairy leaves. Attractive large bluish purple flowers with strong dark veins.
Geranium sylvaticum 'Album'	An erect geranium with deeply cut light green leaves. Saucer-shaped pure white flowers.
Geranium clarkei 'Kashmir White'	An elegant spreading plant with deeply and narrowly cut leaves with large white flowers, veined with greyish lilac-pink.
Geranium Sue Crug	
Geranium himalense plenum Birch Double	
Geranium Hybrid Chocolate Candy	
Geranium himalayense 'Plenum'	A carpet of small round finely cut leaves. Charming double flowers of soft lilac, tinged with pinkish violet.
Geranium x oxonianum 'Sherwood'	A geranium with divided green leaves and flowers with narrow petals of pale pink.
Geranium himalayense	A carpet of handsome finely cut leaves. Large saucer-shaped violet-blue flowers flushed reddish pink.
Geranium magnificum Rosemoor	
Geranium dalmaticum	A pretty dwarf geranium with glossy, scented leaves with brilliant autumn tints. Delicate shell-pink flowers.
Geranium riversleainum Mavis Simpson	

Wood Cottage Nursery. Plant Encyclopedia

Geranium clarkei 'Kashmir Purple'	An elegant spreading plant with deeply and narrowly cut leaves with large deep violet-purple flowers, veined lilac-pink.
Geranium clarkei 'Kashmir Pink'	An elegant spreading plant with deeply and narrowly cut leaves with pale pink flowers.
Geranium cinereum var. subcaulescens	A very attractive plant with tufts of green leaves and delicate cup-shaped, bright reddish-purple flowers with a very dark centre.
Geranium cinereum 'Ballerina'	A very attractive plant with tufts of grey-green leaves and delicate cup-shaped, purplish-pink flowers darkly veined from a dark central zone.
Geranium x cantabrigiense 'Karmina'	An evergreen geranium with aromatic shiny leaves and reddish purple flowers held well above the leaves.
Geranium x cantabrigiense 'Cambridge'	An evergreen geranium with aromatic shiny leaves and reddish purple flowers held well above the leaves.
Geranium x cantabrigiense 'Biokovo'	An evergreen geranium with aromatic shiny leaves and white flowers tinged pink, held well above the leaves.
Geranium endressii	A mat of almost evergreen deeply cut and pointed light green leaves. Bright pink, funnel-shaped flowers.
Geranium 'Nimbus'	A pretty perennial with finely divided green leaves, golden tinged when young. Flowers purplish pink with darker veins and a small white centre.
Geranium Pratense Summer Skies	Double violet-blue flowers with darker veins and sometimes with white centers. hgt 60cms. New Variety
Geranium x oxonianum 'A T Johnson'	A vigorous sprawling geranium with light green leaves and silvery pink flowers.
Geranium himalayense 'Gravetye'	A neat carpet of handsome finely cut leaves. Large saucer-shaped violet-blue flowers with a reddish centre.
Geranium nodosum	A spreading clump of handsome bright glossy green, divided leaves and funnel-shaped lilac-pink or pink, lightly veined flowers.
Geranium x oxonianum Sherwood	
Geranium x magnificum	A handsome mound of rounded, hairy, divided leaves. Rich saucer-shaped, violet flowers with dark veins.
Geranium macrorrhizum 'Variegatum'	A spreading mat-forming perennial with aromatic, evergreen, greyish green leaves splashed with deep cream. Clusters of purplish pink flowers.
Geranium macrorrhizum 'Spessart'	A spreading mat-forming perennial with aromatic evergreen leaves. Abundant clusters of white flowers with just a hint of pink.
Geranium ibericum	A handsome mound of hairy, deeply divided leaves. Large deep violet-purple flowers with dark feathered veins.
Geranium macrorrhizum 'Czakov'	A spreading mat-forming perennial with aromatic evergreen leaves. Abundant clusters of deep magenta-pink flowers.
Geranium macrorrhizum 'Bevan's Variety'	A spreading mat-forming perennial with aromatic evergreen leaves. Abundant clusters of deep magenta-pink flowers.

Wood Cottage Nursery. Plant Encyclopedia

Geranium macrorrhizum 'Album'	A spreading mat-forming perennial with aromatic evergreen leaves. Abundant clusters of white flowers with just a hint of pink.
Geranium macrorrhizum	A spreading mat-forming perennial with aromatic evergreen leaves. Abundant clusters of magenta-pink flowers.
Geranium 'Joy'	A mound of evergreen marbled leaves, pretty bowl-shaped soft pink flowers with prominent darker veins.
Geranium 'Johnson's Blue'	A very popular plant making dense mats of deeply divided leaves and pretty lavender-blue flowers, flushed with reddish pink.
Geranium macrorrhizum 'Ingwersen's Variety'	A spreading mat-forming perennial with light green aromatic evergreen leaves. Abundant clusters of pretty soft pink flowers.
Geum rivale 'Leonard's Variety'	A clump-forming perennial with soft green leaves and pretty pendent, copper-pink, orange tinged flowers.
Geum rivale 'Album'	A clump-forming perennial with soft green leaves and pretty pendent, white flowers.
Geum rivale	A clump-forming perennial with soft green leaves and pretty pendent, pink to orange-red flowers.
Geum 'Mrs J Bradshaw'	A clump-forming perennial with hairy leaves and upright stems of semi-double, scarlet flowers.
Geum Hybrid Flames of Passion	Upward facing red flowers which continue to bloom right through summer. hgt. 50.cms.
Geum 'Borisi'	A clump-forming perennial with softly hairy green leaves and clusters of brick red flowers with conspicuous yellow stamens.
Geum 'Lady Stratheden'	A clump-forming perennial with hairy leaves and upright stems of semi-double, rich yellow flowers.
Gillenia trifoliata	An erect perennial with bronze-green leaves and star-shaped white to pinkish white narrow petaled flowers.
Ginkgo biloba	A beautiful tree with fan-shaped green to yellow-green leaves. Clusters of male catkin-like flowers and round female flowers produce plum-like yellow-green fruit.
Gleditsia triacanthos	A spreading spiny tree with handsome fern-like glossy dark green foliage, turning yellow in autumn.
Gleditsia triacanthos 'Sunburst'	A tree with handsome fern-like golden yellow leaves in spring, maturing to pale green. Yellowing in autumn.
Gleditsia triacanthos 'Rubylace'	A spreading spiny tree with handsome fern-like glossy bronze-red leaves in spring, later bronze-green.
Glyceria maxima var. variegata	An aquatic perennial with narrow green leaves striped cream and white. Panicles of green to purple-green spikelets.
Griselinia littoralis	A dense upright, evergreen shrub with glossy, leathery light green leaves. Very good in coastal areas.
Griselinia littoralis 'Variegata'	A dense upright, evergreen shrub with glossy, leathery leaves irregularly margined creamy white and streaked grey-green. Very good in coastal areas.

Wood Cottage Nursery. Plant Encyclopedia

Griselinia littoralis 'Bantry Bay'

Gunnera tinctoria

A large architectural plant with rounded deeply lobed deep green leaves on prickly leaf stems.

Gunnera manicata

A very large architectural plant with massive deeply lobed bristly green leaves on strong prickly tall leaf stems.

Gymnocarpium dryopteris 'Plumosum'

An elegant triple headed fern with fronds divided into three overlapping delicate triangles.

Gypsophila cerastioides

A small mat with tufts of grey hairy green leaves. Clusters of pretty trumpet-shaped white flowers veined and slightly tinted pink.

Gypsophila paniculata 'Bristol Fairy'

A mound-forming perennial with narrow glaucous green leaves and clouds of large double white flowers.

Gypsophila 'Rosenschleier' Rosy Veil

A mound of narrow bluish green leaves and clouds of double white flowers becoming very pale pink.

Gypsophila repens

A mat-forming alpine with narrow bluish green leaves. Loose panicles of star-shaped white, pink or purple-pink flowers all summer.

Gypsophila repens alba

A mat-forming alpine with narrow bluish green leaves. Loose panicles of star-shaped pure white flowers all summer.

Gypsophila pacifica

A tall branched perennial with fleshy leaves and clouds of pink flowers.

Gypsophila repens 'Rosea'

A mat-forming alpine with narrow blue-green leaves. Loose panicles of star-shaped soft rose-pink flowers all summer.

Gypsophila paniculata

A mound-forming perennial with narrow glaucous green leaves and clouds of trumpet-shaped white flowers.

Hakonchloa macra albo variegata

Hakonechloa macra 'Alboaurea'

A beautiful grass forming low mounds of densely overlapping leaves. Rich yellow with thin stripes of green occasional splashes of white on wiry red stems.

Halimocistus X wintonensis 'Merrist Wood Cream'

A spreading shrub with narrow white-woolly, grey-green leaves.

Halimocistus X wintonensis

A spreading shrub with narrow white-woolly, grey-green leaves.

Halimocistus X sahucii

A dense rounded shrub with narrow dark green leaves. Clusters of pretty saucer-shaped white flowers all summer.

Hebe Purple Queen

Hebe 'Red Edge'

A spreading evergreen shrub with grey-green leaves, narrowly margined and veined red when young. Spikes of lilac-blue flowers fading to white in summer.

Hebe Mystery Red

Wood Cottage Nursery. Plant Encyclopedia

- Hebe 'Baby Marie' A beautiful neat evergreen shrub with small green leaves and pale lilac flowers smothering the plant in early spring.
- Hebe pinguifolia 'Pagei' A spreading shrub with leathery blue-green leaves on purple stems and small clusters of white flowers in late spring and early summer.
- Hebe 'Autumn Glory' An erect then spreading evergreen shrub with dark green, red margined leaves and small spikes of dark purple-blue flowers from mid-summer to early winter.
- Hebe diosmifolia An evergreen shrub with slender dark green leaves on thin arching branches and pale mauve flowers fading to white.
- Hebe 'Great Orme' An open rounded evergreen shrub with dark purple stems and glossy mid-green leaves. Large bright pink flowers fading to white from mid-summer to mid-autumn.
- Hebe 'Wiri Charm'
- Hedera colchica 'Sulphur Heart' A vigorous climber with mid-green leaves, boldly splashed with creamy yellow. Can also be used as ground cover.
- Hedera colchica 'Dentata Variegata' A vigorous climber with light green leaves, mottled grey-green and margined creamy white. Can also be used as ground cover.
- Hedera canariensis 'Gloire de Marengo' A vigorous climber with light silvery green leaves, variegated creamy white. Can be grown as a houseplant.
- Hedysarum coronarium An upright bushy perennial with blue-green leaves and pea-like deep red flowers in spring.
- Helenium Rubinzweg Yellow and brown flowers centres surrounded by burned red petals hgt80cms
- Helenium 'Butterpat' An upright perennial producing rich yellow flowers with yellow-brown centres in mid-summer to early autumn.
- Helenium Dunkee Praent
- Helenium hoopesii An erect clump-forming perennial with greyish green basal leaves and orange-yellow flowers with yellow-brown centres in early to mid-summer.
- Helenium 'Moerheim Beauty' An upright late-flowering perennial producing copper-red flowers with dark brown centres from early to late summer.
- Helenium 'The Bishop' An upright perennial with light green leaves producing yellow flowers with a brown centre.
- Helenium 'Wyndley' An erect late-flowering perennial with yellow flowers overlaid with dark orange and a orange-brown centre from mid-summer to autumn.
- Helenium autumnale An upright late-flowering perennial with light green leaves and producing yellow flowers with a brown centre in late summer to mid-autumn.
- Helianthemum 'Ben Ledi' An erect to spreading shrub with dark green leaves and saucer-shaped red flowers with a darker eye.
- Helianthemum 'Wisley White' A spreading shrub with grey leaves and saucer-shaped, creamy white flowers with yellow centres.

Wood Cottage Nursery. Plant Encyclopedia

Helianthemum 'The Bride'	A spreading shrub with soft grey leaves and saucer-shaped, pure white flowers.
Helianthemum 'Ben Hope'	A spreading shrub with downy, pale grey-green leaves and saucer-shaped, carmine-red flowers with deep orange centres.
Helianthemum 'Ben Fhada'	A spreading shrub with dark green leaves and saucer-shaped, deep yellow flowers with an orange eye.
Helianthemum 'Ben Afflick'	A spreading shrub with dark green leaves and saucer-shaped, orange-buff flowers.
Helianthemum 'Beech Park Red'	
Helianthemum 'Wisley Primrose'	A spreading shrub with grey-green leaves and saucer-shaped, pale primrose yellow flowers with deep golden yellow centres.
Helianthus 'Lemon Queen'	A tall perennial with conspicuously veined, dark green leaves. Pale yellow flowers with a slightly darker centre open in late summer to mid-autumn.
Helictotrichon sempervirens	An evergreen grass with grey-blue leaves radiating outwards from the centre to form a neat clump.
Heliopsis helianthoides Venus	
Heliopsis helianthoides var. scabra 'Sommersonne' Summer Sun	
Helleborus argutifolius	An evergreen perennial producing grey-green, attractively veined, divided leaves. Large clusters of bowl-shaped, pale apple-green flowers from late winter to spring.
Helleborus foetidus	An evergreen perennial producing dark green, divided leaves. Large clusters of bell-shaped, lime-green, purple margined flowers from mid-winter to spring.
Helleborus orientalis	An evergreen perennial producing leathery dark green, divided leaves. Large saucer-shaped white or greenish cream flowers.
Helleborus lividus	An evergreen perennial producing dark green, divided leaves, veined silver on the upper surface, flushed pink below.
Helleborus niger	An evergreen perennial producing leathery dark green, divided leaves. Saucer-shaped white flowers ageing to pinkish white.
Helleborus purpurascens	A perennial producing leathery dark green, divided leaves. Large saucer-shaped purplish or slate grey flowers often pink or purple flushed, light green within.
Hemerocallis Nile Crane tetraploid	
Hemerocallis Siloam Baby Talk diploid	
Hemerocallis Edge of Darkness	5" lavender with dark-purple picotee edge and purple eye zone above yellow throat. Evergreen foliage.

Hemerocallis 'Little Wine Cup'
A clump-forming perennial with handsome, narrow arching leaves. Luscious wine-red flowers with a green and golden throat in mid-summer.

Hemerocallis Chicago Picotee Lace
Creamy petals with raspberry eye zone and edge very ruffled flowers

Wood Cottage Nursery. Plant Encyclopedia

Hemerocallis Double River Wye diploid	Double lemon yellow flowers
Hemerocallis Grape Velvet diploid	Deep purple flowers with bright yellow throat
Hemerocallis Little Carpet	
Hemerocallis Mary Todd tetraploid	Yellow flowers heavy bloomer
Hemerocallis 'Summer Wine'	A clump-forming perennial with handsome, sword-shaped, arching leaves. Large maroon-red flowers in summer.
Hemerocallis 'Stella de Oro'	A clump-forming perennial with handsome, narrow arching leaves. Producing a succession of canary yellow flowers in summer and early autumn.
Hemerocallis 'Stafford'	An evergreen, clump-forming perennial with handsome, sword-shaped, arching leaves. Large deep red flowers with a yellow throat in summer.
Hemerocallis Daring Deception	5" heavily ruffled lavender flowers with deep edges and eye zone contrasting yellow throat
Hemerocallis Alaqua tetraploid	Yellowish creamy flowers with burgundy eye zone
Hemerocallis 'Buzz Bomb'	A clump-forming perennial with handsome, sword-shaped arching leaves. Large light red flowers with a yellow throat in summer.
Hemerocallis 'Hyperion'	A clump-forming perennial with handsome, sword-shaped, arching leaves. Large primrose yellow, very fragrant flowers in mid to late summer.
Hemerocallis 'Golden Chimes'	A clump-forming perennial with handsome, sword-shaped, arching leaves.
Hemerocallis 'Gentle Shepherd'	A clump-forming perennial with handsome, sword-shaped, arching leaves. Clusters of ivory-white flowers with a green throat in mid-summer.
Hemerocallis Big Bird tetraploid	Huge yellow flowers
Hemerocallis Blueberry Candy tetraploid	Creamy white flowers with violet eye zone and deep green throat
Hemerocallis 'Frans Hals'	A clump-forming perennial with handsome, sword-shaped arching leaves. Striking with bright orange-yellow and brick red petals to give a two-tone effect in summer.
Hemerocallis 'Corky'	A clump-forming perennial with handsome, narrow arching leaves. Mahogany buds open to dainty pale yellow flowers from early to mid-summer.
Hemerocallis 'Children's Festival'	A clump-forming perennial with handsome, narrow arching leaves. Pretty ruffled soft peach flowers blushed rose with a apricot throat from early to mid-summer.
Hemerocallis 'Cherry Cheeks'	A clump-forming perennial with handsome, narrow arching leaves. Cherry-red flowers striped cream with a yellow throat from mid-summer to late summer.
Hemerocallis 'Catherine Woodbery'	A clump-forming perennial with handsome, sword-shaped arching leaves. Unusual, slightly fragrant, light lavender flowers with a wide green throat from mid to late summer.

Wood Cottage Nursery. Plant Encyclopedia

Hemerocallis 'Pink Damask'	A clump-forming perennial with handsome, sword-shaped, arching leaves. Rich dark pink flowers in summer. One of the best pink daylilies.
Hepatica Americana	Dark Blue flowers. hgt.15cms
Hepatica nobilis	A semi-evergreen, dome-shaped perennial with lobed purple tinted leaves. Pretty bowl-shaped white, pink, blue or purple flowers in early spring, mainly before the leaves.
Hepatica transsilvanica	A semi-evergreen, dome-shaped perennial with lobed pale green leaves. Pretty open bowl-shaped white, blue or very pale pink flowers in early spring.
Hesperis matronalis	A short-lived perennial with dark green leaves. Clusters of lilac or purple flowers from early spring to mid-summer. Very attractive to insects.
Hesperis matronalis var. albiflora	A short-lived perennial with dark green leaves. Clusters of white flowers from early spring to mid-summer. Very attractive to insects.
Heuchera sanguinea	A mound of dark green leaves with pale green marbling. Large tubular red flowers in open panicles in summer.
Heuchera 'Leuchtkäfer' Firefly	A mound of dark green leaves with pale green marbling. Fragrant large red flowers in early summer.
Heuchera Bressingham Hybrids	A mound of glossy green leaves with flowers varying from white through to shades of red in summer.
Heuchera 'Stormy Seas'	A mound of ruffled green leaves with red pewter marks. Sprays of white flowers.
Heuchera micrantha var. diversifolia 'Palace Purple'	An attractive mound of glossy, metallic bronze-red foliage. Airy panicles of greenish cream flowers in early summer.
Heuchera micrantha 'Chocolate Ruffles'	A mound of pretty evergreen foliage with large ruffled leaves of satiny chocolate-brown above and purple-maroon beneath.
Heuchera 'Pewter Moon'	A mound of glossy dark maroon leaves marbled silvery pewter. Panicles of large, pale pink flowers in early summer.
Heuchera micrantha 'Persian Carpet'	A mound of pretty evergreen foliage with very large rich red leaves marbled with silver. Sprays of small very pale orange-buff flowers in summer.
Heucherella X alba 'Bridget Bloom'	A compact mound of pretty evergreen foliage with starry pink flowers in early summer.
Heuchra Swirling Fantasy	Pewter red foliage with dark veins and bright red flowers.unusual combination
Heuchra Prince of Silver	Silver-sheened foliage and cream pink flowers
Holcus mollis 'Albovariegatus'	A tufted mat-forming grass with narrow blue-green leaves with creamy white margins. Pale green spikelets in summer.
Hosta sieboldiana 'Frances Williams'	Heart-shaped, cupped, puckered, glaucous blue leaves with a wide irregular yellow, green and cream margins. Greyish white flowers in early summer.
Hosta tokudama	Heart-shaped to rounded, puckered deep blue-green leaves. Greyish white flowers in summer.

Wood Cottage Nursery. Plant Encyclopedia

Hosta undulata var. albomarginata	Broadly rounded, slightly wavy dark green leaves with irregular cream or pale yellow margins. Mauve flowers in summer.
Hosta 'Wide Brim'	Puckered, heart-shaped glaucous green leaves with a bold wide cream margin. Pale lavender-blue flowers in summer.
Hosta sieboldiana var. elegans	Rounded, heart-shaped, deeply puckered, glaucous grey-blue leaves. Lilac-grey flowers in early summer.
Hosta sieboldiana	Rounded puckered grey-green leaves. Lilac-grey flowers fading to white in early summer.
Hosta 'Royal Standard'	Large heart-shaped, ribbed bright pale green leaves. Fragrant white flowers in late summer.
Hosta 'Krossa Regal'	An architectural, vase-shaped plant. Large glaucous blue-grey, veined leaves. Pale lilac flowers in summer.
Hosta 'Halcyon'	Elegant, heart-shaped glaucous blue leaves. Lilac-grey flowers in summer.
Hosta 'Hadspen Blue'	Elegant, heart-shaped glaucous, close-veined, blue-grey leaves. Grey-mauve flowers in summer.
Hosta fortunei 'Gold Standard'	Large heart-shaped, yellow-green leaves turning gold to yellow with dark green narrow margins. Lavender-blue flowers in mid-summer.
Hosta fortunei 'Francee'	Large heart-shaped, dark green leaves with a crisp narrow white edge. Mauve flowers in summer.
Hosta fortunei var. aureomarginata	Heart-shaped deep green leaves with irregular yellow margins. Mauve flowers in summer.
Hosta fortunei var. albopicta f. aurea	Bright yellow leaves turning matt green by summer. Mauve flowers in summer.
Hosta fortunei var. albopicta	Bright creamy yellow leaves with irregular green margins. Mauve flowers in summer.
Hosta sieboldiana 'Big Daddy'	Rounded to heart-shaped, deeply puckered grey-blue leaves. Greyish white flowers in early summer.
Hosta fortunei 'Albomarginata'	Large sage-green leaves with irregular cream margins turning white with age. Lilac flowers in early summer.
Hosta montana 'Aureomarginata'	Heart-shaped, glossy, dark green leaves with irregular yellow margins turning cream. Mauve-grey flowers in summer.
Hosta 'Golden Tiara'	Pretty heart-shaped mid-green leaves with irregular yellow margins. Purple flowers in summer.
Hosta Tokudama Flavocircinalis	Bluish green with yellow margin cupped pale lavender flowers. hgt 40cms
Hosta Abiique Moonbeam	Bluish green with wide creamy margins, heart shaped leaves white flowers. hgt 70cms
Hosta Christmas Tree	Blue leaves with distinctive creamy border, lavender flowers. hgt 60cms

Hosta Night Before Christmas	Pointy foliage, clear white centred, dark green border lavender flowers. hgt 50cms
Hosta Patriot	Extremely wide, white margins, lavender flowers. hgt 40cms
Hosta 'Sum and Substance'	Elegant heart-shaped, yellow-green leaves becoming deeply puckered when mature. Pale lilac flowers in mid to late summer.
Houttuynia cordata 'Flore Pleno'	A rapidly spreading perennial with pretty heart-shaped green leaves. Yellow-green flowers are surrounded by eight or more pure white bracts.
Houttuynia cordata 'Chameleon'	A rapidly spreading perennial with pretty variegated leaves with shades of green, pale yellow and red small yellow-green flowers are surrounded by white bracts.
Humulus lupulus 'Aureus'	A herbaceous perennial climber with bright yellow, deeply lobed leaves. Green then straw-coloured flower spikes in summer.
HUTCHINSIA aLPINA	Carpet plant evergreen with white flowers hgt 10cms
Hydrangea paniculata 'Kyushu'	An upright shrub with glossy mid to dark green leaves and large creamy white flowerheads turning pinkish white with age from late summer to autumn.
Hydrangea serrata 'Bluebird'	An erect shrub with mid green leaves turning red in autumn. Lacecap flowerheads of rich blue, surrounded by pale blue flowers from summer to autumn.
Hydrangea aspera Villosa	An upright spreading shrub with narrow, velvety, dark green leaves.
Hydrangea quercifolia	An upright to spreading shrub with lobed mid green leaves. Conical white flowerheads becoming pink-tinged with age from mid-summer to early autumn.
Hydrangea paniculata 'Pink Diamond'	
Hydrangea paniculata 'Grandiflora'	An upright to spreading shrub with mid to dark green leaves and large white flowerheads turning pinkish white with age from late summer to autumn.
Hydrangea macrophylla 'Quadricolor'	A rounded shrub with glossy leaves boldly variegated with pale and dark green, cream and yellow. Pale pink lacecap flowerheads from mid to late summer.
Hydrangea arborescens 'Grandiflora'	A rounded shrub with glossy dark green leaves and round clusters of cream flowers in summer.
Hydrangea arborescens 'Annabelle'	A rounded shrub with glossy dark green leaves and large round clusters of cream flowers in summer.
Hydrangea anomala ssp. petiolaris	A climbing shrub with dark green leaves turning yellow in autumn and domed clusters of white flowers in summer.
Hydrangea Rotschwanz	

Wood Cottage Nursery. Plant Encyclopedia

Hydrangea macrophylla 'Tricolor'	A rounded shrub with glossy leaves boldly variegated with grey-green and pale yellow. Pale pink to white lacecap flowerheads from mid to late summer.
Hypericum x moserianum	A spreading semi-evergreen shrub with arching branches of mid-green leaves. Clusters of large, cup-shaped yellow flowers from summer to autumn.
Hypericum 'Rowallane'	A semi-evergreen shrub with upright arching branches and dark green leaves. Clusters of cup-shaped dark golden yellow flowers from late summer to autumn.
Hypericum perforatum	A tufted perennial with stiff stems of narrow mid-green leaves. Clusters of star-shaped bright yellow flowers in summer.
Hypericum olympicum	An erect branched shrub with narrow grey-green leaves. Clusters of star-shaped deep yellow flowers in summer.
Hypericum x moserianum 'Tricolor'	A spreading semi-evergreen shrub with arching mid-green leaves attractively variegated with cream, pink and green.
Hypericum 'Hidcote'	An upright shrub with aromatic dark green leaves.
Hypericum calycinum	An evergreen low-spreading shrub with dark green leaves. Saucer-shaped bright yellow flowers from mid-summer to mid-autumn.
Hypericum Polyphyllum Grandiflorum	Golden yellow flowers. hgt25cms
Hyssopus officinalis f. albus	An aromatic shrub with erect stems and narrow mid-green leaves. Slender spikes of funnel-shaped pure white flowers from mid-summer to early autumn.
Hyssopus officinalis roseus	An aromatic shrub with erect stems and narrow mid-green leaves. Slender spikes of funnel-shaped pink flowers from mid-summer to early autumn.
Hyssopus officinalis	An aromatic shrub with erect stems and narrow mid-green leaves. Slender spikes of funnel-shaped dark blue flowers from mid-summer to early autumn.
Hystrix patula	A perennial grass with narrow leaves and arching sprays of bottle-brush like flowers.
Iberis Gilbraltaria	lilac flowers hgt 30cms
Iberis sempervirens	A spreading evergreen subshrub with dark green leaves. Clusters of white flowers occasionally flushed lilac in late spring to early summer.
Ilex aquifolium 'Argentea Marginata Pendula'	An evergreen weeping shrub with purple stems and spiny white margined, dark green leaves. Insignificant flowers in summer producing red berries in autumn.
ILEX Aquifolium Argentea Marginata	
Ilex aquifolium 'Golden Queen'	An evergreen shrub, spiny dark green leaves with broad gold margins.
Ilex aquifolium 'Silver Queen'	A dense evergreen upright shrub with purple stems and spiny green leaves with creamy white margins.
Ilex aquifolium 'Madame Briot'	An evergreen shrub with purplish stems dark green leaves with spiny, bright gold margins and scarlet berries.

Wood Cottage Nursery. Plant Encyclopedia

Ilex aquifolium 'J C van Tol'	An evergreen purple stemmed shrub with puckered dark green leaves with abundant bright red berries.
Ilex aquifolium 'Handsworth New Silver'	A dense evergreen purple stemmed shrub with mid-green, spiny leaves with creamy margins. Produces bright red berries.
Ilex aquifolium 'Golden van Tol'	An evergreen purple stemmed shrub with puckered dull green leaves and gold margins.
Ilex aquifolium 'Aurea Marginata'	
Ilex aquifolium 'Argentea Marginata'	An evergreen shrub with spiny, white margined, dark green leaves. Insignificant flowers in summer producing abundant bright red berries in autumn.
Ilex aquifolium	An evergreen shrub with spiny glossy, wavy margined, dark green leaves. Insignificant flowers in summer producing long lasting red berries in autumn.
Ilex x altaclerensis 'Golden King'	An erect evergreen shrub with grey-green mottled leaves with broad bright gold margins, produces bright red fruit.
Ilex aquifolium 'Ferox Argentea'	An evergreen purple stemmed shrub with cream-margined, dark green leaves covered with spines.
Imperata cylindrica Red Baron	An attractive grass with narrow yellow-green leaves tipped with red in spring, by mid-summer the whole leaf is red.
Incarvillea delavayi alba	A perennial with basal, divided dark green leaves and tubular, trumpet-shaped white flowers produced in early to mid-summer.
Incarvillea delavayi Snowtop	
Incarvillea delavayi	A perennial with basal, divided dark green leaves and tubular, trumpet-shaped deep rose-pink flowers produced in early to mid-summer.
Inula ensifolia	Dense, slender stemmed perennial with narrow mid-green leaves and abundant golden yellow daisy-like flowers in mid and late summer.
Inula magnifica	Robust perennial with dark green leaves, softly hairy beneath and bright golden yellow daisy-like flowers in late summer.
Inula orientalis	A perennial with erect stems of hairy mid-green leaves and very woolly buds opening to orange-yellow daisy-like flowers with wavy petals in summer.
Iris x robusta 'Gerald Darby'	An iris with arching leaves spotted purple at the bases and violet-blue flowers with white and violet veining at the base of the petals in late spring.
Iris sibirica 'Butter and Sugar'	Vigorous clumps of bushy leaves and tall stems of white flowers with yellow falls, petals have greenish yellow veins from early to mid-summer.
Iris sibirica Caesar's Brother	
Iris sibirica Little Twinkle Star	Bluish lilac flowers. hgt 35cms
Iris Germanica Senlac	Red Purple flowers. hgt 80cms

Wood Cottage Nursery. Plant Encyclopedia

Iris sibirica Ewen

Purple-ruffled.mid to late season. hgt 55cms

Iris foetidissima

An iris with bright dark green leaves and stems of dull purple flowers tinged with yellow in early summer.

Iris pseudacorus 'Variegata'

Iris ensata

A pretty iris with ribbed bright green leaves and stems of purple or red-purple flowers in mid-summer.

Iris ensata 'Variegata'

A pretty iris with narrow ribbed bright green and white variegated leaves and stems of purple or red-purple flowers in mid-summer.

Iris sibirica 'Flight of Butterflies'

Vigorous clumps of grassy leaves with tall stems of delicate rich blue flowers with white veining on the falls from early to mid-summer.

Iris foetidissima 'Variegata'

An evergreen iris, silver leaves with white variegation and stems of dull purple flowers tinged with yellow in early summer.

Wood Cottage Nursery. Plant Encyclopedia

<i>Iris laevigata</i>	An aquatic iris with broad leaves and stems of purple-blue flowers in early to mid-summer.
<i>Iris sibirica</i> 'Perry's Blue'	Vigorous clumps of bushy leaves and tall stems of sky blue flowers from early to mid-summer.
<i>Iris pseudacorus</i>	A vigorous aquatic iris with ribbed grey-green leaves and stems of yellow flowers with brown or violet markings in mid to late summer.
<i>Iris sibirica</i>	Vigorous clumps of bushy leaves and tall stems of violet-blue flowers with veining on the falls in early summer.
<i>Iris sibirica</i> 'Snow Queen'	Vigorous clumps of bushy leaves and tall stems of white flowers from early to mid-summer.
<i>Iris sibirica</i> 'Sparkling Rosé'	Vigorous clumps of bushy leaves and tall stems of pinkish mauve flowers with yellow at the base of the falls from early to mid-summer.
<i>Iris sibirica</i> 'Tropic Night'	Vigorous clumps of bushy leaves and tall stems of dark purple flowers with attractive veining from early to mid-summer.
<i>Iris versicolor</i>	An aquatic iris with slightly arched leaves and purple or lavender-blue flowers with a white veined purple patch on each fall from early to mid-summer.
<i>Iris sibirica</i> 'White Swirl'	Vigorous clumps of bushy leaves and tall stems of pure white flowers from early to mid-summer.
<i>Iris sibirica</i> 'Persimmon'	Vigorous clumps of bushy leaves and tall stems of mid-blue flowers from early to mid-summer.
<i>Jasione laevis</i> 'Blaulicht' BLUE LIGHT	A densely tufted alpine with narrow leaves and vivid blue flowers in summer.
<i>Jasminum polyanthum</i>	A vigorous twining climber with deep green leaves and clusters of pink buds opening to very fragrant, white flowers produced from spring to summer.
<i>Jasminum officinale</i> 'Fiona Sunrise'	A climber with bright golden yellow leaves and clusters of very fragrant, white flowers produced from summer to early autumn.
<i>Jasminum x stephanense</i>	A vigorous climber with dull green leaves sometimes cream flushed, clusters of fragrant, pale pink flowers produced from early to mid-summer.
<i>Jasminum officinale</i> 'Aureum'	A vigorous climber with green leaves variegated and suffused yellow, clusters of very fragrant, white flowers produced from summer to early autumn.
<i>Jasminum officinale</i> 'Argenteovariegatum'	A vigorous climber with grey-green leaves with creamy white margins and clusters of very fragrant, white flowers produced from summer to early autumn.
<i>Jasminum officinale</i>	A vigorous climber with mid-green leaves and clusters of very fragrant, white flowers produced from summer to early autumn.
<i>Jasminum nudiflorum</i>	A slender shrub with arching stems and clusters of fragrant, bright yellow flowers produced before the leaves in winter and early spring.
<i>Jasminum humile</i> 'Revolutum'	A bushy shrub with bright green leaves and clusters of fragrant, bright yellow flowers produced from late spring to early autumn.
<i>Jasminum beesianum</i>	A twining climber with dark green leaves and small clusters of fragrant, pinkish red flowers from early to mid-summer.

Wood Cottage Nursery. Plant Encyclopedia

Juncus effusus 'Spiralis'	Densely tufted aquatic perennial with shiny, dark green twisted stems forming a tangled mass. Brown flowers throughout summer.
Juncus decipiens 'Curly-Wurly'	Densely tufted aquatic perennial with shiny, dark green greatly twisted stems forming a tangled mass. Brown flowers throughout summer.
Kalimeris Incisa	Bushy plant 75cms tall, with many aster like pink-lilac flowers over long period.
Kalmia latifolia	A dense bushy shrub with glossy, dark green leaves and large clusters of pretty, bowl-shaped, pale to deep pink flowers from late spring to mid-summer.
Kerria japonica 'Pleniflora'	A suckering shrub with bright green leaves and large, pompon-like, double, golden yellow flowers in spring.
Kerria japonica 'Picta'	A suckering shrub with grey-green leaves margined creamy white and large golden yellow, single flowers in spring.
Kirengeshoma palmata Koreana Group	Soft yellow flowers in late summer onwards. hgt 85cms
Kirengeshoma palmata	A clump-forming perennial with pale green leaves and pretty tubular pale yellow flowers.
Knautia arvensis	A clump-forming perennial with dull green leaves and bluish lilac pincushion flowerheads.
Knautia macedonica	A clump-forming perennial with basal green leaves and purple-red pincushion flowerheads.
Kniphofia 'Percy's Pride'	A clump-forming perennial with narrow V-shaped, arching leaves and spikes of canary yellow flowers, green tinted yellow in bud.
Kniphofia Percys Pride	Tinted green buds opening to yellow flowers fading to cream. hgt 100cms
Kniphofia Hybrid Green Jade	Greenish-white flowers that open from green buds. Very unusual.
Kniphofia Vanilla	Creamy-white flowers very strong stems. hgt 110cms
Kniphofia 'Royal Standard'	A clump-forming perennial with narrow grass-like, arching leaves and flower spikes of scarlet buds opening bright yellow.
Kniphofia 'Little Maid'	A clump-forming perennial with narrow grass-like, arching leaves. Flower spikes of buff-tinted, pale yellow, opening from pale green buds ageing to ivory.
Kniphofia citrina	A clump-forming perennial with narrow grass-like, arching leaves and spikes of ivory to yellow-green flowers.
Kniphofia 'Border Ballet'	A clump-forming perennial with narrow grass-like, arching leaves and spikes of cream to pink flowers.
Kniphofia 'Alcazar'	A clump-forming perennial with narrow grass-like, arching leaves and spikes of orange-red flowers.
Kniphofia 'Shining Sceptre'	A clump-forming perennial with narrow grass-like, arching leaves and spikes of clear yellow flowers becoming ivory.

Wood Cottage Nursery. Plant Encyclopedia

Koeleria glauca	A densely tufted grass with narrow, glaucous, grey-green leaves and silver-grey spikelets in early summer.
Kolkwitzia amabilis	A suckering shrub with arching branches of dark green leaves and masses of bell-shaped pink flowers with yellow throats from late spring to early summer.
Laburnum x watereri 'Vossii'	A spreading tree with dark green leaves and very long racemes of golden yellow flowers from late spring to early summer.
Lamium galeobdolon 'Hermann's Pride'	A dense mat-forming perennial with green leaves heavily marked silver, yellow flowers in summer.
Lamium maculatum 'Beacon Silver'	A dense mat-forming perennial with silver leaves narrowly margined with green and clear pale pink flowers in summer.
Lathyrus latifolius	A climbing perennial with winged stems and blue-green leaves and purple to pink flowers from summer to early autumn.
Laurus nobilis f. angustifolia	A conical evergreen tree or large shrub with leathery, long narrow pale green leaves with wavy-margins.
Laurus nobilis	A conical evergreen tree or large shrub with glossy, dark green, aromatic leaves.
Lavandula Vera	Strong lavender with pale blue flowers
Lavandula Papillion	attractive french lavender.pale purple flowers
Lavandula Lavender lady	light blue, fragrant foliage hgt 35cms
Lavandula Grosso	tidy compact lavender deep blue flowers
Lavandula stoechas ssp. pedunculata	
Lavandula x intermedia 'Twickel Purple'	
Lavandula stoechas 'Helmsdale'	A compact bushy shrub with narrow grey-green leaves and striking spikes of deep mauve-purple flowers topped with mauve-purple bracts in summer.
Lavandula angustifolia 'Munstead'	A compact bushy shrub with narrow grey-green leaves and spikes of purple-blue flowers from mid to late summer.
Lavandula angustifolia 'Rosea'	A very compact bushy shrub with narrow greyish green leaves and spikes of lavender-pink flowers in mid-summer.
Lavandula angustifolia 'Twickel Purple'	A compact bushy shrub with grey-green leaves and spikes of purple flowers from mid to late summer.
Lavandula x intermedia 'Grappenhall'	A rounded bushy shrub with grey-green leaves and spikes of purple-blue flowers in summer.
Lavandula x intermedia 'Seal'	A rounded bushy shrub with grey-green leaves and spikes of pale purple flowers in summer.

Wood Cottage Nursery. Plant Encyclopedia

- Lavandula angustifolia* 'Hidcote Pink' A compact bushy shrub with narrow silvery grey leaves and spikes of pink flowers from mid to late summer.
- Lavandula stoechas* f. *leucantha*
- Lavandula angustifolia* 'Loddon Pink' A compact bushy shrub with narrow grey-green leaves and spikes of soft pink flowers from mid to late summer.
- Lavandula angustifolia* 'Hidcote' A compact bushy shrub with narrow silvery grey leaves and spikes of dark purple flowers from mid to late summer.
- Lavandula stoechas* A compact bushy shrub with narrow grey-green leaves and dense spikes of dark purple flowers topped with purple bracts from late spring to summer.
- Lavatera* Hybrid Lilac Lady Lavender-violet flowers with elegant purple veining. hgt. 100 cms.
- Lavatera* Hybrid Sweet Dreams Soft Pink narrow petaled flowers. hgt. 150cms
- Leontopodium alpinum* A clump-forming alpine with narrow grey-green basal leaves and yellowish white flowers surrounded by silver-grey bracts.
- Leucanthemella serotina* An erect late-flowering perennial with large daisy-like white flowers with yellow centres.
- Leucanthemum vulgare* A variable perennial with dark green leaves and large daisy-like white flowers with yellow centres.
- Leucanthemum* x *superbum* 'Wirral Supreme' A clump-forming perennial with glossy, dark green leaves and dense white flowers with shorter petals in the centre.
- Leucanthemum* x *superbum* 'Sonnenschein' SUNSHINE
- Leucanthemum maximum* A variable perennial with dark green leaves and large daisy-like white flowers with yellow centres.
- Leucothoe Axillaris* Royal Ruby
- Leucothoe* 'Scarletta'
- Leucothoe walteri* 'Rainbow' An upright evergreen shrub with glossy dark green leaves, heavily mottled pink and cream. Clusters of white flowers in early spring.
- Lewisia cotyledon* A choice alpine forming a flat rosette of fleshy, dark green leaves and variable flowers of salmon pink with pink veining.
- Leycesteria formosa* An upright shrub with blue-green young stems and pendent white flowers surrounded by purple-red bracts, followed by purple-red berries.
- Leymus arenarius* A perennial grass with bright, pale blue-grey, narrow leaves and blue-grey spikelets in summer.
- Leymus racemosa*

Wood Cottage Nursery. Plant Encyclopedia

<i>Liatrix spicata</i> 'Floristan Violet'	Tall stems with narrow leaves topped with long-lasting violet-mauve flowers in dense spikes.
<i>Liatrix spicata</i>	Tall stems with narrow leaves topped with long-lasting purple-pink or white flowers in dense spikes.
<i>Liatrix spicata</i> 'Floristan Weiss'	Tall stems with narrow leaves topped with long-lasting white flowers in dense spikes.
<i>Liatrix spicata</i> 'Kobold' Goblin	Tall stems with narrow leaves topped with long-lasting deep purple flowers in dense spikes.
<i>Liatrix spicata</i> 'Alba'	Tall stems with narrow leaves topped with long-lasting white flowers in dense spikes.
<i>Ligularia dentata</i>	A large clump-forming perennial with rounded leaves and tall red stems of orange-yellow flowers with brown centres from mid-summer to early autumn.
<i>Ligularia dentata</i> 'Desdemona'	
<i>Ligularia dentata</i> 'Othello'	
<i>Ligularia</i> 'Gregynog Gold'	A large clump-forming perennial with rounded leaves and tall stems of golden orange flowers with brown centres.
<i>Ligularia</i> x <i>palmatiloba</i>	A large clump-forming perennial with deeply cut leaves and tall stems of orange flowers with brown centres from mid to late summer.
<i>Ligularia przewalskii</i>	A clump-forming perennial with deeply cut leaves, purple-green stems bear slender racemes of yellow flowers.
<i>Ligularia stenocephala</i> 'The Rocket'	A large clump-forming perennial with long black stems and boldly toothed leaves, slender racemes of yellow flowers with orange-yellow centres.
<i>Ligustrum lucidum</i>	A conical, evergreen shrub with glossy, dark green leaves and white flowers, followed by blue-black berries.
<i>Ligustrum ovalifolium</i>	A conical, evergreen shrub with rich green leaves. White flowers, followed by black berries.
<i>Ligustrum ovalifolium</i> 'Argenteum'	A conical, evergreen shrub with rich green leaves, margined creamy white. White flowers, followed by black berries.
<i>Ligustrum ovalifolium</i> 'Aureum'	A conical, evergreen shrub with rich green leaves, margined bright yellow. White flowers, followed by black berries.
<i>Lilium formosanum</i> var. <i>pricei</i>	A beautiful lily with trumpet-shaped white flowers strongly flushed purple on the outside in early summer.
<i>Limonium bellidifolium</i>	A compact evergreen alpine with dark green leaves and dense spikes of violet or violet-blue flowers.
<i>Limonium platyphyllum</i>	A rosette-forming evergreen perennial with dark green leaves and wiry stems of lavender-blue flowers.
<i>Limonium platyphyllum</i> 'Violetta'	A rosette-forming evergreen perennial with dark green leaves and wiry stems of deep violet flowers.

Wood Cottage Nursery. Plant Encyclopedia

Limonium Latifolium	Good cut & dried flower deep violet heads. hgt50cms
Linaria Cymbalaria	Trailing plant masses of pale blue flowers hgt10cms
Linaria alpina	A trailing short-lived perennial with blue-green leaves and clusters of bicoloured, violet and yellow flowers throughout summer.
Linaria purpurea 'Canon J Went'	An erect perennial with mid-green leaves and slender spikes of pale pink flowers throughout summer into autumn.
Linaria vulgaris	An erect perennial spreading by runners with pale green leaves and spikes of pale yellow flowers from late spring into autumn.
Linaria purpurea	An erect perennial with mid-green leaves and slender spikes of violet-purple flowers throughout summer into autumn.
Linum perenne	An erect clump-forming perennial with bluish green leaves and funnel-shaped clear blue flowers produced continuously from early to mid-summer.
Linum perenne album	An erect clump-forming perennial with bluish green leaves and funnel-shaped white flowers produced continuously from early to mid-summer.
Liquidambar formosana	A broadly conical tree with deeply divided leaves, purple when young, turning brilliant orange, red and purple in autumn.
Liquidambar styraciflua	A broadly conical tree with deeply divided, glossy leaves, turning brilliant orange, red and purple in autumn.
Liriodendron chinense	A vigorous tree with saddle-shaped, dark green leaves, turning yellow in autumn. Cup-shaped green flowers with yellow veins in mid-summer.
Liriodendron tulipifera	A vigorous tree with saddle-shaped, dark green leaves, turning yellow in autumn. Cup-shaped pale green flowers with orange bands at the bases in mid-summer.
Liriope muscari	An evergreen perennial with narrow dark green leaves, dense spikes of bright violet-mauve flowers in autumn.
Liriope muscari 'Monroe White'	An evergreen perennial with narrow dark green leaves, dense spikes of white flowers in autumn.
Liriope spicata 'Alba'	A semi-evergreen perennial with narrow dark green leaves, dense spikes of white flowers in late summer.
Lobelia siphilitica	A clump-forming perennial with soft hairy light green leaves, bright blue flowers with leafy green bracts from late summer to mid-autumn.
Lobelia 'Russian Princess'	A hybrid with mid-green, purplish leaves and magenta-pink flowers from mid to late summer.
Lobelia 'Cinnabar Rose'	A hybrid with mid-green leaves, often suffused maroon with rose flowers from mid to late summer.
Lobelia 'Compliment Scarlet'	A hybrid with mid-green leaves and scarlet flowers from mid to late summer.
Lobelia 'Fan Deep Red'	A hybrid with mid-green leaves and striking blood-red flowers from mid to late summer.

Wood Cottage Nursery. Plant Encyclopedia

Lobelia x gerardii 'Vedrariensis'	A clump-forming perennial with dark green leaves, often suffused red. Stout stems with violet-purple flowers throughout summer.
Lobelia 'Pink Flamingo'	A hybrid with mid-green leaves, often suffused maroon with shocking pink flowers from mid to late summer.
Lobelia 'Queen Victoria'	A short-lived perennial with deep purple-red stems and leaves, scarlet flowers from late summer to mid-autumn.
Lobelia sessilifolia	A perennial with green leaves and spikes of violet flowers from summer to early autumn.
Lobelia siphilitica 'Alba'	A clump-forming perennial with soft hairy light green leaves, white flowers from late summer to mid-autumn.
Lobelia cardinalis	A short-lived perennial with bronze-tinted bright green leaves, scarlet-red flowers with reddish purple bracts from summer to early autumn.
Lonicera periclymenum 'Graham Thomas'	A twining climber with mid-green leaves and very fragrant white flowers that turn yellow.
Lonicera periclymenum 'Serotina'	A twining climber with mid-green leaves and very fragrant creamy white flowers streaked dark purple-red.
Lonicera rupicola var. syringantha	A graceful rounded shrub with grey-green leaves, very fragrant lilac-pink flowers in late spring and early summer, followed by red berries.
Lonicera similis var. delavayi	A twining climber with bright green leaves and white flowers becoming yellow.
Lonicera tatarica 'Arnold's Red'	An upright shrub with masses of rose-pink flowers from late spring to early summer, followed by red berries.
Lonicera Tatarica	
Lonicera periclymenum	A twining climber with mid-green leaves and very fragrant white to yellow flowers, often red-flushed.
Lonicera nitida Lemon Beauty	Good yellow-green variegated leaves
Lonicera nitida 'Silver Beauty'	A bushy evergreen shrub with green leaves, margined white, creamy white flowers in spring.
Lonicera x italica 'Harlequin'	
Lonicera nitida 'Baggesen's Gold'	A bushy evergreen shrub with bright yellow leaves, creamy white flowers in spring.
Lonicera x americana	A twining climber with dark green leaves. Very fragrant, large, yellow flowers strongly flushed purple-red in summer and early autumn.
Lonicera nitida	A bushy evergreen shrub with glossy, dark green leaves, creamy white flowers in spring, followed by glossy, purple-blue berries.
Lonicera japonica 'Hall's Prolific'	A twining climber with dark green leaves and very fragrant white flowers ageing to yellow, followed by blue-black berries.

Wood Cottage Nursery. Plant Encyclopedia

Lonicera japonica 'Halliana'	A twining climber with dark green leaves and very fragrant white flowers ageing to yellow, followed by blue-black berries.
Lonicera henryi	A twining climber with glossy dark green leaves and fragrant yellow throated purplish red flowers followed by purple-black berries.
Lonicera x heckrottii 'Gold Flame'	A twining climber with dark green leaves, blue-green beneath. Bright clusters of tubular, pink, orange and yellow flowers in summer.
Lonicera x brownii 'Dropmore Scarlet'	A twining climber with blue-green leaves. Clusters of rich bright scarlet trumpet-shaped flowers in summer.
Lonicera etrusca 'Superba'	A twining climber with mid-green leaves and very fragrant cream flowers that turn orange, followed by red berries.
Lonicera periclymenum 'Belgica'	A twining climber with mid-green leaves and very fragrant white flowers that turn yellow. and are richly streaked red outside.
Lonicera x heckrottii	A twining climber with dark green leaves, blue-green beneath. Clusters of tubular, pink, orange and yellow flowers in summer.
Lonicera fragrantissima	A bushy shrub with dull green leaves, blue-green beneath and very fragrant creamy white flowers in winter and early spring, followed by dull red berries.
Lotus hirsutus	
Lupinus 'Chandelier'	A clump-forming perennial with attractive foliage and spikes of bright yellow flowers.
Lupinus arboreus	A bushy evergreen shrub with grey-green foliage and fragrant spikes of yellow flowers.
Luzula nivea	A tufted evergreen grass with narrow deep green leaves and tight clusters of shiny pure white flowers.
Luzula sylvatica 'Aurea'	A densely tufted evergreen grass with bright, shiny yellow leaves in winter, yellow-green in summer and clusters of open chestnut-brown flowers.
Luzula sylvatica	A densely tufted evergreen grass with narrow, glossy, deep green leaves and clusters of open chestnut-brown flowers.
Lychnis coronaria Hutchinsons cream	
Lychnis Viscaria Snowbird	White-silver leaves with white flower heads hgt40cms
Lychnis Viscaria Splendens	Deep bronze leaves with red flowers.hgt 50cms
Lychnis viscaria	A tufted perennial with narrow, dark green leaves and purplish pink flowers from early to mid-summer.
Lychnis coronaria Oculata	An erect perennial with woolly silver-grey leaves and open white flowers with a pink eye in late summer.
Lychnis coronaria 'Angel's Blush'	An erect perennial with woolly silver-grey leaves and open white flowers with a pink eye when ageing in late summer.

Wood Cottage Nursery. Plant Encyclopedia

<i>Lychnis chalcedonica</i> 'Rosea'	An erect perennial with mid-green leaves and rounded clusters of star-shaped rose-pink flowers.
<i>Lychnis coronaria</i>	An erect perennial with woolly silver-grey leaves and open purple-red or pale purple flowers in late summer.
<i>Lychnis coronaria</i> Alba	An erect perennial with woolly silver-grey leaves and open pure white flowers in late summer.
<i>Lychnis chalcedonica</i>	An erect perennial with mid-green leaves and rounded clusters of star-shaped scarlet flowers.
<i>Lychnis alpina</i>	A dwarf tufted perennial with rosettes of dark green leaves and rounded clusters of purplish pink flowers.
<i>Lychnis x arkwrightii</i> 'Vesuvius'	A short-lived perennial with hairy, dark brownish green leaves and star-shaped, orange-scarlet flowers from early to mid-summer.
<i>Lychnis chalcedonica</i> var. <i>albiflora</i>	An erect perennial with mid-green leaves and rounded clusters of star-shaped white flowers.
<i>Lysimachia Punctata</i> Variegated	Spikes of bright yellow flowers attractive vari. foliage hgt75cms
<i>Lysimachia punctata</i>	A clump-forming perennial with softly hairy, dark green leaves and attractive spikes of cup-shaped, yellow flowers.
<i>Lysimachia nummularia</i> 'Aurea'	A spreading, stem-rooting, prostrate or trailing perennial with rounded golden yellow leaves and cup-shaped bright yellow flowers.
<i>Lysimachia nummularia</i>	A spreading, stem-rooting, prostrate or trailing perennial with rounded green leaves and cup-shaped bright yellow flowers.
<i>Lysimachia minoricensis</i>	A perennial with mid-green leaves and attractive short spikes of cream flowers.
<i>Lysimachia ephemerum</i>	A clump-forming perennial with narrow grey-green leaves and attractive spikes of white flowers.
<i>Lysimachia clethroides</i>	A spreading perennial with mid-green leaves and attractive arching spikes of white flowers.
<i>Lysimachia ciliata</i> 'Firecracker'	An attractive perennial with reddish purple leaves and slightly pendent, star-shaped yellow flowers with a small reddish brown centre.
<i>Lysimachia ciliata</i>	An erect perennial with hairy mid-green leaves and slightly pendent, star-shaped yellow flowers with a small reddish brown centre.
<i>Lysimachia atropurpurea</i>	A bi annual with grey, crinkle-edged leaves with pale veins and attractive burgundy flowers. Self-seeds.
<i>Lythrum virgatum</i> 'Rosy Gem'	A clump-forming erect perennial with tall spikes of rose-pink flowers from mid-summer to early autumn.
<i>Lythrum salicaria</i> 'Blush'	A clump-forming erect perennial with tall spikes of soft light pink flowers from mid-summer to early autumn.
<i>Lythrum salicaria</i> 'Feuerkerze' Firecandle	A clump-forming erect perennial with tall spikes of rose-red flowers from mid-summer to early autumn.

Wood Cottage Nursery. Plant Encyclopedia

Macleaya cordata	A tall perennial with grey to olive green lobed leaves, white downy beneath and large plume-like buff-white flowers from mid to late summer.
Macleaya microcarpa 'Kelway's Coral Plume'	A tall perennial with grey to olive green lobed leaves, white downy beneath and large plume-like, deep buff to coral-pink flowers from early to mid-summer.
Magnolia stellata	A compact bushy tree with mid-green leaves and star-shaped, pure white flowers produced from early to mid-spring.
Magnolia x soulangeana	A rounded tree with dark green leaves and large goblet-shaped flowers in varying shades of dark purple-pink through to white from mid to late spring before the leaves.
Mahonia x media 'Lionel Fortescue'	An erect shrub with dark green leaves, sharply toothed. Bright yellow fragrant flowers in dense upright clusters from late autumn to late winter.
Mahonia aquifolium	An open suckering shrub with bright green spiny toothed leaves often turning purple-red in winter. Clusters of yellow flowers in spring followed by blue-black berries.
Mahonia japonica	An erect shrub with dark green leaves, sharply toothed. Fragrant pale yellow flowers late autumn to early spring followed by purple-blue berries.
Mahonia x media 'Buckland'	An erect shrub with dark green leaves, sharply toothed. Bright yellow to lemon yellow fragrant flowers from late autumn to late winter.
Mahonia x media 'Charity'	An erect shrub with dark green leaves, sharply toothed. Bright yellow fragrant flowers in dense clusters from late autumn to late winter.
Mahonia x media 'Winter Sun'	An erect shrub with dark green leaves, sharply toothed. Bright yellow fragrant flowers in dense arching clusters from late autumn to late winter.
Malus x zumi 'Golden Hornet'	A rounded tree with bright green leaves. Pretty white flowers open from pink buds in late spring followed by long-lasting golden yellow fruits.
Malus domestica 'Spartan'	A mid-season dessert apple with a firm crisp texture, sweet and juicy flavour. Heavy cropper.
Malus domestica 'Sunset'	A mid-season dessert apple with a firm, crisp, fine texture, sweet and juicy flavour.
Malus domestica 'Worcester Pearmain'	An early to mid-season dessert apple with a sweet, perfumed, juicy flavour.
Malus 'John Downie'	The best fruiting crab apple tree with white flowers opening from pale pink buds in late spring followed by attractive orange and red fruits.
Malus x moerlandsii 'Liset'	A rounded tree with bronze-green leaves, reddish purple when young. Pretty dark purple-pink flowers open from dark red buds in late spring followed by purple-red fruits.
Malus x moerlandsii 'Profusion'	A spreading tree with bronze-green leaves, purple-red when young. Pretty dark, purple-pink flowers in late spring, followed by reddish purple fruits.
Malus x robusta 'Red Sentinel'	A broadly upright tree with dark green leaves. Pretty, white flowers in late spring followed by glossy, dark red fruits.
Malus domestica 'Bramley's Seedling'	A late season culinary apple with sharp flavour. The most popular commercial and home grown cooking apple.
Malus domestica 'Ribston Pippin'	A late season dessert apple with a sweet subacid flavour. Scab resistant.

Wood Cottage Nursery. Plant Encyclopedia

Malus domestica 'Arthur Turner'

Malus 'Royalty'

A spreading tree with attractive dark purple leaves turning red in autumn. Pretty crimson-purple flowers in spring followed by red fruits.

Malus domestica 'Blenheim Orange'

A mid to late season dessert or culinary apple with a rich aromatic flavour at its best around Christmas.

Malus domestica 'Beauty of Bath'

An early season dessert apple with a sweet aromatic flavour. Moderately scab resistant and heavy cropping.

Malus domestica 'Ashmead's Kernel'

A late to very late season russet, dessert apple with a sweet, juicy, aromatic flavour.

Malus x schiedeckeri 'Red Jade'

A weeping tree with glossy, dark green leaves. Pretty, pink-flushed white flowers open from red buds in late spring followed by glossy, bright red fruits.

Malus domestica 'Howgate Wonder'

Malus domestica 'Charles Ross'

A mid to late season dessert or culinary apple with a sweet juicy flavour. Reasonably scab resistant.

Malus domestica 'Reverend W Wilks'

Malus domestica 'Egremont Russet'

A mid-season dessert apple with a fine textured juicy, sweet nutty flavour.

Malus domestica 'Cox's Orange Pippin'

Malus domestica 'Ellison's Orange'

A mid-season dessert apple with a good juicy flavour.

Malus domestica 'Golden Delicious'

Malus domestica 'Fortune'

A good quality mid-season dessert apple with sweet juicy, aromatic flavour.

Malus domestica 'Fiesta'

A mid-season dessert apple with a crisp, sweet juicy, cox-like flavour. Heavy cropper.

Malus 'Van Eseltine'

An upright tree with glossy, mid-green leaves. Pretty double pink flowers in late spring followed by red-flushed yellow fruits.

Malus domestica 'Grenadier'

Malus domestica 'Discovery'

A mid-season dessert apple with a fine textured juicy, fairly sweet with a pleasant flavour.

Malus domestica 'James Grieve'

A mid-season dessert apple with a very juicy refreshing flavour.

Malus domestica 'Jupiter'

A mid-season dessert apple with a crisp, juicy flavour. Cannot be used as a pollinator.

Wood Cottage Nursery. Plant Encyclopedia

Malus domestica 'Lane's Prince Albert'

Malus domestica 'Laxton's Superb'

A late season desert apple with fine texture, very juicy sweet flavoured.

Malus domestica 'Lord Derby'

A mid-season culinary apple with sharp flavour. A hardy reliable cropper with good scab resistance.

Malus domestica 'Lord Lambourne'

An early season, high quality desert apple with a juicy sweet aromatic flavour.

Malus domestica 'Newton Wonder'

A late to very late season culinary apple with a sharp flavour. Reasonably scab and canker resistant.

Malus domestica 'Orleans Reinette'

A late to very late season dessert apple with a sweet nutty orangy flavour.

Malus domestica 'Greensleeves'

A mid-season desert apple with a crisp, juicy mild refreshing flavour.

Malva moschata alba

An erect, woody-based perennial with slightly musk-scented leaves and saucer-shaped white flowers from early summer into autumn.

Malva moschata

An erect, woody-based perennial with slightly musk-scented leaves and saucer-shaped pale pink or white flowers from early summer into autumn.

Matricaria White Star

Large clusters of white button flowers. hgt30cms

Matricaria Snowball

White button flowers. hgt30cms

Matricaria Golden ball

Yellow button flowers. hgt 30cms

Matteuccia struthiopteris

A beautiful fern with bright pale green fronds which unfurl in spring to form tight 'shuttlecocks'.

Meconopsis Baileyii

Meconopsis grandis

A choice perennial with rosettes of dark green hairy leaves. Beautiful cup-shaped rich blue to purplish red flowers with yellow anthers in early summer.

Melissa officinalis

A bushy upright perennial with wrinkled, light green leaves and spikes of yellow flowers throughout summer.

Melissa officinalis 'Aurea'

A bushy upright perennial with wrinkled, dark green leaves heavily splashed gold at the margins and spikes of yellow flowers throughout summer.

Melissa officinalis 'All Gold'

A bushy upright perennial with wrinkled, golden yellow leaves and spikes of white flowers throughout summer.

Mentha requienii

A mat-forming perennial with peppermint-scented bright green leaves. Tiny clusters of lilac flowers in summer.

Mentha x gracilis

A strongly aromatic, spreading perennial with red-tinted stems and green leaves. Dense clusters of lilac flowers in summer.

Wood Cottage Nursery. Plant Encyclopedia

Mentha x piperita f. citrata 'Lemon'	An aromatic, spreading perennial with leaves mildly lemon scented. Dense clusters of purple flowers in summer.
Mespilus germanica 'Nottingham'	A spreading tree with dark green leaves turning yellow-brown in autumn. White flowers followed by edible brown fruit, ripening after the first frosts in late autumn.
Metasequoia glyptostroboides	A neat narrow deciduous conical tree with bright green, feathery leaves turning gold in autumn. Produces brown round cones.
Milium effusum 'Aureum'	A slowly spreading bright golden yellow perennial grass with delicate rich golden yellow spikelets.
Mimulus 'Highland Red'	An alpine with hairy pale green leaves and pretty trumpet-shaped red flowers.
Mimulus 'Highland Yellow'	An alpine with hairy pale green leaves and pretty trumpet-shaped pale creamy yellow flowers with a few spots inside.
Mimulus primuloides	An alpine with light to mid-green leaves and pretty trumpet-shaped yellow flowers with red spots throughout summer.
Mimulus aurantiacus	An erect shrub with glossy, rich green leaves and pretty open trumpet-shaped yellow, orange or red flowers with wavy petals.
Mimulus 'Andean Nymph'	An alpine with light green leaves and pretty funnel-shaped pink and cream flowers with spots inside.
Miscanthus sinensis Flamingo	
Miscanthus sinensis 'Silberfeder' Silver Feather	A tall elegant grass with narrow green leaves with a silver midrib and large plumes of silver-white flowers.
Miscanthus sinensis 'Malepartus'	An elegant grass with narrow bronze-tinted, green leaves and rich purple-red flower plumes.
Miscanthus sinensis 'Kleine Fontäne'	An elegant grass with narrow green leaves with a stripe and large plumes of silver-red flowers.
Miscanthus sinensis 'Morning Light'	An elegant grass with narrow green leaves margined creamy white and silvery flower plumes.
Miscanthus sinensis 'Gracillimus'	A robust tall grass with very narrow grey-green with pale silver-green midribs. Silvery white spikelets.
Miscanthus sinensis 'Kleine Silberspinne'	An elegant grass with narrow spidery, horizontally held, green leaves with a silver midrib and large plumes of red-brown flowers.
Miscanthus sinensis Silberspinne	
Miscanthus sinensis 'Variegatus'	An elegant grass with arching narrow green leaves striped white and plumes of silver flowers.
Miscanthus purpurascens	
Miscanthus sinensis 'Zebrinus'	An elegant grass with arching narrow green leaves with bands of yellow and plumes of silver flowers.

Wood Cottage Nursery. Plant Encyclopedia

Miscanthus floridulus

Miscanthus Giganteus

Miscanthus sinensis Strictus

Mitraria coccinea

An attractive evergreen subshrub with trailing or climbing stems with glossy green leaves and scarlet-red tubular flowers.

Molinia caerulea arundinacea

Molinia caerulea ssp. caerulea
'Variegata'

A densely tufted grass with narrow cream striped, green leaves and purple-tinted flower spikes.

Molinia caerulea arundinacea Karl
Foerster

Monarda 'Beauty of Cobham'

An aromatic clump-forming perennial with pale pink flowers with purple-pink bracts.

Monarda 'Cambridge Scarlet'

An aromatic clump-forming perennial with rich scarlet-red flowers.

Monarda 'Croftway Pink'

An aromatic clump-forming perennial with clear rose-pink flowers.

Monarda didyma

An aromatic clump-forming perennial with scarlet or pink flowers with red tinged bracts.

Monarda 'Fishes' Pisces

An aromatic clump-forming perennial with pink flowers.

Monarda Alba (snow maiden)

Monarda 'Mahogany'

An aromatic clump-forming perennial with wine red flowers.

Monarda Bee Favourite

Mauve flowers. hgt 60cms

Monarda Mohawk

Mauve-purple flowers.hgt100cms

Morus nigra

A spreading tree with dark green leaves, velvety underneath. Cup-shaped green flowers followed by green fruit ripening to red and then dark purple. Edible fruit.

Musa Basjoo Cavendish Dwarf

Ornamental Banana tree. NEEDS WINTER PROTECTION.

Musa Basjoo

Musa Basjoo Tropicana

Ornamental Banana Tree. NEEDS WINTER PROTECTION.

Wood Cottage Nursery. Plant Encyclopedia

Myrtus communis 'Variegata'

Myrtus communis

An evergreen shrub with glossy dark green leaves and pretty, fragrant, white flowers with conspicuous white stamens, followed by purple-black berries.

Myrtus communis ssp. tarentina

A compact evergreen shrub with glossy dark green leaves and pretty, fragrant, pink-tinted, cream flowers with conspicuous stamens, followed by white berries.

Myrtus communis ssp. tarentina
'Microphylla Variegata'

Myrtus Ugni molinae

Nandina domestica

An evergreen shrub with elegant green foliage and pretty white flowers with large yellow anthers in mid-summer followed by bright red fruit.

Nandina domestica 'Firepower'

A compact, dwarf evergreen shrub with elegant red leaves and pretty white flowers with large yellow anthers in mid-summer followed by bright red fruit.

Neillia tibetica

A thicket-forming, suckering shrub with arching stems and pretty racemes of rose-pink flowers.

Nepeta 'Six Hills Giant'

A vigorous perennial with aromatic light grey-green leaves and abundant lavender-blue flowerspikes.

Nepeta Frassenii Alba

Low growing with white flowers. hgt 30 cms

Nepeta subsessilis

A clump-forming perennial with aromatic dark green leaves and bright blue flowerspikes from mid-summer to early autumn.

Nepeta racemosa

A clump-forming perennial with aromatic green leaves and deep blue to violet-blue flowers in summer.

Nepeta nervosa

A bushy perennial with grey-green leaves and purple-blue dense flowerspikes from mid-summer to early autumn.

Nepeta longipes

A clump-forming perennial with aromatic grey-green leaves and lilac-purple flowerspikes in summer.

Nepeta grandiflora 'Dawn to Dusk'

A clump-forming perennial with softly hairy, aromatic leaves and soft pink flowerspikes in early summer.

Nepeta x faassenii

An erect clump-forming perennial with aromatic silvery grey-green leaves and pale lavender-blue flowers from early summer to early autumn.

Nepeta cataria

A clump-forming perennial with aromatic grey leaves and white flowerspikes.

Nepeta racemosa 'Walker's Low'

A clump-forming perennial with aromatic green leaves and mauve-blue flowers in summer.

Nepeta racemosa 'Snowflake'

A clump-forming perennial with aromatic green leaves and white flowers in summer.

Nierembergia Caerulea

Small, long blooming plant with cup-shaped flowers have blue veins over a white background and a small yellow eye.

Wood Cottage Nursery. Plant Encyclopedia

Nothofagus antarctica	A broadly conical tree, often multi-stemmed with glossy, finely toothed, dark green leaves with crinkle-margins turning yellow in autumn.
Ocimum basilicum	A bushy aromatic herb with bright green leaves. Produces purple tinged, white flowers in late summer.
Oenothera Crown Imperial	
Oenothera Fruitcosa Youngii	Deep yellow-orange flowers hgt45cms
Oenothera fruticosa 'Fyrverkeri' Fireworks	An erect perennial with purple-brown flushed leaves and spikes of bowl-shaped yellow flowers opening from red buds from late spring to late summer.
Oenothera speciosa	A spreading perennial with mid-green leaves. Saucer-shaped, very fragrant white flowers from early summer to early autumn.
Oenothera speciosa 'Pink Petticoats'	A spreading perennial with mid-green leaves. Saucer-shaped, very fragrant white flowers, suffused pink around the edges from early summer to early autumn.
Oenothera Tetragona	Golden yellow flowers hgt50cms
Olea europaea	An evergreen rounded tree with grey-green leathery leaves and tiny fragrant, creamy white flowers followed by edible green fruits ripening to black.
Omphalodes verna 'Alba'	A semi-evergreen perennial with creeping stems and pretty white flowers in spring.
Omphalodes verna	A semi-evergreen perennial with creeping stems and pretty bright blue flowers with a white eye in spring.
Omphalodes cappadocica 'Starry Eyes'	An evergreen perennial with lustrous leaves and pretty deep blue flowers with a central white stripe on each petal in early spring.
Onoclea sensibilis	A deciduous fern with finely cut pale green fronds.
Ophiopogon planiscapus	A clump-forming perennial with narrow, curving, dark green leaves. Clusters of pale purplish white flowers followed by dark blue-black fruit.
Ophiopogon planiscapus 'Nigrescens'	A clump-forming perennial with narrow, curving, almost black leaves. Clusters of pale purplish white flowers followed by dark blue-black fruit.
Origanum vulgare 'County Cream'	A bushy woody based perennial with pretty variegated cream and green leaves and clusters of small purple-pink flowers in summer.
Origanum laevigatum 'Hopleys'	An erect perennial with dark green leaves and narrow clusters of large deep pink flowers with purple-red bracts from late spring to autumn.
Origanum majorana	An upright subshrub with grey-green leaves and clusters of tubular pink or white flowers with grey-green bracts in summer.
Origanum laevigatum	An erect perennial with dark green leaves and clusters of small funnel-shaped purplish pink flowers with purple-red bracts from late spring to autumn.
Origanum 'Kent Beauty'	A prostrate, evergreen subshrub with bright green leaves and clusters of tubular pink to mauve flowers with pretty, deep rose-pink bracts in summer.

Wood Cottage Nursery. Plant Encyclopedia

Origanum vulgare 'Aureum'	A spreading perennial with aromatic golden leaves and clusters of small tubular pink flowers with purple tinted green bracts from mid-summer to early autumn.
Osmunda regalis 'Purpurascens'	A deciduous fern forming dense clumps of red-flushed fronds in spring becoming bright green.
Osmunda regalis	A deciduous fern forming dense clumps of bright green fronds.
Oxalis tetraphylla 'Iron Cross'	A clump-forming perennial with mid-green leaves with a dark purple band at the base and pretty, widely funnel-shaped reddish purple flowers.
Pachysandra terminalis 'Variegata'	A spreading evergreen perennial with toothed, dark green leaves with attractive white margins , tiny clusters of white flowers.
Pachysandra terminalis	A spreading evergreen perennial with toothed, dark green leaves, tiny clusters of white flowers.
Paeonia delavayi var. lutea	An upright shrub with deeply cut dark green leaves, produces single, cup-shaped , vivid yellow flowers.
Paeonia lactiflora 'Bowl of Beauty'	A clump-forming perennial with mid-green foliage and pretty, single large, bowl-shaped rose-pink flowers with a central boss of creamy yellow stamens.
Paeonia lactiflora 'Duchesse de Nemours'	A clump-forming perennial with deep green foliage and pretty, large double, ruffled pure white flowers.
Paeonia lactiflora 'Festiva Maxima'	A clump-forming perennial with mid-green foliage and pretty, large double, loosely arranged, pure white flowers with crimson marks at the base of each petal.
Paeonia lactiflora 'Karl Rosenfield'	A clump-forming perennial with mid-green, deeply cut foliage and pretty, large double, garnet red flowers.
Paeonia lactiflora 'Sarah Bernhardt'	A clump-forming perennial with mid-green, deeply cut foliage and pretty, very large double, apple blossom pink flowers tinted and shaded with silver.
Paeonia Officinalis Mollis	Single red flowers, large centers filled with orange-yellow stamens hgt45cms.
Paeonia Barrington Belle	Japanese. double purple flowers. hgt90cms
Paeonia lactiflora 'Shirley Temple'	A clump-forming perennial with deep green foliage and pretty, large double, rose-pink flowers fading to white.
Panicum virgatum Heavy Metal	
Panicum virgatum	
Panicum Virgatum The Warrior	Height 5ft. in flower. Some red foliage in autumn
Papaver orientale Firework	Bright red flowers very floriferous. hgt50cms
Papaver orientale 'Patty's Plum'	An upright, spreading perennial with bristly, green leaves and single, velvety plum purple flowers. An amazing colour.

Wood Cottage Nursery. Plant Encyclopedia

Papaver Pacino	Yellow flower heads hgt10cms
Papaver orientale Coral Reef	Coral Pink flowers
Papaver Orientale Victoria Louise	Salmon pink flowers hgt80cms
Papaver Tutu	Semi double bright orange flowers hgt 70cms
Papaver orientale Petticoat	
Papaver orientale Mrs Perry	
Papaver orientale Pinnacle	
Papaver orientale Raspberry Queen	
Papaver orientale Springtime	
Papaver orientale Watermellon	
Papaver orientale Wunderkind	
Papaver orientale Garden Glory	
Papaver orientale Checkers	Pure white flowers marked with black cross in center hgt 75cms
Papaver alpinum	A short-lived alpine with grey-green leaves and white, yellow, orange or red saucer-shaped flowers.
Papaver orientale 'Mrs Perry'	An upright, spreading perennial with bristly, green leaves and large, single, salmon-pink flowers.
Papaver orientale 'Karine'	An upright, spreading perennial with bristly, green leaves and single, saucer-shaped, pale salmon-pink flowers.
Papaver orientale 'Helen Elisabeth'	A spreading perennial with bristly, green leaves and single warm pink flowers.
Papaver orientale Beauty of Livermere' (Goliath Group)	A spreading perennial with bristly, green leaves and single scarlet-crimson flowers, with a black blotch at the base of each petal.
Papaver orientale 'Curlilocks'	A spreading perennial with bristly, green leaves and bright scarlet flowers with frilly petals and a black centre.
Papaver orientale 'Perry's White'	A spreading perennial with bristly, green leaves and single white flowers with a maroon-purple centre.

Wood Cottage Nursery. Plant Encyclopedia

Papaver orientale 'Allegro'	A spreading perennial with bristly, green leaves and bright orange-scarlet flowers with a bold, black basal blotch.
Papaver orientale 'Prinzessin Victoria Louise'	
Papaver orientale 'Türkenlouis'	A spreading perennial with bristly, green leaves and single red flowers.
Papaver orientale 'Picotée'	A spreading perennial with bristly, green leaves and single white flowers, edged scarlet with ruffled petals.
Papaver orientale 'Black and White'	A spreading perennial with bristly, green leaves and single white flowers with a bold, crimson-black basal blotch on each petal.
Parahebe lyallii	A prostrate shrub with leathery leaves and saucer-shaped, white to pink flowers, with a red eye.
Parahebe catarractae	A spreading subshrub with dark green leaves, tinged purple when young. White or mauve flowers, veined purple with a red eye.
Parahebe catarractae white	A spreading subshrub with dark green leaves, tinged purple when young. Pure white flowers.
Parrotia persica	A spreading tree grown mainly for its rich yellow, orange and purple-red autumn colour. Tiny spider-like red flowers in late winter to early spring.
Parthenocissus henryana	A climber with dark green leaves attractively veined white and sometimes pink in the centre. Turns a rich, bright red in autumn.
Parthenocissus tricuspidata 'Veitchii'	A vigorous climber with bright green leaves, turning dark purple-red in autumn.
Parthenocissus quinquefolia	A vigorous climber with dull mid-green leaves, turning a red in autumn.
Parthenocissus tricuspidata	A vigorous climber with bright green leaves, turning brilliant red to purple in autumn.
Passiflora caerulea	A vigorous climber with rich green leaves and bowl-shaped white flowers with blue tips in summer followed by orange-yellow fruit.
Peltiphyllum peltatum	
Pennisetum alopecuroides 'Hameln'	A clump-forming perennial grass with narrow dark green leaves, turning gold in autumn. Attractive greenish white flowers, grey-brown when mature in summer.
Pennisetum alopecuroides Little Bunny	
Pennisetum orientale	A mound-forming perennial grass with narrow dark green leaves. Attractive bristly, pink flowers like bottle brushes in mid to late summer.
Pennisetum alopecuroides	A clump-forming perennial grass with narrow dark green leaves. Attractive yellow-green to dark purple flowers in summer and autumn.
Pennisetum villosum	A loosely tufted perennial grass with narrow mid-green leaves.

Wood Cottage Nursery. Plant Encyclopedia

Penstemon pinifolius	An evergreen subshrub with narrow, needle-like leaves. Narrow tubular-shaped, pretty bright scarlet flowers in summer.
Penstemon 'Windsor Red'	
Penstemon 'Hidcote Pink'	A narrow-leaved bushy perennial with small, pretty tubular-shaped, pale pink flowers with crimson veins inside.
Penstemon 'Russian River'	A large-leaved perennial with large tubular-shaped, pretty dark purple flowers.
Penstemon Garnet	
Penstemon 'King George V'	A narrow-leaved bushy perennial with small, pretty tubular-shaped, bright red flowers with a white throat and red marks inside.
Penstemon 'White Bedder'	A large-leaved perennial with large tubular-shaped, pretty pure white flowers becoming pink tinged.
Penstemon 'Osprey'	A large-leaved bushy perennial with exquisite, tubular-shaped, green flowers with a soft pink mouth.
Penstemon 'Hewell Pink Bedder'	
Penstemon pinifolius 'Mersea Yellow'	An evergreen subshrub with narrow, needle-like leaves. Narrow tubular-shaped, pretty bright deep yellow flowers in summer.
Penstemon 'Purple Bedder'	A large-leaved perennial with large tubular-shaped, pretty purple-maroon flowers.
Penstemon 'Sour Grapes'	A large-leaved perennial with large tubular-shaped, pretty greyish blue flowers, suffused purple and green.
Penstemon 'Stapleford Gem'	A large-leaved perennial with large tubular-shaped, pretty lilac-purple flowers with a white throat and veined purple.
Penstemon 'Rubicundus'	A large-leaved perennial with large tubular-shaped, pretty warm red flowers.
Penstemon 'Apple Blossom'	A narrow-leaved bushy perennial with small, pretty tubular-shaped, pale pink flowers with white throat.
Penstemon 'Thorn'	A bushy perennial with tubular-shaped, pretty white flowers with a narrow pink rim, opening from deep pink buds.
Penstemon 'Mother of Pearl'	A narrow-leaved bushy perennial with small, pretty tubular-shaped, pearl-mauve flowers tinted pink and white with a white throat and red marks inside.
Penstemon Iron Maiden	Green-blue foliage with red flowers 100cms
Penstemon Vesuvius	Deep mauve and white throat
Penstemon Maurice Gibb	Cerise red with white throat hgt75cms

Wood Cottage Nursery. Plant Encyclopedia

Penstemon Lady Alice Hindley	Large pale mauve flowers with white throat and veining
Penstemon 'Beech Park'	A narrow-leaved bushy perennial with large, pretty tubular-shaped, pink and white flowers.
Penstemon Husker Red	Pale pink tubular flowers with bronze-red foliage.hgt 60cms
Penstemon 'Flamingo'	A bushy perennial with small, pretty tubular-shaped, pink flowers with a white spotted throat.
Penstemon Wisley Flame	evergreen, needle like foliage tubular bright scarlet flowers.hgt 40cms
Penstemon 'Alice Hindley'	A large-leaved bushy perennial with large, pretty tubular-shaped, pale lilac-blue flowers with white throat.
Penstemon barbatus	An erect perennial with basal rosettes of narrow leaves and tubular-shaped, pretty red flowers.
Penstemon 'Evelyn'	A narrow-leaved bushy perennial with small, pretty tubular-shaped, rose-pink flowers paler pink inside with pink veins.
Penstemon 'Blackbird'	A large-leaved bushy perennial with large, pretty tubular-shaped, deepest purple-red flowers.
Penstemon confertus	A perennial with narrow basal leaves and clusters of tubular-shaped, pretty yellow to yellowish white flowers.
Penstemon 'Countess of Dalkeith'	
Penstemon digitalis 'Husker Red'	A perennial with narrow basal leaves, maroon-red when young and clusters of tubular-shaped, pretty white flowers, tinted pink in summer.
Penstemon 'Andenken an Friedrich Hahn'	A narrow-leaved bushy perennial with large, pretty tubular-shaped, deep wine-red flowers.
Penstemon Jingle Bells	Orange-red flowers

Perovskia atriplicifolia

An upright shrub with deeply cut grey-green leaves and spikes of violet-blue flowers in late summer and early autumn.

Perovskia 'Blue Spire'

An upright shrub with deeply cut silver-grey leaves and spikes of violet-blue flowers in late summer and early autumn.

Persicaria affinis

A mat-forming evergreen perennial with dark green leaves turning red in autumn and spikes of bright rose-red flowers.

Persicaria Hybrid Red Dragon

Bushy plant with wiry red stems. spear shaped leaves with a red tinge detailed with black markings edged in white. small clusters of white flowers

Persicaria affinis 'Superba'

A mat-forming, evergreen perennial with dark green leaves turning brown in autumn and spikes of pale pink flowers becoming deep pinkish red.

Persicaria amplexicaulis

A clump-forming, semi-evergreen perennial with mid-green leaves and slender spikes of red, purple or white flowers.

Persicaria amplexicaulis
'Atrosanguinea'

A clump-forming, semi-evergreen perennial with mid-green leaves and slender spikes of deep crimson flowers.

Persicaria amplexicaulis 'Inverleith'

A clump-forming, semi-evergreen perennial with dark green leaves and short spikes of dark red flowers.

Persicaria bistorta

A clump-forming, semi-evergreen perennial with handsome mid-green leaves and short spikes of pale pink or white flowers.

Persicaria bistorta 'Superba'

A clump-forming, semi-evergreen perennial with handsome mid-green leaves and short dense spikes of soft pink flowers.

Persicaria virginiana 'Painter's Palette'

An upright perennial perennial with multi-coloured foliage with V-shaped marks and loose spikes of green flowers flowers turning red.

Persicaria affinis 'Darjeeling Red'

A mat-forming, evergreen perennial with large, dark green leaves turning red in autumn and spikes of pink flowers turning red when mature.

Wood Cottage Nursery. Plant Encyclopedia

- Phalaris arundinacea* var. *picta* 'Picta' A pretty grass with mid-green and white striped leaves, occasionally striped yellow. Panicles of pale green flushed purple flowers in early summer.
- Phalaris arundinacea*
- Phalaris arundinacea* var. *picta* 'Feesey' A pretty grass with light green and white striped leaves, pink flushed at the stem bases. Panicles of green flushed purple flowers in early summer.
- Philadelphus* Frosty Morn
- Philadelphus* 'Belle Etoile' An arching shrub with clusters of fragrant, single cup-shaped, white flowers with a purple-flushed centre.
- Philadelphus* 'Silberregen' Silver Showers A rounded shrub with arching stems and clusters of fragrant, single cup-shaped, pure white flowers.
- Philadelphus* 'Manteau d'Hermine' An arching shrub with clusters of double, very fragrant, creamy white flowers.
- Philadelphus* 'Innocence' An upright shrub with green leaves mottled yellow and clusters of single or semi-double, very fragrant, white flowers.
- Philadelphus coronarius* 'Aureus' An upright shrub with golden yellow leaves turning yellow-green in summer. Clusters of single, very fragrant, creamy white flowers.
- Philadelphus* 'Virginal' An upright shrub with clusters of double, very fragrant, pure white flowers.
- Phlomis tuberosa* Purple-rose coloured flowers. hgt.150cms
- Phlomis fruticosa* A mound-forming, shrub with grey-green leaves, woolly beneath and dark golden yellow flowers in early and mid-summer.
- Phlomis russeliana* An erect perennial with mid-green leaves and pale yellow flowers from late spring to early autumn.
- Phlox divaricata* 'Blue Dreams' A spreading, semi-evergreen alpine with bright green leaves and blue flowers in early summer.
- Phlox stolonifera* A spreading alpine with dark green leaves and pale to deep purple flowers in early summer.
- Phlox carolina* 'Bill Baker' An upright to spreading perennial with bright green leaves and pink flowers in early summer.
- Phlox carolina* 'Miss Lingard' Pure white , very fragrant mildew resistant.80cms
- Phlox paniculata* 'Norah Leigh' An erect perennial with green and white variegated leaves. Fragrant clusters of pale lilac flowers with a deeper lilac-pink centre in mid-summer and early autumn.
- Phlox subulata* 'White Delight' A mat-forming alpine with narrow bright green leaves and pure white flowers.
- Phlox subulata* 'Red Wings' A mat-forming alpine with narrow bright green leaves and deep red flowers.

Wood Cottage Nursery. Plant Encyclopedia

- Phlox subulata 'McDaniel's Cushion'** A cushion-forming alpine with narrow bright green leaves and large deep pink flowers.
- Phlox subulata 'Emerald Cushion Blue'** A mat-forming alpine with narrow bright green leaves and silvery blue flowers with a dark eye.
- Phlox subulata 'Bonita'** A mat-forming alpine with narrow bright green leaves and lavender-blue flowers with a purple eye.
- Phlox stolonifera 'Blue Ridge'** A spreading alpine with dark green leaves and clear pale blue flowers in early summer.
- Phlox paniculata 'Tenor'** An erect perennial with narrow green leaves and fragrant clusters of red flowers with a scarlet glow in mid-summer and early autumn.
- Phlox paniculata 'Sandringham'** An erect perennial with narrow green leaves and fragrant clusters of pale pink flowers with a deeper pink centre in mid-summer and early autumn.
- Phlox douglasii 'Boothman's Variety'** A mound-forming alpine with narrow dark green leaves and violet-pink flowers with a dark eye.
- Phlox paniculata 'Fujiyama'** An erect perennial with narrow green leaves and fragrant clusters of white flowers in mid-summer and early autumn.
- Phlox paniculata 'Franz Schubert'** An erect perennial with narrow green leaves and fragrant clusters of lilac-blue on white flowers in mid-summer and early autumn.
- Phlox paniculata 'Eventide'** An erect perennial with narrow green leaves and fragrant clusters of lavender-blue flowers in mid-summer and early autumn.
- Phlox paniculata 'Europe'** An erect perennial with narrow green leaves and fragrant clusters of white flowers with a carmine eye in mid-summer and early autumn.
- Phlox paniculata 'Amethyst'** An erect perennial with narrow green leaves and fragrant clusters of violet flowers in mid-summer and early autumn.
- Phlox maculata 'Omega'** An erect perennial with narrow green leaves and fragrant, white flowers with red eye in early and mid-summer.
- Phlox maculata 'Alpha'** An erect perennial with narrow green leaves and fragrant, lilac-pink flowers in early and mid-summer.
- Phlox douglasii 'Red Admiral'** A mound-forming alpine with narrow dark green leaves and deep crimson flowers.
- Phlox paniculata 'White Admiral'** An erect perennial with narrow green leaves and fragrant clusters of clear white flowers in mid-summer and early autumn.
- Phormium tenax** A clump-forming perennial with upright narrow leaves, dark green above blue-green beneath, and dull red flowers in summer.
- Phormium tenax Purpureum Group** A clump-forming perennial with upright narrow bronze-purple leaves and dull red flowers in summer.
- Phormium Tenax Co-ordination x**
- Photinia davidiana 'Palette'** An upright, evergreen shrub with dark green leaves, boldly marked creamy white. Small white flowers are followed by bright red fruit.

Wood Cottage Nursery. Plant Encyclopedia

Photinia x fraseri 'Red Robin'	An upright, evergreen shrub with dark green leaves, bright red when young. Small white flowers are sometimes followed by bright red fruit.
Phuopsis stylosa	A mat-forming perennial with whorls of pale green leaves with rounded heads of pink flowers.
Phygelius rectus Yellow Trumpet	Large clusters of pale yellow flowers
Phygelius x rectus 'Salmon Leap'	An upright, suckering shrub with evergreen dark green leaves and tubular, orange flowers in summer.
Phygelius x rectus 'Moonraker'	An upright, suckering shrub with evergreen dark green leaves and tubular, pale creamy yellow flowers in summer.
Phygelius x rectus 'Devil's Tears'	An upright, suckering shrub with evergreen dark green leaves and tubular, deep pink flowers in summer.
Phygelius x rectus 'African Queen'	An upright, suckering shrub with evergreen dark green leaves and tubular, pale red flowers in summer.
Phygelius capensis	An upright, suckering shrub with evergreen dark green leaves and tubular, orange flowers in summer.
Phygelius aequalis 'Yellow Trumpet'	An upright, suckering shrub with evergreen pale green leaves and tubular, creamy yellow flowers in summer.
Phygelius x rectus 'Winchester Fanfare'	An upright, suckering shrub with evergreen dark green leaves and tubular, dusky red-pink flowers in summer.
Phyllostachys aurea	A clump-forming erect bamboo with grooved bright mid-green canes, becoming yellow-brown. Narrow yellowish to golden green leaves.
Phyllostachys nigra	A clump-forming arching bamboo with slender green canes that turn black in their second or third year. Narrow dark green leaves.
Phyllostachys Nigra Henon	
Phyllostachys Humilis	
Phyllostachys Aurea Albovariegata	
Physalis alkekengi var. franchetii	A vigorous spreading perennial with nodding, creamy white flowers followed by orange-scarlet berries surrounded by papery red calyces.
Physocarpus opulifolius Diablo	
Physocarpus opulifolius 'Dart's Gold'	A thicket-forming shrub with bright golden foliage and small cup-shaped pink-tinged white flowers.
Physostegia virginiana	An erect perennial with toothed mid-green leaves and spikes of deep purple to lilac pink flowers.
Physostegia virginiana 'Alba'	An erect perennial with toothed mid-green leaves and spikes of white flowers.

Wood Cottage Nursery. Plant Encyclopedia

- Pieris 'Forest Flame' An upright, evergreen shrub with glossy dark green leaves, red when young, turning pink, white and finally green. Clusters of pendent white flowers in spring.
- Pieris japonica 'Variegata' A rounded, evergreen shrub with glossy green leaves, margined white. Clusters of pendent white flowers in late winter and spring.
- Pieris japonica A rounded, evergreen shrub with glossy mid-green leaves. Clusters of pendent white flowers in late winter and spring.
- Pieris japonica 'Firecrest' A rounded, evergreen shrub with glossy dark green, deeply veined leaves, bright red when young. Clusters of pendent white flowers in late winter and spring.
- Pieris japonica 'Little Heath' A neat, rounded evergreen shrub with glossy, variegated green leaves, pink-flushed with white margins. Seldom flowers.
- Pieris japonica 'Mountain Fire' A rounded, evergreen shrub with glossy green leaves, red when young, turning glossy chestnut-brown. Clusters of pendent white flowers in late winter and spring.
- Pieris japonica 'Purity' A dense, rounded, evergreen shrub with glossy dark green leaves. Clusters of white flowers in spring.
- Pieris japonica 'Red Mill' A rounded, evergreen shrub with glossy wine-red leaves when young. Clusters of white flowers in late winter and spring.
- Pittosporum 'Garnettii' A large bushy shrub with greyish green, pink-spotted leaves margined white. Bell-shaped dark purple flowers.
- Pittosporum Silver and gold
- Pittosporum tenuifolium 'Silver Queen' A large bushy shrub with grey-green leaves with white margins. Bell-shaped, black-red flowers.
- Pittosporum tenuifolium 'Irene Paterson' A large bushy shrub with white leaves, mottled green. Bell-shaped, black-red flowers.
- Pittosporum tenuifolium A large bushy shrub with mid-green, leaves with wavy margins. Bell-shaped, honey-scented, black-red flowers.
- Pittosporum tenuifolium 'Abbotsbury Gold' A large bushy shrub with yellow leaves with green margins. Bell-shaped, black-red flowers.
- Platanus x hispanica A vigorous tree with flaking brown, grey and cream bark. Bright green leaves with inconspicuous flowers followed by brown fruits in autumn and winter.
- Platycodon grandiflorus A compact clump-forming perennial with bluish green leaves and clusters of purple-blue flowers.
- Platycodon grandiflorus 'Hakone' A compact clump-forming perennial with bluish green leaves and clusters of blue or white flowers.
- Platycodon grandiflorus albus A compact clump-forming perennial with bluish green leaves and clusters of white flowers.
- Platycodon grandiflorus 'Fuji Pink' A compact clump-forming perennial with bluish green leaves and clusters of soft shell-pink flowers.
- Pleioblastus Fortunei

Pleioblastus Distichus	
Pleioblastus Argenteostriatus	
Pleioblastus auricomus	An upright bamboo with purple-green canes and narrow brilliant yellow leaves with green stripes.
Pleioblastus humilis var. pumilus	
Pleioblastus pygmaeus	An upright, woody bamboo with mid-green canes and narrow mid-green leaves.
Pleioblastus variegatus	An upright, woody bamboo with pale green canes and narrow dark green leaves with cream stripes.
Pleioblastus Viridistriatus	
Pleione formosana	A beautiful orchid with pale rose-lilac flowers with white lips and pretty red and yellow markings inside.
Pleione Formosana Alba	A beautiful orchid with white flowers . Height 15cm. Spread 30cm. Flower colour Lilac, White. Flowers from March to April. Herbaceous. Foliage colour Green. Not hardy.
Podophyllum peltatum	A perennial with glossy green leaves and fragrant, cup-shaped white or pale pink flowers, followed by yellow-green fruit.
Polemonium Caeruleum Snow and Sapphires	Large leaflets with very good white edges. Fragrant sky-blue flowers
Polemonium cashmerianum	An erect perennial with green foliage and clusters of pretty deep blue flowers in summer.
Polemonium pulcherrimum	A clump-forming perennial with divided green foliage and pretty light blue to purple-blue or white flowers in summer.
Polemonium Yezoense Purple Rain	Purple foliage and blue flowers.
Polemonium caeruleum	A clump-forming perennial with divided green foliage and pretty lavender-blue flowers in early summer.
Polygonatum humile	A perennial with upright stems and pendent, tubular white flowers followed by blue-black fruit.
Polygonatum biflorum	A perennial with arching stems and tubular greenish white flowers followed by black fruit.
Polygonatum falcatum	A perennial with red tinted stems of narrow leaves. Small tubular creamy white flowers.
Polygonatum falcatum 'Variegatum'	A dwarf perennial with stems of green leaves, striped white. Tubular creamy white flowers.
Polystichum setiferum	An attractive fern with shuttlecocks of soft, dark green fronds.

Wood Cottage Nursery. Plant Encyclopedia

Polystichum aculeatum	The native hard shield fern with stiff leathery fronds, unfurling backwards.
Populus nigra var. italica	A vigorous, narrowly columnar tree with glossy dark green leaves, turning yellow in autumn. Pendent catkins in spring.
Populus tremula	A spreading tree with dark green, toothed leaves, bronze when young, turning yellow in autumn. Catkins in early spring.
Potentilla nepalensis	A loose clump-forming perennial with wiry stems of mid-green leaves. Saucer-shaped, dark crimson flowers on long stalks in summer.
Potentilla rupestris	A clump-forming perennial with spreading stems of green leaves. Clusters of flat saucer-shaped white flowers from in summer.
Potentilla 'William Rollison'	A clump-forming perennial with mid-green leaves and semi-double yellow or orange-red flowers with a yellow centre from early to late summer.
Potentilla recta 'Warrenii'	An erect clump-forming perennial with grey-green leaves. Loose clusters of bright canary yellow flowers in summer.
Potentilla neumanniana 'Nana'	A compact, mat-forming perennial with loose clusters of saucer-shaped, yellow flowers in spring and summer.
Potentilla nepalensis 'Miss Willmott'	A loose clump-forming perennial with wiry stems of mid-green leaves.
Potentilla fruticosa 'Katherine Dykes'	A bushy shrub with dark green leaves. Pretty cup-shaped, canary-yellow flowers from late spring to mid-autumn.
Potentilla fruticosa Red Ace	A bushy shrub with dark green leaves. Pretty cup-shaped, vermilion-red flowers fading to yellow in full sun from late spring to mid-autumn.
Potentilla fruticosa 'Primrose Beauty'	A bushy shrub with grey-green leaves. Pretty cup-shaped, pale primrose yellow flowers from late spring to mid-autumn.
Potentilla atrosanguinea	A clump-forming, hairy perennial with dark green leaves. Clusters of saucer-shaped yellow, orange or red flowers on erect branching stems in summer and autumn.
Potentilla fruticosa 'Elizabeth'	A bushy shrub with dark green leaves. Pretty cup-shaped, bright yellow flowers from late spring to mid-autumn.
Potentilla fruticosa 'Pretty Polly'	A bushy shrub with dark green leaves. Pretty cup-shaped, pale pink flowers from late spring to mid-autumn.
Potentilla cuneata	A low tufted subshrub with bright green leaves, bluish beneath. Short stems of single yellow flowers in summer.
Potentilla 'Gibson's Scarlet'	A clump-forming perennial with soft green leaves and single bright scarlet flowers from early to late summer.
Potentilla fruticosa 'Abbotswood'	A bushy shrub with dark blue-green leaves. Pretty cup-shaped, white flowers from late spring to mid-autumn.
Potentilla aurea	A mat-forming, perennial with glossy mid-green leaves. Clusters of saucer-shaped, golden yellow flowers from late spring to summer.
Pratia pedunculata	An evergreen mat-forming alpine with pretty, star-shaped pale blue flowers in summer.

Wood Cottage Nursery. Plant Encyclopedia

Primula beesiana	A perennial with large mid-green leaves with a red midrib. Stout stems with tiers of reddish pink flowers with a yellow eye in early summer.	
Primula japonica 'Miller's Crimson'	A perennial with large green leaves. Stout stems with tiers of crimson flowers in late spring and early summer.	
Primula florindae	A perennial with large rosettes of mid-green leaves. Stout stems of pendent sulphur-yellow flowers from mid-summer into autumn.	
Primula rosea 'Grandiflora'	A perennial with rosettes of mid-green leaves, often bronze-flushed. Clusters of large rose-pink flowers in early spring.	
Primula denticulata ruby	A perennial with rosettes of mid-green leaves. Stout stems of rounded, purple-red flowers in spring.	
Primula denticulata var. alba	A perennial with rosettes of mid-green leaves. Stout stems of rounded, pure white flowers in spring.	
Primula japonica	A perennial with large pale green leaves. Stout stems with tiers of purple-red to white flowers in late spring and early summer.	
Primula japonica 'Postford White'	A perennial with large green leaves. Stout stems with tiers of white flowers with a red eye in late spring and early summer.	
Primula bulleyana	A perennial with large mid-green leaves. Stout stems with tiers of deep orange flowers in early summer.	
Primula pulverulenta	A perennial with rosettes of deep green leaves. Stout stems with tiers of deep red flowers with purple eyes in late spring and early summer.	
Primula veris	A native perennial with rosettes of mid-green leaves. Stout stems bear clusters of nodding pale to deep yellow, fragrant flowers in spring.	
Primula vialii	A perennial with rosettes of soft downy leaves. Dense heads of small tubular, lilac-blue flowers in late spring and early summer.	
Primula vulgaris	A native perennial with rosettes of deeply veined green leaves. Clusters of pale yellow, fragrant flowers with a pale orange eye in spring.	£ 3.99
Primula warshenewskiana	A perennial with rosettes of dark green leaves. Clusters of rose-pink flowers with a white centre in late spring and early summer.	
Primula denticulata	A perennial with rosettes of mid-green leaves. Stout stems of rounded, purple flowers in spring.	
Primula x pubescens 'Boothman's Variety'	A neat compact, alpine with rosettes of evergreen green leaves and clusters of crimson flowers with a white eye in spring.	
Prostanthera cuneata	A bushy shrub with tiny dark green leaves, strongly scented when crushed. Broadly tubular white flowers with pretty purple and yellow markings inside.	
Prostanthera Laisanthos Labill		
Prostanthera rotundifolia rosea	A bushy shrub with rounded grey-green leaves. Pretty bell-shaped, light rose-pink flowers with mauve anthers.	
Prunella grandiflora 'Alba'	A vigorous perennial with deep green leaves and whorls of white flowers in dense upright spikes.	

Wood Cottage Nursery. Plant Encyclopedia

Prunella grandiflora	A vigorous perennial with deep green leaves and whorls of purple flowers in dense upright spikes.
Prunus laurocerasus 'Castlewellan'	A dense bushy shrub with glossy green leaves conspicuously marked white.
Prunus lusitanica	A dense bushy shrub with glossy dark green leaves. Fragrant white flowers on pendent racemes in early summer, followed by red fruit ripening to black.
Prunus 'Pandora'	A spreading tree with bronze leaves when young. Pretty cup-shaped pale pink flowers opening from dark pink buds in early spring.
Prunus 'Pink Perfection'	A spreading tree with bronze leaves when young. Pretty double pink flowers in pendent clusters in late spring.
Prunus sargentii	A spreading tree with dark green leaves, red when young, turning orange-red in autumn. Pretty bowl-shaped pink flowers in mid-spring followed by glossy crimson fruit.
Prunus 'Shirofugen'	A spreading tree with bronze-red leaves when young, turning orange-red in autumn. Pretty double white flowers opening from pink buds in late spring.
Prunus 'Shôgetsu'	A rounded tree with bronze leaves when young. Pretty frilly-margined, double, pink and white flowers in pendent clusters in late spring. Good autumn colour.
Prunus 'Spire'	A V-shaped tree with bronze leaves when young. Pretty bowl-shaped, pale pink flowers in mid-spring. Good autumn colour.
Prunus x subhirtella 'Autumnalis Rosea'	A spreading tree with bronze young leaves turning yellow in autumn. Pretty semi-double pink flowers in mild periods between autumn and spring. Red fruits ripening to black.
Prunus 'Taihaku'	A spreading tree with bronze leaves when young. Pretty bowl-shaped, white flowers in mid-spring.
Prunus triloba	A densely branched shrub with dark green leaves. Pretty bowl-shaped pink flowers in early spring followed by red fruit.
Prunus x yedoensis	A spreading tree with dark green leaves. Pretty bowl-shaped, pale pink flowers fading to white in early spring.
Prunus x yedoensis 'Shidare-yoshino'	A large weeping tree with branches arching to the ground. Pretty bowl-shaped, pale pink flowers fading to white in early spring.
Prunus 'Kursar'	A spreading tree with bronze leaves when young. Pretty dark pink flowers in early spring before the leaves.
Prunus lusitanica 'Variegata'	A dense bushy shrub with glossy dark green leaves, narrowly margined white.
Prunus 'Okame'	A spreading tree or shrub with pretty cup-shaped carmine-pink flowers in early spring before the leaves. Good autumn colour.
Prunus laurocerasus 'Otto Luyken'	A compact, bushy shrub with glossy narrow green leaves. Fragrant white flowers on upright spikes in spring, followed by red fruit ripening to black.
Prunus laurocerasus	A dense bushy shrub with glossy green leaves. Fragrant white flowers on upright spikes in spring, followed by red fruit ripening to black.
Prunus 'Kiku-shidare-zakura'	A weeping tree with bronze leaves when young. Pretty clusters of fully double bright pink flowers before the leaves, from mid to late spring.

Wood Cottage Nursery. Plant Encyclopedia

Prunus 'Kanzan'	An upright spreading tree with bronze leaves when young. Pretty double deep pink flowers from mid to late spring.
Prunus domestica 'Victoria'	A dual purpose plum with pale red fruits. Ripening in late August and early September. The flesh is greenish yellow and of a good flavour. Self-fertile.
Prunus domestica 'Ouillins Gage'	A dual purpose plum with yellow fruits with green dots. Ripening in late August. The flesh is pale yellow and sweet. Self-fertile.
Prunus x cistena	An upright shrub with purple-red leaves. Pretty bowl-shaped white flowers in late spring, sometimes followed by dark purple fruit.
Prunus cerasus 'Morello'	A sour cherry producing dark red fruit for cooking. A heavy and regular cropper. Self-fertile.
Prunus avium 'Plena'	A spreading tree with bronze leaves when young, turning red in autumn. Pretty double white flowers in mid-spring, followed by red fruit.
Prunus 'Amanogawa'	A narrow tree with yellowish bronze leaves in spring. Pretty semi-double pale pink flowers in early spring.
Prunus 'Accolade'	A spreading tree with pretty semi-double pale pink flowers opening from dark pink buds in early spring.
Prunus laurocerasus variegata	
Pulmonaria saccharata 'Mrs Moon'	A clump-forming perennial with white spotted dark green leaves and pretty lilac and blue flowers opening from pink buds from late winter to late spring.
Pulmonaria Rubra Barfield Pink	Velvety deep-green leaves clusters of little pale pink flowers flecked with deep-rose
Pulmonaria Rubra David Ward	Fresh green leaves with ruffled white edges. Pale pink flowers
Pulmonaria vallarsae 'Margery Fish'	
Pulmonaria saccharata Argentea Group	A clump-forming perennial with almost completely silver leaves and pretty red flowers ageing to dark violet from late winter to late spring.
Pulmonaria rubra 'Bowles' Red'	A clump-forming perennial with velvety bright green leaves with faint spots and pretty coral-red flowers from late winter to mid-spring.
Pulmonaria rubra	A clump-forming perennial with velvety bright green leaves and pretty brick red to salmon-red flowers from late winter to mid-spring.
Pulmonaria officinalis 'Sissinghurst White'	A clump-forming perennial with bristly, white spotted bright green leaves and pretty pure white flowers opening from pale pink buds in spring.
Pulmonaria angustifolia ssp. azurea	A clump-forming perennial with narrow dark green leaves and pretty bright rich blue flowers tinted red in bud in spring.
Pulmonaria Hybrid Blue Ensign	Large Purple-blue flowers and broad green foliage.
Pulsatilla vulgaris alba	An alpine with finely divided light green leaves and pendent bell-shaped white flowers in spring, followed by fluffy seedheads.

Wood Cottage Nursery. Plant Encyclopedia

- Pulsatilla vulgaris* var. *rubra* An alpine with finely divided light green leaves and pendent bell-shaped red flowers in spring, followed by fluffy seedheads.
- Pulsatilla vulgaris* An alpine with finely divided light green leaves and pendent bell-shaped mauve to purple flowers in spring, followed by fluffy seedheads.
- Pyracantha coccinea* 'Red Column' A bushy shrub with reddish stems and glossy dark green leaves. Clusters of white flowers are produced in early summer followed by scarlet berries.
- Pyracantha* 'Orange Glow' An upright shrub with glossy bright green leaves. Clusters of white flowers are produced in early summer followed by orange-red to dark orange berries.
- Pyracantha* 'Teton' A vigorous upright shrub with glossy bright green leaves with wavy margins. Clusters of white flowers are produced in early summer followed by orange-yellow berries.
- Pyracantha* 'Soleil d'Or' An upright shrub with red tinged stems and glossy dark green leaves. Clusters of white flowers are produced in early summer followed by golden yellow berries.
- Pyracantha* 'Orange Charmer' A vigorous bushy shrub with arching branches of glossy bright green leaves.
- Pyracantha* 'Mohave' A vigorous bushy shrub with dark green leaves. Clusters of white flowers are produced in early summer followed by red berries.
- Pyracantha* *Gibbsii*
- Pyracantha* 'Golden Charmer' A vigorous bushy shrub with arching branches and glossy, bright green leaves.
- Pyrus communis* 'Beth' A desert pear with pale yellow fruits sometimes tinged pink with a golden russet. The flesh is creamy white, juicy and sweet. Ready in September.
- Pyrus communis* 'Beurré Hardy' A desert pear with russet-red skin, rosewater scent. The flesh is tender. Ready in October.
- Pyrus communis* 'Concorde' A desert pear with pale green fruits tinged a golden russet. The flesh is creamy white, firm and sweet. Ready in late October and november. Heavy cropper.
- Pyrus communis* 'Conference' A desert pear with pale green fruits tinged a golden russet. The flesh is white, firm and of a pleasant flavour. Ready in October and november. Keeps well.
- Pyrus communis* 'Doyenné du Comice' A desert pear with pale green fruits with a coating of russet. The flesh is white and good flavoured. Ready in late October and November.
- Pyrus salicifolia* 'Pendula' A large weeping tree with narrow grey-felted leaves. Clusters of creamy white flowers in spring followed by green fruit.
- Pyrus communis* 'Williams' Bon Chrétien' A desert pear with green fruits of a sweet musky flavour and great juiciness. Ready in September.
- Pyrus communis* 'Louise Bonne of Jersey' A desert pear with red flushed fruits of distinct flavour covered with prominent dots. Ready in late October. Likes a frost protected position.
- Quercus cerris* A vigorous spreading tree grey-white bark and dark green leaves turning yellow-brown in autumn. Produces acorns in cups covered with long slender scales.
- Quercus palustris* A vigorous, broadly conical tree with smooth grey bark and glossy, mid-green leaves, turning scarlet to red-brown in autumn. Produces acorns.

Wood Cottage Nursery. Plant Encyclopedia

Quercus robur	A spreading tree with fissured grey-brown bark and dark green leaves. Produces acorns.
Quercus rubra	A vigorous, spreading tree with smooth greyish brown bark. Matt dark green leaves turn yellow to red-brown in autumn. Produces acorns.
Raoulia australis	A mat-forming alpine with silver-grey hairy leaves. Sulphur-yellow flowerheads in summer.
Rehmannia elata	A rosette-forming perennial with conspicuously veined mid-green leaves. Pretty semi-pendent pinkish purple flowers, spotted inside.
Rheum palmatum	A bold perennial with dark green leaves, purple-red beneath. Creamy green to deep red flowers.
Rhodohypoxis baurii	A small clump-forming alpine with keeled, greyish green hairy leaves. Pale to deep reddish pink flowers throughout summer.
Rhus typhina	An upright suckering shrub or tree with divided dark green leaves turning orange-red in autumn. Yellow-green flowers are followed by crimson-red fruit on female plants.
Ribes alpinum 'Aureum'	A compact mound-forming shrub with bright yellow leaves becoming paler in summer. Bell-shaped greenish yellow flowers in spring.
Ribes sanguineum 'Pulborough Scarlet'	A compact, upright shrub with clusters of dark red flowers with a white centre in spring followed by blue-black fruit.
Ribes sanguineum 'King Edward VII'	A compact, upright shrub with clusters of dark red flowers in spring followed by blue-black fruit.
Ribes odoratum	An erect shrub with bright green leaves, turning red and purple in autumn. Fragrant, pendent, yellow flowers in spring followed by black fruit.
Ribes alpinum	A compact mound-forming shrub with bell-shaped greenish yellow flowers in spring.
Ribes rubrum Red Currant Group 'Red Lake'	
Robinia x margaretta 'Pink Cascade' CASQUE ROUGE ®	An open, rounded spiny tree or shrub with attractive dark green leaves. Pendent clusters of fragrant purple-pink flowers in late spring.
Robinia pseudoacacia 'Frisia'	A columnar tree with attractive yellow leaves, turning yellow-green in summer and orange-yellow in autumn.
Rodgersia aesculifolia	A clump-forming perennial with bold, crinkled green leaves. Upright stems of white or pink starry flowers.
Rodgersia pinnata	A clump-forming perennial with bold, crinkled dark green leaves. Upright stems of yellowish white, pink or red starry flowers.
Rodgersia pinnata 'Elegans'	A clump-forming perennial with bold, crinkled dark green leaves, purple-bronze when young. Upright stems of cream, pink-tinted starry flowers.
Rodgersia podophylla	A clump-forming perennial with bold, crinkled, glossy, green leaves, bronze when young. Upright stems of creamy green starry flowers. Good autumn colour.
Rodgersia sambucifolia	A clump-forming perennial with bold, hairy, dark green leaves, purple-bronze when young. Upright stems of white or pink starry flowers.

Wood Cottage Nursery. Plant Encyclopedia

- Rosa 'Many Happy Returns' A fragrant, cluster-flowered bush rose with leathery, dark green leaves. Pretty dense clusters of semi-double, pale pink flowers, produced from summer to autumn.
- Rosa 'Tuscany Superb' A fragrant, gallica shrub rose with dark green leaves. Pretty double, deep crimson-maroon flowers with gold stamens produced in summer.
- Rosa 'Whisky Mac' A very fragrant, large-flowered bush rose with glossy, dark green leaves. Pretty double, amber-yellow flowers, produced from summer to autumn.
- Rosa 'The Fairy' A dwarf polyantha rose with tiny mid-green leaves. Pretty, double, light pink flowers produced from late summer into autumn.
- Rosa 'Silver Wedding' A fragrant, large-flowered bush rose with glossy, mid-green leaves. Pretty, double, lavender-lilac flowers fading to soft lilac produced from summer to autumn.
- Rosa rugosa rubra A fragrant, dense shrub rose with leathery, veined, dark green leaves. Pretty single, purplish red flowers in early summer followed by orange-red hips.
- Rosa rugosa 'Alba' A fragrant, dense shrub rose with leathery, veined, dark green leaves.
- Rosa 'Ruby Wedding' A large-flowered bush rose with dark green leaves. Pretty, fully double, red flowers with a little scent produced from summer to autumn.
- Rosa 'Piccadilly' A fragrant, large-flowered bush rose with glossy, reddish green leaves. Pretty double, red and yellow flowers with pink tinges, produced from summer to autumn.
- Rosa 'New Dawn' A fragrant climbing rose with shiny mid-green leaves. Clusters of double pale, pearl pink flowers produced from summer to autumn.
- Rosa 'Maigold' A very fragrant, modern shrub rose or climber with shiny green leaves. Pretty semi-double, orange-bronze flowers produced in early summer.
- Rosa 'Iceberg, Climbing' A fragrant, climbing rose with leathery, green leaves. Clusters of pretty semi-double, white flowers, produced from summer to autumn.
- Rosa 'Handel' A slightly fragrant, climbing rose with glossy, dark green leaves. Pretty double, cream flowers with pinkish red margins from summer to autumn.
- Rosa 'Golden Showers' A fragrant, climbing rose with glossy, dark green leaves. Pretty double, clear yellow flowers from summer to autumn.
- Rosa 'Cornelia' A fragrant, shrub rose with dark green leaves. Pretty, double, light pink flowers with orange-yellow at the petal base produced from summer to autumn.
- Rosa 'Compassion' A climbing rose with dark green leaves. Scented, fully double, salmon-pink flowers suffused apricot produced from summer to autumn.
- Rosa 'Buff Beauty' A hybrid musk, shrub rose with dark green leaves. Large clusters of fully double, apricot flowers fading to buff produced in summer.
- Rosa 'Albertine' A vigorous rambler rose with glossy, mid-green leaves and sweetly scented, double light salmon-pink flowers produced from mid-summer.
- Rosa 'White Cockade' A fragrant, large-flowered climbing rose with dark green leaves. Pretty, double, white flowers from summer to autumn.
- Rosa 'Peace' A fragrant, large-flowered bush rose with glossy, dark green leaves. Pretty double, yellow flowers with pink tinges, produced from summer to autumn.

Wood Cottage Nursery. Plant Encyclopedia

Rosa 'Iceberg'	A slightly fragrant, cluster-flowered bush rose with light green leaves. Pretty clusters of double, pure white flowers, produced from summer to autumn.
Roscoea purpurea	A tuberous perennial with deep green leaves and purple or occasionally white or bi-coloured, orchid-like flowers in early and mid-summer.
Roscoea Hybrid Beesiana Alba	orchid-like flowers in late summer or autumn. Height 40cm. Spread 15cm. Flower colour creamy-yellow. Flowers from August to September. Herbaceous.
Roscoea auriculata	A tuberous perennial with dark green leaves and rich purple, orchid-like flowers in late summer or autumn.
Roscoea cautleyoides	A tuberous perennial with dark green leaves and yellow, white or purple, orchid-like flowers in mid-summer.
Rosmarinus officinalis Prostratus	An aromatic shrub with leathery, narrow dark green leaves. Pretty pale blue flowers in spring and summer.
Rosmarinus officinalis 'Miss Jessopp's Upright'	An aromatic shrub with leathery, narrow dark green leaves. Pretty purple-blue to white flowers from late spring to early summer.
Rosmarinus officinalis 'Benenden Blue'	An aromatic shrub with leathery, narrow dark green leaves. Pretty vivid blue flowers from mid-spring to early summer and may flower again in autumn.
Rosmarinus officinalis	An aromatic shrub with leathery, narrow dark green leaves. Pretty purple-blue to white flowers from mid-spring to early summer and may flower again in autumn.
Rubus Tayberry	A hybrid berry with very large, long deep red berries of excellent flavour. Berries freezes well.
Rudbeckia occidentalis 'Green Wizard'	A clump-forming perennial with mid-green leaves. Curious flowers of black cones with small green sepals and no petals from late summer to mid-autumn.
Rudbeckia fulgida var. deamii	A clump-forming perennial with hairy stems and mid-green leaves. Bright orange-yellow daisy-like flowers with a blackish brown centre from late summer to mid-autumn.
Rudbeckia fulgida var. speciosa	A clump-forming perennial with mid-green leaves. Bright orange-yellow daisy-like flowers with a blackish brown centre from late summer to mid-autumn.
Rudbeckia fulgida var. sullivantii 'Goldsturm'	A clump-forming perennial with mid-green leaves. Bright golden yellow daisy-like flowers with a blackish brown centre from late summer to mid-autumn.
Rudbeckia 'Goldquelle'	A clump-forming perennial with pretty bright double lemon-yellow flowers from mid-summer to mid-autumn.
Rudbeckia nitida 'Herbstsonne' AUTUMN SUN	A clump-forming perennial with dark green leaves and bright yellow daisy-like flowers with a central green cone from mid-summer to early autumn.
Rumex acetosa	A tall perennial with bright green arrow-shaped, edible leaves. Green flowers change to red in summer. Sharp lemon flavour,.
Ruta graveolens 'Jackman's Blue'	A rounded evergreen shrub with aromatic, intense glaucous blue-green leaves. Dull yellow cup-shaped flowers.
Ruta graveolens	A rounded evergreen shrub with aromatic glaucous blue-green leaves. Dull yellow cup-shaped flowers.
Salix daphnoides	A tree with purple young stems and narrow, toothed dark green leaves. Produces silky grey catkins in late winter and early spring, with the leaves.

Wood Cottage Nursery. Plant Encyclopedia

Salix 'Erythroflexuosa'	A spreading tree with arching branches and spirally twisted orange-yellow stems. Produces yellow catkins in spring with the narrow glossy green leaves.
Salix integra 'Hakuro-nishiki' (v)	
Salix alba ssp. vitellina 'Britzensis'	A spreading tree with orange-scarlet branches in winter. Produces yellow or yellow-green catkins in spring, with the leaves.
Salvia nemorosa 'Ostfriesland' EAST FRIESLAND	A dwarf perennial with greyish green leaves. Deep violet-blue flowers from mid-summer to early autumn.
Salvia officinalis 'Icterina'	A bushy subshrubby perennial with aromatic, yellow and green variegated leaves. Rarely produced, pale blue flowers in summer.
Salvia officinalis Purpurascens Group	A bushy subshrubby perennial with aromatic, purple-red leaves when young, fading with age. Blue flowers in summer.
Salvia officinalis 'Tricolor'	A bushy subshrubby perennial with aromatic, grey-green, cream and pink to purple variegated leaves. Blue flowers in summer.
Salvia patens	A tuberous perennial with hairy mid-green leaves. Deep blue flowers from mid-summer to mid-autumn.
Salvia pratensis	A clump-forming woody-based perennial with wrinkled, mid-green leaves. Spikes of violet or white flowers from early to mid-summer.
Salvia x sylvestris 'Blaukönigin' BLUE QUEEN	An erect perennial with wrinkled, softly hairy, mid-green leaves. Rich violet-blue flowers from early to mid-summer.
Salvia x sylvestris 'Mainacht' MAY NIGHT	An erect perennial with wrinkled, softly hairy, mid-green leaves. Large indigo-blue flowers from early to mid-summer.
Salvia greggii 'Raspberry Royal'	A dwarf evergreen shrub or sometimes a woody-based perennial with mid-green leaves. Spikes of bright raspberry-red flowers from summer to autumn.
Salvia uliginosa	An erect perennial with mid-green leaves. Clear blue flowers from late summer to mid-autumn.
Salvia jurisicii	A hairy perennial with basal rosettes of mid-green leaves. Spikes of violet-blue flowers in summer.
Salvia verticillata	An erect perennial with softly hairy, mid-green leaves. Stems of violet to lilac-blue flowers in summer.
Salvia verticillata 'Purple Rain'	An erect perennial with softly hairy, mid-green leaves. Stems of deep purple flowers in summer.
Salvia x sylvestris 'Rose Queen'	An erect perennial with wrinkled, softly hairy, grey-green leaves. Rose-pink flowers from early to mid-summer.
Salvia Nemorosa Schwellenburg	Purple-rose flowers above dark green foliage. hgt 55cms
Salvia nemerosa mainacht (may night)	
Salvia Nemorosa Amethyst	Amethyst and blue flowers on tall stems. hgt 105cms

Wood Cottage Nursery. Plant Encyclopedia

Salvia officinalis	A bushy subshrubby perennial with aromatic, grey-green leaves. Lilac-blue flowers from early to mid-summer.
Salvia Nemorosa Royal Distinction	
Salvia Purple Rain	
Salvia Nemorosa Caradonna	Rich violet-blue flowers on purple-black stems.hgt45cms.
Sanguinaria canadensis	An alpine with bluish grey-green leaves. Pretty cup-shaped white flowers emerge in spring as the leaves unfurl.
Sanguisorba obtusa	An upright perennial with greyish green leaves. Pretty fluffy, rich pink bottlebrushes from mid-summer to early autumn.
Sanguisorba Officinalis Tanna	Ruby-red flowers. full sun in moist conditions.
Sanguisorba Officinalis Pink Tanna	Dark-rose flowers. late floering for sunny border or bog garden. hgt.90 cms
Santolina chamaecyparissus	A compact rounded shrub with grey-white leaves. Yellow flowerheads from mid to late summer.
Santolina rosmarinifolia	A dense rounded, bushy shrub with finely cut, aromatic, bright green leaves. Bright yellow flowerheads in mid-summer.
Santolina chamaecyparissus 'Pretty Carol'	A compact rounded shrub with soft grey leaves. Yellow flowerheads from mid to late summer.
Santolina chamaecyparissus 'Lemon Queen'	A compact rounded shrub with grey-white leaves. Lemon-yellow flowerheads from mid to late summer.
Santolina chamaecyparissus 'Lambrook Silver'	A compact rounded shrub with silver-grey leaves. Yellow flowerheads from mid to late summer.
Saponaria ocymoides	A mat-forming alpine with bright green leaves. Loose clusters of pink flowers in summer.
Saponaria officinalis	An upright perennial with mid-green leaves. Dense clusters of pink, red or white flowers from summer to autumn.
Sasa Palmata	
Sasaella Masamuneana Albostriata	
Saxifraga cuneifolia 'Variegata'	A mat-forming saxifrage with fleshy rosettes of deep green variegated leaves. Clusters of creamy white flowers from late winter to early spring.
Saxifraga 'Southside Seedling'	A mat-forming saxifrage with rosettes of pale green leaves. Arching panicles of white flowers heavily spotted red in late spring and early summer.
Saxifraga 'Peter Pan'	A cushion-forming mossy saxifrage with soft rosettes of bright green leaves. Crimson stems carry clear pink flowers in late spring.

Wood Cottage Nursery. Plant Encyclopedia

Saxifraga 'Findling'	A mat-forming mossy saxifrage with soft rosettes of green leaves. Tiny sprays of white flowers in summer.
Saxifraga 'White Pixie'	A compact, cushion-forming mossy saxifrage with soft rosettes of green leaves. White flowers in late spring.
Saxifraga umbrosa	A cushion-forming alpine with slightly fleshy rosettes. White flowers with yellow and crimson spots in early spring.
Saxifraga 'Silver Cushion'	A cushion-forming mossy saxifrage with tight rosettes of bright green and silver variegated leaves. Pink flowers in spring.
Saxifraga 'Pixie'	A compact, cushion-forming mossy saxifrage with soft rosettes of green leaves. Rose-pink flowers in late spring.
Saxifraga 'Doctor Ramsay'	A saxifrage with large rosettes of lime-encrusted, silver-grey leaves. Sprays of large pure white flowers in early summer.
Saxifraga Umbrosa Variegata	
Saxifraga 'Elf'	A miniature, cushion-forming mossy saxifrage with soft rosettes of green leaves. Carmine-pink flowers on very short stems in late spring and early summer.
Saxifraga Fortunei Variegata	Leaves have a red tinge over dark flecks. Pinky-white flowers on red stems.hgt. 45cms
Saxifraga Fortunei Black Beauty	Glossy burgundy-black foliage and bright carmine-pink flowers. hght. 45 cms.
Scabiosa caucasica	A clump-forming perennial with grey-green leaves. Pretty pale blue flowerheads from mid to late summer.
Scabiosa Caucasia Goldingensis	Lavender blue flowers on long stems. hgt60cms
Schizostylis coccinea 'Mrs Hegarty'	A pretty clump-forming perennial with sword-like bright green leaves. Spikes of pale pink flowers in autumn.
Schizostylis coccinea 'Major'	A pretty clump-forming perennial with sword-like bright green leaves. Spikes of large red flowers on stiff stems from late summer to autumn.
Schizostylis coccinea	A pretty clump-forming perennial with sword-like bright green leaves. Spikes of scarlet flowers in autumn.
Scutellaria alpina	A spreading mat-forming alpine with toothed grey-green leaves. Short erect stems of purple and cream flowers in summer.
Sedum spectabile 'Brilliant'	A clump-forming perennial with upright stems of grey-green leaves. Dense clusters of starry bright pink flowers in late summer.
Sedum spectabile	A clump-forming perennial with upright stems of grey-green leaves. Dense clusters of starry pink flowers in late summer.
Sedum spurium	A mat-forming alpine with red stems of toothed mid-green leaves. Clusters of star-shaped pinkish purple or white flowers in late summer.
Sedum 'Bertram Anderson'	A low spreading alpine with dark purple leaves. Clusters of star-shaped crimson flowers in late summer and autumn.

Wood Cottage Nursery. Plant Encyclopedia

Sedum spurium 'Variegatum'	A mat-forming alpine with red stems of toothed green leaves, variegated pink and white. Clusters of star-shaped crimson flowers in late summer.
Sedum telephium 'Munstead Dark Red'	A clump-forming perennial with erect stems of purple-tinted, dark green leaves. Clusters of star-shaped dark purplish red flowers from late summer and early autumn.
Sedum spectabile 'Iceberg'	A clump-forming perennial with upright stems of pale green leaves. Dense clusters of starry pure white flowers in late summer.
Sedum spathulifolium 'Cape Blanco'	A mat-forming alpine with rosettes of silver-grey leaves. Clusters of star-shaped, bright yellow flowers in summer.
Sedum acre	A mat-forming alpine with stems densely clothed in pale green leaves. Star-shaped yellow-green flowers in summer.
Sedum spathulifolium 'Purpureum'	A mat-forming alpine with rosettes of silver-grey leaves, richly suffused reddish purple. Clusters of star-shaped, bright yellow flowers in summer.
Sedum Hybrid Lynda Windsor	Very dark purple foliage and ruby red flowers. Hgt.40 cms.
Sedum Hybrid Purple Emperor	Dark purple-red foliage and dusty-red flowers. hgt. 40 cms.
Sedum Munstead Strawberry and Cream	New Variety with red,pink, white flowers hgt.50cms
Sidalcea candida	An erect perennial with rounded rich green leaves. Spikes of cream or white flowers from mid to late summer.
Sidalcea 'Elsie Heugh'	An erect perennial with rounded rich green leaves. Spikes of purple-pink flowers with fringed petals from early to mid-summer.
Sidalcea 'Party Girl'	An erect perennial with rounded rich green leaves. Spikes of bright pink flowers from early to mid-summer.
Sidlacea Rosanna	Rosy-red flowers. ideal for cut flower. hgt 100cms
Silene acaulis	A very dwarf moss-like cushion of narrow, bright green leaves. Almost stemless, deep pink sometimes white flowers from spring to early summer.
Silene schafta	A clump-forming alpine with bright green leaves. Magenta-pink flowers from late summer to autumn.
Silene uniflora 'Robin Whitebreast'	A mound-forming alpine with grey-green leaves With a profusion of large white flowers in summer.
Sisyrinchium striatum	A clump-forming perennial with narrow grey-green leaves. Upright stems of pretty pale yellow flowers from early to mid-summer.
Sisyrinchium 'E K Balls'	A clump-forming perennial with fanned out green leaves. Upright stems of pretty dark mauve flowers with a yellow eye in summer.
Sisyrinchium 'Californian Skies'	A clump-forming perennial with narrow dark green leaves. Upright stems of pretty bright deep sky-blue flowers in summer.
Sisyrinchium californicum Brachypus Group	A clump-forming alpine with narrow dark green leaves. Upright stems of pretty yellow flowers in summer and early autumn.

Wood Cottage Nursery. Plant Encyclopedia

Sisyrinchium californicum	A clump-forming alpine with narrow dark green leaves. Upright stems of pretty yellow flowers in summer and early autumn.
Skimmia japonica	An evergreen shrub with shiny dark green leaves. Fragrant white flowers open from red buds in spring followed by red fruit.
Skimmia japonica 'Rubella'	A male evergreen shrub with shiny dark green leaves, margined red. Fragrant white flowers open from dark red buds in spring followed by red fruit.
Smilacina racemosa	A clump-forming perennial with veined mid-green leaves. Plume-like creamy white flowers in spring followed by red berries.
Solanum jasminoides variegatum	
Solanum crispum 'Glasnevin'	A scrambling climber with dark green leaves. Fragrant clusters of deep purple-blue flowers from summer to autumn, followed by yellowish white fruits.
Solanum jasminoides 'Album'	A scrambling climber with dark green leaves. Fragrant clusters of white flowers from summer to autumn, followed by black fruits.
Solidago 'Golden Baby' GOLDKIND	
Solidago Cutleri	Short growing at 15cms small densely tufted golden flowers heads
Solidago Cloth of Gold	Gold flowers in a plate. hgt 100cms.
Sollya heterophylla	An evergreen twining climber with pretty bell-shaped blue flowers followed by blue berries.
Sorbus vilmorinii	A spreading tree or shrub with arching branches of divided, dark green leaves.
Sorbus 'Lombart's Golden Wonder'	
Sorbus aucuparia	A rounded tree with greyish downy winter buds that open to dark green leaves, turning red or yellow in autumn.
Sorbus aucuparia 'Aspleniifolia'	A rounded tree with greyish downy winter buds that open to dark green leaves, divided at their bases. Clusters of white flowers in late spring are followed by orange-red berries.
Sorbus aucuparia 'Sheerwater Seedling'	An upright tree with greyish downy winter buds that open to dark green leaves, turning red or yellow in autumn.
Sorbus cashmiriana	A spreading tree with divided dark green leaves. Clusters of white or pink flowers in late spring are followed by white berries.
Sorbus 'Chinese Lace'	An upright tree with deeply cut dark green leaves. Clusters of white flowers in late spring are followed by orange-red berries.
Sorbus commixta	A broadly conical tree with divided dark green leaves, turning yellow to red or purple in autumn.
Sorbus discolor	A broadly conical tree with divided dark green leaves, turning yellow to red or purple in autumn.

Wood Cottage Nursery. Plant Encyclopedia

Sorbus sargentiana	A broadly narrow tree with sticky red winter buds opening to large divided dark green leaves, turning orange and red in autumn.
Sorbus aria 'Lutescens'	An upright tree with silvery grey leaves, later grey-green. Clusters of white flowers in late spring are followed by dark red berries.
Sorbus hupehensis	A narrow tree with divided blue-green leaves, turning red in autumn. Clusters of white flowers in late spring are followed by white berries.
Spergularia Rubra	Pink flowers on silver-grey foliage.hgt15cms
Spiraea japonica 'Shirobana'	A dense shrub with dark green leaves. Clusters of both dark pink and white flowers on the same plant from mid to late summer.
Spiraea japonica Mount Fuji	
Spiraea japonica 'Candle Light'	A dwarf compact shrub with bright yellow young leaves, turning to a deeper yellow in summer. Clusters of pink flowers from mid to late summer.
Spiraea japonica 'Fire Light'	A dwarf compact shrub with rich orange-red young leaves, turning to a bright orange-yellow and finally to pale green.
Spiraea japonica 'Gold Mound'	A dwarf compact shrub with rich yellow foliage. Clusters of pink flowers from mid to late summer.
Spiraea japonica 'Goldflame'	A dense shrub with bronze-red young leaves, turning bright yellow then mid-green. Clusters of dark pink flowers from mid to late summer.
Spiraea japonica 'Nana'	A mound-forming shrub with small dark green leaves. Clusters of dark pink flowers from mid to late summer.
Spiraea nipponica 'Snowmound'	An arching shrub with rounded dark green leaves. Clusters of white flowers cover the plant in mid-summer.
Spiraea x vanhouttei 'Pink Ice'	A compact bushy shrub with arching stems of dark green leaves with white flecks and tinged pink. Clusters of white flowers in early summer.
Spiraea 'Arguta'	A dense rounded shrub with bright green leaves. Saucer-shaped white flowers in spring.
Spiraea japonica 'Little Princess'	A dense shrub with dark green leaves. Clusters of rose-pink flowers from mid to late summer.
Spiraea japonica 'Anthony Waterer'	A dense shrub with bright green leaves, sometimes variegated pink and cream. Clusters of dark pink flowers from mid to late summer.
Stachys macrantha 'Superba'	A clump-forming perennial with veined, wrinkled dark green leaves. Dense, erect spikes of hooded deep purplish pink flowers from early summer to early autumn.
Stachys byzantina 'Silver Carpet'	A mat-forming perennial with silvery grey leaves, densely white-woolly. Non-flowering.
Stachys byzantina	A mat-forming perennial with grey-green leaves, densely white-woolly. Erect woolly stems of purple-pink flowers.
Stachys Monieri Hummelo	Purple flowers over grey- green leaves.Best in full sun and well drained soil. hgt. 50 cms

Wood Cottage Nursery. Plant Encyclopedia

Stachys Macrantha Saharan Pink	Soft pink flowers
Stachys Lantana	Lambs ear. silver-grey wooly foliage rose coloured flowers
Stipa barbata	
Stipa capillata	
Stipa tenuissima	A perennial grass with erect narrow bright green leaves.
Stipa tenuifolia	
Stipa arundinacea	A perennial grass with narrow leathery dark green arching leaves turning orange-brown in winter. Pendent purplish green spikelets from late summer to late winter.
Stipa calamagrostis	A perennial grass with narrow green arching leaves. Produces feathery soft greeny white plumes, ageing to beige from early summer to autumn.
Stipa gigantea	A perennial grass with narrow dark green leaves. Large open panicles of large golden spikelets in late spring changing to straw-colour.
Stranvaesia Davidiana palette	
Symphoricarpos x chenaultii 'Hancock'	A dense bushy shrub forming layers of dark green leaves. White flowers in late summer followed by dark pink fruit.
Symphyandra hofmannii	An often short-lived, rosette-forming perennial with erect stems of pretty bell-shaped white to cream flowers in summer.
Symphyandra pendula	A spreading perennial with hairy, pale green leaves and pretty bell-shaped creamy white flowers in summer.
Symphytum 'Hidcote Blue'	A spreading perennial with mid-green leaves. Clusters of pale blue flowers opening from red buds from mid to late spring.
Symphytum 'Goldsmith'	A spreading perennial with green leaves variegated gold and cream. Clusters of pale blue or cream flowers from mid to late spring.
Symphytum 'Hidcote Pink'	A spreading perennial with mid-green leaves. Clusters of pale pink and white flowers from mid to late spring.
Syringa vulgaris 'Primrose'	A spreading shrub with small clusters of fragrant, single, pale creamy yellow flowers in late spring and early summer.
Syringa vulgaris 'Madame Lemoine'	A spreading shrub with clusters of fragrant, double, white flowers from creamy buds in late spring and early summer.
Syringa vulgaris 'Katherine Havemeyer'	A spreading shrub with clusters of fragrant, double, lavender-blue flowers from purple buds in late spring and early summer.
Syringa vulgaris Sensation	

Wood Cottage Nursery. Plant Encyclopedia

<i>Syringa meyeri</i> 'Palibin'	A compact rounded shrub with oval leaves and dense clusters of fragrant lavender-pink flowers in late spring and early summer..hgt.4feet
<i>Taxus baccata</i>	A broadly conical evergreen conifer with narrow dark green leaves. Produces cones.
<i>Tellima grandiflora</i>	A clump-forming perennial with bright green leaves. Slender spikes of greenish white flowers from late spring to mid-summer.
Temu Heaven Scent	Evergreen shrub with dark ovate leaves in summer bears highly scented yellow flowers moist soil sun partial shade. hgt.3m
<i>Teucrium chamaedrys</i>	A bushy aromatic subshrub with glossy light green leaves. Clusters of mauve-pink flowers from mid-summer to early autumn.
<i>Thalictrum aquilegiifolium</i>	An erect airy perennial with dainty leaves and fluffy deep lilac flowers in early summer.
<i>Thalictrum flavum</i>	An erect clump-forming perennial with dainty leaves and heads of fragrant yellow flowers in summer.
<i>Thalictrum flavum</i> ssp. <i>glaucum</i>	An erect clump-forming perennial with glaucous blue-green, dainty leaves and heads of fragrant sulphur-yellow flowers in summer.
<i>Thalictrum delavayi</i>	An erect clump-forming perennial with dainty leaves and lilac flowers with yellowish white stamens in early summer.
<i>Thalictrum delavayi</i> 'Hewitt's Double'	An erect clump-forming perennial with dainty leaves and double lilac-mauve flowers in early summer.
<i>Thymus serpyllum</i> <i>coccineus</i>	A mat-forming alpine with creeping stems, narrow very dark green leaves. Whorls of crimson-pink flowers from late spring to mid-summer.
<i>Thymus vulgaris</i> 'Silver Posie'	A bushy subshrub alpine with grey-green leaves variegated white. Pale lilac-pink flowers from late spring to mid-summer.
<i>Thymus serpyllum</i> 'Russetings'	A mat-forming alpine with creeping stems, narrow very dark green leaves. Rosy red flowers from late spring to mid-summer.
<i>Thymus serpyllum</i> 'Pink Chintz'	A mat-forming alpine with creeping stems, narrow grey-green leaves. Whorls of pale pink flowers from late spring to mid-summer.
<i>Thymus serpyllum</i> 'Minimus'	A mat-forming alpine with creeping stems, narrow green leaves. Whorls of pink flowers from late spring to mid-summer.
<i>Thymus serpyllum</i> 'Goldstream'	A mat-forming alpine with creeping stems, variegated green leaves. Mauve flowers from late spring to mid-summer.
<i>Thymus serpyllum</i> var. <i>albus</i>	A mat-forming alpine with creeping stems, narrow green leaves. Whorls of white flowers from late spring to mid-summer.
<i>Thymus serpyllum</i>	A mat-forming alpine with trailing stems, narrow mid-green leaves. Whorls of purple flowers in summer.
<i>Thymus doerfleri</i> 'Bressingham'	A mat-forming subshrub with fragrant, grey-green leaves. Clear pink flowers in summer.
<i>Thymus x citriodorus</i> 'Silver Queen'	A bushy subshrub with green leaves, margined cream. Pretty pale lavender-pink flowers in summer.

Wood Cottage Nursery. Plant Encyclopedia

Thymus x citriodorus 'Aureus'	A bushy subshrub with mid-green leaves suffused yellow. Pretty pale lavender-pink flowers in summer.	
Thymus x citriodorus 'Archer's Gold'	A bushy subshrub with green and gold leaves. Pretty mauve-pink flowers in summer.	
Thymus x citriodorus	A bushy subshrub with mid-green leaves. Pretty pale lavender-pink flowers in summer.	
Tiarella hybrid Inkblot	Foliage dark green with distinctive dark-red blotches near the center. Pink flowers. hgt 35. cms	
Tiarella cordifolia	A spreading perennial with attractive pale green leaves, bronze-tinted in autumn. Creamy white, star-shaped flowers in late spring or early summer.	
Tiarella wherryi	A spreading perennial with attractive maroon-tinted, pale green leaves. White flowers sometimes pink tinged in late spring or early summer.	
Tiarella hybrid Tiger Stripe	Light-green foliage with red veins soft pinky-white flowers.	
Tilia 'Petiolaris'	A broadly columnar tree with weeping branches with dark green leaves, white-hairy beneath. Pendent clusters of fragrant yellow flowers in late summer.	
Tilia platyphyllos	A broadly columnar tree with dark green leaves, paler beneath. Pendent clusters of pale yellow flowers in mid-summer.	
Tilia cordata	A broadly columnar tree with rounded dark green leaves, blue-green beneath. Produces clusters of pale yellow flowers in mid-summer.	
Tilia x euchlora	A rounded tree with glossy, dark green leaves, pale green beneath. Clusters of yellowish white flowers in mid-summer.	
Tilia cordata 'Greenspire'	A conical tree with rounded dark green leaves, blue-green beneath. Produces clusters of pale yellow flowers in mid-summer.	
Trachelospermum jasminoides	A twining climber with glossy dark green leaves, turning bronze-red in winter. Pure white flowers from mid to late summer.	£ 2.50
Tradescantia x andersoniana Sylvana		
Tradescantia virginiana 'Caerulea Plena'	A clump-forming perennial with narrow green leaves and double light blue flowers in summer.	
Tradescantia x andersoniana 'Zwanenburg Blue'	An erect arching perennial with narrow green leaves and clusters of large dark blue flowers in summer and early autumn.	£ 1.50
Tradescantia x andersoniana 'Purple Dome'	An erect arching perennial with narrow green leaves and clusters of large rich purple flowers in summer and early autumn.	
Tradescantia x andersoniana 'Osprey'	An erect arching perennial with narrow green leaves and clusters of large white flowers in summer and early autumn.	
Tradescantia x andersoniana 'Karminglut' CARMINE GLOW	An erect arching perennial with narrow green leaves and clusters of carmine-red flowers in summer and early autumn.	
Tradescantia x andersoniana 'Isis'	An erect arching perennial with narrow green leaves and clusters of large dark blue flowers in summer and early autumn.	

Wood Cottage Nursery. Plant Encyclopedia

Tradescantia x andersoniana 'Iris Prichard'	An erect arching perennial with narrow green leaves and clusters of white flowers shaded pale blue in summer and early autumn.
Tradescantia x andersoniana Marielle	
Tradescantia x andersoniana Charlotte	
Tradescantia Carmine Glow	
Tradescantia Danielle	
Tradescantia Concord Grape	Rich purple flowers with frosty greeny-blue foliage
Tradescantia Billberry Ice	Soft purple flowers blended with white edges.
Tradescantia x andersoniana 'Innocence'	An erect arching perennial with narrow green leaves and clusters of pure white flowers in summer and early autumn.
Tradescantia Little Doll	HGT.45cms. with light-blue flowers
Tricyrtis Formosana Gilt Edge	Large variegated dark-green leaves with narrow, irregular yellow-cream margins. deep pink spotted flowers.hgt. 60cms
Tricyrtis Hirta Tojen	Large lilac-pink flowers with white centers. hgt50cms
Tricyrtis formosana	An erect perennial with softly hairy stems and glossy dark green leaves.
Tricyrtis formosana Stolonifera	An erect perennial with softly hairy stems and glossy dark green leaves.
Tricyrtis latifolia White Towers	White flowers early than others. hgt 50cms.
Tricyrtis macropoda	An erect perennial with pale green leaves. White or creamy yellow flowers, spotted purple from late summer to early autumn.
Tricyrtis hirta 'Miyazaki'	An erect perennial with hairy pale green leaves. Funnel-shaped, white flowers, spotted lilac-purple from late summer to mid-autumn.
Tricyrtis 'White Towers'	An erect perennial with hairy pale green leaves. Upward-facing white flowers in the leaf axils from late summer to autumn.
Trillium cernuum	A choice perennial with handsome mid-green leaves with conspicuous veining. Pale pink or sometimes white or reddish brown flowers in spring.
Trillium erectum	A choice perennial with handsome mid-green leaves. Deep purple-red or sometimes white or yellow flowers in spring.
Trillium grandiflorum alba	A choice perennial with handsome dark green leaves. Pure white flowers fading to pink in spring.

Wood Cottage Nursery. Plant Encyclopedia

Trillium Grandiflorum beige	Wake Robin, Trinity Flower, Wood Lily. A choice perennial with handsome dark green leaves.nice clear yellow flowers in spring. Height 40cm. Spread 30cm.
Trollius chinensis 'Golden Queen'	A clump-forming perennial with open, deep yellow flowers with a central tuft of rich orange in mid-summer.
Trollius x cultorum 'Earliest of All'	A clump-forming perennial with glossy deeply divided leaves. Clear yellow flowers in mid-spring.
Trollius x cultorum 'Lemon Queen'	A clump-forming perennial with glossy deeply divided leaves. Pale yellow flowers in late spring and early summer.
Trollius x cultorum 'Orange Princess'	A clump-forming perennial with glossy deeply divided leaves. Orange-yellow flowers in late spring and early summer.
Trollius europaeus	A clump-forming perennial with deeply divided leaves. Lemon-yellow flowers in early and mid-summer.
Tulbaghia violacea	A clump-forming perennial with narrow greyish green leaves. Fragrant lilac pink flowers from mid-summer to early autumn.
Ugni molinae	An upright shrub or tree with glossy dark green leaves. Fragrant, pink-tinged, white flowers in late spring, followed by dark red berries in autumn.
Uncinia rubra	An evergreen perennial with pretty greenish red to rich reddish brown leaves. Narrow spikes of brown to black flowers from mid to late summer.
Uniola paniculata	
Uvularia grandiflora	A choice perennial with downward pointing mid-green leaves. Pendent yellow flowers sometimes flushed green from late spring to early summer.
Verbascum Summer Sorbet	Very dark purple buds open to lavender purple flowers. hgt 60cms
Verbascum Bannana & Custard	Bright yellow flowers on long stems. hgt 150cms
Verbascum Arctic Summer	Wooly leaves white flowers.hgt150cms
Verbascum Hybrid Jolly Ice	Large white flowers with soft-pink flushes and maroon eyes. hgt. 120 cms.
Verbascum Hybrid Helen Johnson	Salmon-Peach flowers. hgt. 120cms
Verbascum Hybrid Jackie	Short cultivar 40cms. with pale- apricot flowers.
Verbascum Snow Maiden	Pure white flowers with yellow stamens. june to sept. hgt 180cms
Verbascum Caribbean Crush	Salmon flowers with dark centers. hgt 50cms
Verbascum Raspberry Ripple	Purple buds open up to nice pink flowers with a darker center. hgt60cms

Wood Cottage Nursery. Plant Encyclopedia

Verbascum 'Gainsborough'	A semi-evergreen perennial with rosettes of grey-green wrinkled leaves. Erect spikes of saucer-shaped, soft yellow flowers in summer.
Verbascum blattaria	A biennial with rosettes of green leaves. Erect stems of yellow flowers in summer.
Verbascum chaixii	A semi-evergreen perennial with rosettes of grey hairy, mid-green leaves. Erect stems of saucer-shaped pale yellow flowers with a purple eye from mid to late summer.
Verbascum 'Helen Johnson'	A semi-evergreen perennial with rosettes of downy, grey-green leaves. Erect spikes of saucer-shaped light pinkish brown flowers with a purple eye in summer.
Verbascum 'Cotswold Queen'	A semi-evergreen perennial with grey-green wrinkled leaves. Erect spikes of saucer-shaped yellow flowers with a purple eye in summer.
Verbascum 'Pink Domino'	A semi-evergreen perennial with rosettes of purplish green wrinkled leaves. Erect spikes of saucer-shaped deep rose-pink flowers with a darker eye in summer.
Verbascum Copper Rose	Silky blooms in a range of colours from apricot to copper. June to sept. hgt 120cms
Verbascum olympicum	A semi-evergreen perennial with rosettes of grey woolly, mid-green leaves. Erect white-woolly, branching stems of saucer-shaped golden yellow flowers in summer.
Verbascum phoeniceum	A biennial or short-lived perennial with rosettes of wrinkled, veined, dark green leaves.
Verbena hastata	An upright perennial with toothed leaves. Pretty violet-blue to pinkish purple or white flowers from early summer to early autumn.
Verbena bonariensis	A tall erect perennial with pretty clusters of lilac-purple flowers from mid-summer to early autumn.
Veronica spicata 'Rotfuchs' RED FOX	A mat-forming perennial with toothed green leaves. Erect spikes of pinkish red flowers in summer.
Veronica spicata 'Heidekind'	A mat-forming perennial with toothed green leaves. Erect spikes of pretty pink flowers in summer.
Veronica spicata	A mat-forming perennial with toothed green leaves. Erect spikes of bright blue flowers in summer.
Veronica Blue Indigo	Deep blue flowers and dark green foliage. hgt 50cms
Veronica Longifolia Blue John	Dark blue flowers above dark green foliage. hgt 50cms
Veronica longifolia	An upright perennial with narrow mid-green leaves. Spikes of lilac-blue flowers in late summer and early autumn.
Veronica prostrata	A dense, mat-forming alpine with narrow bright to mid-green leaves. Short spikes of pale to deep blue flowers in early spring to mid-summer.
Veronica austriaca ssp. teucrium 'Crater Lake Blue'	An upright perennial with greenish leaves. Upright stems of intense deep blue flowers in summer.
Veronica Royal Pink	Soft pink flowers. hgt40cms

Wood Cottage Nursery. Plant Encyclopedia

Veronica austriaca ssp. teucrium	A mat-forming perennial with greyish green leaves. Upright stems of deep bright blue flowers in summer.
Veronica Teucrium	deep blue flowers. hgt25cms
Veronica peduncularis 'Georgia Blue'	A mat-forming perennial with glossy, purple-tinged, mid-green leaves, bronze in winter. Deep blue flowers in spring and summer. Very free-flowering.
Veronica gentianoides	A mat-forming perennial with rosettes of dark green leaves. Upright stems of pale blue flowers in early summer.
Veronica austriaca 'Ionian Skies'	A low mound-forming perennial with glossy dark green leaves. Spikes of mid-blue flowers in early summer.
Veronica prostrata 'Mrs Holt'	A dense, mat-forming alpine with narrow bright to mid-green leaves. Short spikes of pale to deep pink flowers in early spring to mid-summer.
Veronica reptans	A creeping, mat-forming alpine with glossy bright green leaves. Short spikes of white or pale blue flowers from mid to late spring.
Veronica Longifolia Lilac Fantasy	Bluish-lilac flowers. hgt 50cms
Veronica 'Shirley Blue'	A mat-forming perennial with greyish green leaves. Upright stems of vivid blue flowers from late spring to mid-summer.
Veronicastrum virginicum Fascination	Two tone flowers purple on top lilac pink bottom. hgt 110cms
Veronicastrum Virginicum Spring Dew	15" long racemes of white flowers. Hgt 100 cms
Veronicastrum virginicum Apollo	Redish-purple candle like flowers and dark foliage.hgt 100cms
Viburnum opulus 'Roseum'	A rounded shrub with dark green leaves, purple tinted in autumn. Globular heads of creamy white flowers from late spring to early summer.
Viburnum opulus 'Xanthocarpum'	A bushy shrub with dark green leaves turning red in autumn. Small white flowers from late spring to early summer, followed by fleshy bright yellow fruit.
Viburnum plicatum 'Mariesii'	A bushy shrub with tiered branches. Dark green leaves turn purple-red in autumn. White flowers in late spring.
Viburnum tinus 'Variegatum'	A compact shrub with dark green leaves, variegated with creamy yellow.
Viburnum tinus 'Lucidum'	A compact shrub with very glossy dark green leaves. Clusters of white flowers from early to mid-spring, followed by dark blue-black fruit.
Viburnum opulus 'Aureum'	A bushy shrub with bright yellow leaves turning green. Small white flowers from late spring to early summer, followed by fleshy bright red fruit.
Viburnum tinus 'Gwenllian'	A compact shrub with dark green leaves. Clusters of pink-flushed, white flowers open from dark pink buds, from late winter to spring, followed by dark blue-black fruit.
Viburnum tinus 'Eve Price'	A compact shrub with dark green leaves. Clusters of white flowers open from carmine-pink buds, from late winter to spring, followed by dark blue-black fruit.

Wood Cottage Nursery. Plant Encyclopedia

Viburnum tinus 'Purpureum'	A compact shrub with dark green leaves, purple tinted when young. Clusters of white flowers from late winter to spring, followed by dark blue-black fruit.
Viburnum x bodnantense	An upright shrub with dark green leaves, bronze when young. Fragrant, tubular rich rose-red to white-pink flowers, on bare stems from late autumn to spring.
Viburnum opulus	A British native shrub with dark green leaves turning red in autumn. Small white flowers from late spring to early summer, followed by fleshy bright red fruit.
Viburnum davidii (Female)	A bushy shrub with veined, dark green leaves. Clusters of tiny white flowers in late spring, followed by metallic-blue fruit. Both male and female plants needed to produce fruit.
Viburnum davidii	A bushy shrub with veined, dark green leaves. Clusters of tiny white flowers in late spring, followed by metallic-blue fruit. Both male and female plants needed to produce fruit.
Viburnum x burkwoodii	A rounded shrub with glossy, dark green leaves. Clusters of fragrant, white flowers from mid to late spring, followed by red fruit, ripening to black in autumn.
Viburnum x burkwoodii 'Anne Russell'	A compact, rounded shrub with glossy, dark green leaves. Clusters of fragrant, white flowers from mid to late spring, followed by red fruit, ripening to black in autumn.
Viburnum x bodnantense 'Charles Lamont'	An upright shrub with dark green leaves, bronze when young. Fragrant, tubular pure pink flowers, on bare stems from late autumn to spring.
Viburnum Opulus Sterile	
Viburnum Fragrans	
Viburnum Farrars pink	
Viburnum Opulus Notcutt's Variety	
Viburnum tinus	A compact shrub with dark green leaves. Clusters of white flowers from late winter to spring, followed by dark blue-black fruit.
Viburnum davidii [Male]	A bushy shrub with veined, dark green leaves. Clusters of tiny white flowers in late spring, followed by metallic-blue fruit. Both male and female plants needed to produce fruit.
Viburnum x globosum 'Jermyns Globe'	A dense shrub with narrow, leathery dark green leaves. Masses of white flowers in late spring, followed by bluish black fruit.
Viburnum lantana	A British native shrub with grey-green leaves often turning red in autumn. Small white flowers from late spring to early summer, followed by red fruit ripening to black.
Viburnum x bodnantense 'Dawn'	An upright shrub with dark green leaves, bronze when young. Fragrant, tubular rose tinted dark pink flowers, on bare stems from late autumn to spring.
Vinca major	An evergreen shrub with arching stems of dark green leaves. Dark violet or violet-blue flowers produced from mid-spring to autumn.
Vinca major 'Maculata'	An evergreen shrub with arching stems of dark green leaves with a yellow green centre. Dark violet or violet-blue flowers produced from mid-spring to autumn.
Vinca major 'Variegata'	An evergreen shrub with arching stems of dark green leaves, margined creamy white. Dark violet or violet-blue flowers produced from mid-spring to autumn.

Wood Cottage Nursery. Plant Encyclopedia

- Vinca minor**
A mat-forming evergreen shrub with trailing stems of dark green leaves. Violet-blue, pale blue or reddish purple flowers produced from mid-spring to autumn.
- Viola cornuta 'Alba'**
A spreading, perennial with masses of white flowers on very long stems from spring to summer.
- Viola 'Irish Molly'**
A spreading, short-lived perennial with masses of dark gold and brown flowers in summer.
- Viola 'Jackanapes'**
A spreading, clump-forming perennial with pretty two-tone flowers with chocolate-brown top petals and yellow petals below in late spring and summer.
- Viola 'Molly Sanderson'**
A spreading, perennial with masses of jet black flowers with a yellow eye in summer.
- Viola sororia 'Freckles'**
A low-growing perennial with rounded dark green leaves. White flowers heavily speckled with violet-purple in spring and summer. Self-seeds freely.
- Viola 'Columbine'**
A spreading, perennial with masses of white flowers striped with violet-mauve with a yellow eye in summer.
- Viola 'Bowles' Black'**
A spreading, perennial with masses of velvety darkest purple, almost black flowers suffused with a golden eye from spring to early autumn.
- Vitis 'Brant'**
A woody climber with bright green leaves, turning bronzed in autumn. Produces large bunches of blue-black grapes in autumn.
- Waldsteinia ternata**
A spreading perennial with bright green leaves and saucer-shaped bright yellow flowers in late spring and early summer.
- Weigela florida 'Foliis Purpureis'**
A spreading shrub with bronze-green leaves. Funnel-shaped, dark pink flowers, pale pink to white in the throat from late spring to early summer.
- Weigela Briant Rubidor**
- Weigela florida goldrush**
- Weigela 'Looymansii Aurea'**
A spreading shrub with arching stems of golden yellow leaves, narrowly margined red. Bell-shaped, pale pink flowers, from late spring to early summer.
- Weigela japonica 'Dart's Colourdream'**
A spreading shrub with bright green leaves. Bell-shaped flowers change colour as they age but appear red, pink and white from late spring to early summer.
- Weigela 'Florida Variegata'**
A spreading shrub with grey-green leaves, margined white. Funnel-shaped, dark pink flowers, from late spring to early summer.
- Weigela 'Bristol Ruby'**
An upright shrub with dark green leaves. Bell-shaped, dark red flowers open from very dark red buds from late spring to early summer.
- Weigela 'Abel Carrière'**
A spreading shrub with dark green leaves. Bell-shaped, dark pinkish red flowers, flecked yellow in the throat from late spring to early summer.
- Weigela Bristol Snowflake**
- Yucca filamentosa**
A clump-forming shrub with rosettes of rigid, dark green leaves, margined with curly white hairs.

Wood Cottage Nursery. Plant Encyclopedia

Yucca flaccida 'Ivory'

A clump-forming shrub with rosettes of rigid, dark blue-green leaves.

Zenobia pulverulenta

A spreading shrub with arching branches of glossy, dark green leaves. Upright spikes of pendent, bell-shaped, scented white flowers from early to mid-summer.
